At a hearing held under this section, the board shall give all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. The board may make rules for the orderly conduct of the hearing but need not require compliance with the rules of evidence or procedure applicable to hearings held under section 13 [69-4820] of this act.

History: En. Sec. 134, Ch. 197, L. 1967; amd. Sec. 12, Ch. 21, L. 1971.

Amendments

The 1971 amendment inserted "or rules made, revoked or modified" in the first and second sentences; inserted "daily" before "newspaper of general circulation";

substituted "board" for "council" in two instances; substituted "proposed action" for "classification or standard" at the end of the second sentence; added the last sentence of the first paragraph and the present second paragraph; and made a minor change in punctuation.

69-4815 to 69-4819. Repealed.

Repeal

Sections 69-4815 to 69-4819 (Secs. 135 to 139, Ch. 197, L. 1967), relating to pro-

cedure for rehearing, appeal and injunction, were repealed by Sec. 22, Ch. 21, Laws 1971.

69-4820. Violation of chapter or rule—notice to violator—hearing before board—notice, procedure, order, rehearing. (1) When the department has reason to believe that a violation of this chapter or a rule made under it has occurred, it may have written notice served personally or by mail on the alleged violator or his agent. The notice shall state the provision alleged to be violated, the facts alleged to constitute the violation, the nature of corrective action which the department requires, and the time within which the action is to be taken. For the purposes of this chapter, service by mail is complete on the date of mailing.

(2) In a notice given under subsection (1) of this section, the department may require the alleged violator to appear before the board for a public hearing and to answer the charges made against him. The hearing shall be held no sooner than fifteen (15) days after service of the notice, except that the board may set an earlier date for hearing if it is requested to do so by the alleged violator. The board may set a later date for hearing at the request of the alleged violator if the alleged violator shows good cause for delay.

(3) If the department does not require an alleged violator to appear before the board for a public hearing, he may request the board to conduct the hearing. The request shall be in writing and shall be filed with the department no later than thirty (30) days after service of a notice under subsection (1) of this section. If a request is filed, a hearing shall be held within a reasonable time.

(4) If a hearing is held under this section, it shall be public and shall, if the board considers it practicable, be held in a county in which the violation is alleged to have occurred.

(5) After a hearing or on failure of an alleged violator to make a timely request for a hearing, the board may issue an appropriate order for the prevention, abatement, or control of pollution. It shall state the date or dates by which a violation shall cease and may prescribe timetables for necessary action in preventing, abating, or controlling the pollution. The alleged violator may petition the board for a rehearing, on the basis of new evidence, which petition the board may grant for good cause shown.

(6) In addition to or instead of issuing an order, the board may direct the department to initiate appropriate action for recovery of a penalty under section 69-4823.

History: En. Sec. 13, Ch. 21, L. 1971; amd. Sec. 65, Ch. 349, L. 1974; amd. Sec. 8, Ch. 455, L. 1975.

Amendments

The 1974 amendment substituted "department" for "executive officer" in the second sentence of subsection (3); deleted provisions pertaining to the conduct of the hearing by the board and the attendance of witnesses; deleted a second sentence in subsection (5) which read: "The order shall

be accompanied by a statement of the board's findings, reasons, and conclusions upon all material issues of fact, law, or discretion"; inserted "direct the department to" following "the board may" in subsection (6); and made minor changes in phraseology and punctuation.

The 1975 amendment substituted "may have written notice" for "shall have written notice" in the first sentence of subsection (1).

69-4820.1. Additional sanctions authorized. (1) In addition to all other remedies created by this act, the department is authorized to take appropriate enforcement action on its own initiative to:

- (a) prevent, abate, and control the pollution of state waters;
- (b) prevent, abate, and control any violation of a condition or limitation imposed by a permit issued under 69-4809.1(1)(a); or
- (c) prevent, abate, and control any violation of rules relating to pre-treatment standards.

(2) In furtherance of subsection (1), a person violating a condition, limitation, standard, or other requirement established pursuant to this chapter may be served with a compliance order issued by the department. The order must specify the condition, limitation, standard, or other requirement violated and must set a time for compliance. However, in establishing a time for compliance, the department shall take into account the seriousness of the violation and any good faith efforts that have been made to comply with the condition, limitation, standard, or other requirement that has been violated. The compliance order issued under this section shall be either personally served by a person qualified to perform service under the Montana rules of civil procedure or by certified mail.

(3) The department is authorized to commence a civil action seeking appropriate relief, including a permanent or temporary injunction, for a violation which would be subject to a compliance order under subsection (2). An action under this subsection may be commenced in the district court of the county in which the defendant is located or resides or is doing business or any county where a violation occurs or is threatened if the defendant cannot be located in Montana, and the court shall have jurisdiction to restrain the violation and to require compliance.

(4) A person found to be in violation of a condition, limitation, standard, or other requirement established pursuant to this section shall be subject to the penalty provisions of 69-4823.

(5) For the purpose of this subsection, the term "person" shall mean, in addition to the definition contained in 69-4802, any responsible corporate officer.

History: En. 69-4820.1 by Sec. 5, Ch. 506, L. 1973; amd. Sec. 9, Ch. 455, L. 1975; amd. Sec. 10, Ch. 140, L. 1977; amd. Sec. 4, Ch. 308, L. 1977; amd. Sec. 5, Ch. 444, L. 1977.

Compiler's Notes

This section was amended three times in 1977 by Chs. 140, 308, and 444. Since the amendments do not appear to conflict, the code commissioner has made a composite section embodying the changes made by all amendments.

Amendments

The 1975 amendment inserted "on its own initiative" in the first paragraph of subsection (1); inserted "In furtherance of subsection (1) of this section" at the beginning of subsection (2); substituted "chapter" for "section" in subsection (2); substituted "authorized representative" for "authorized employee" in the last sentence of subsection (2); and made minor changes in phraseology.

Chapter 140, Laws of 1977, substituted "69-4809.1 (1) (a)" at the end of subdivision (1) (b) for "section 69-4806, R.C.M. 1947"; and made minor changes in phraseology, punctuation and style.

Chapter 308, Laws of 1977, inserted "or any county where a violation occurs or is threatened if the defendant cannot be located in Montana" in the second sentence of subsection (3).

Chapter 444, Laws of 1977, substituted "either personally served by a person qualified to perform service under the Montana rules of civil procedure or by certified mail" at the end of subsection (2) for "personally served by an authorized representative of the department"; and made a minor change in phraseology.

Service of Compliance Order

Service of compliance order upon the city clerk was sufficient to notify the city of its duty to comply, and therefore proper, notwithstanding that Rule 4D(2)

(g), M. R. Civ. P., requires service upon the mayor when a city is sued; in proceedings under it, the special provisions of the Water Pollution Act prevail over

inconsistent provisions in the Rules of Civil Procedure. *State ex rel. Department of Health & Environmental Sciences v. City of Livingston*, — M —, 548 P 2d 155.

69-4821. Judicial remedies—review by district court. (1) An appeal of an order of the board shall be in the district court of the county in which the alleged source of pollution is located.

(2) A person interested in the order may intervene, in the manner provided by the Rules of Civil Procedure, if he shows good cause. An intervenor is a party for the purposes of this chapter.

(3) The attorney general shall represent the board if requested, or the department may appoint special counsel for the proceedings, subject to the approval of the attorney general.

(4) The initiation of an action for review or the taking of an appeal does not stay the effectiveness of any order of the board, unless the court finds that there is probable cause to believe:

(a) That refusal to grant a stay will cause serious harm to the affected party, and

(b) That any violation found by the board:

(i) Will not continue, or

(ii) If it does continue, any harmful effects on state waters will be remedied immediately on the cessation of the violation.

(5) If a court does not stay the effectiveness of an order of the board, it may enforce compliance with that order by issuing a temporary restraining order or an injunction at the request of the board.

History: En. Sec. 15, Ch. 21, L. 1971; amd. Sec. 66, Ch. 349, L. 1974.

Amendments

The 1974 amendment deleted provisions pertaining to the procedure on petition for review of an order of the board by the

district court, the determinations by the court, and authorizing appeal from the district court decision to the supreme court; substituted "department may appoint" for "board may appoint" in subsection (3); and made minor changes in phraseology and punctuation.

69-4822. Confidentiality of records. Any information concerning sources of pollution which is furnished to the board or department or which is obtained by either of them is a matter of public record and open to public use. However, any information unique to the owner or operator of a source of pollution which would, if disclosed, reveal methods or processes entitled to protection as trade secrets, shall be maintained as confidential if so determined by a court of competent jurisdiction. The owner or operator shall file a declaratory judgment action to establish the existence of a trade secret, if he wishes such information to enjoy confidential status. The department shall be served in any such action, and may intervene as a party therein. Any information not intended to be public when submitted to the board or department shall be submitted in writing and clearly marked as confidential. The data describing physical and chemical characteristics of a waste discharged to state waters shall not be considered confidential. The board may use any information in compiling or publishing analyses or summaries relating to water pollu-

tion, if such analyses or summaries do not identify any owner or operator of a source of pollution or reveal any information which is otherwise made confidential by this section.

History: En. Sec. 16, Ch. 21, L. 1971; amd. Sec. 10, Ch. 455, L. 1975.

Amendments

The 1975 amendment substituted "reveal methods or processes entitled to protection as trade secrets, shall be maintained as confidential if so determined by a court of confidential jurisdiction" at the end of the second sentence for "tend to weaken his competitive position shall be confidential unless he expressly agrees to its publication or availability to the general public

or unless such information is introduced as evidence in a hearing before the board"; inserted the third sentence; and deleted from the end of the next to the last sentence "except that the party supplying the information to the board may apply to the board for confidential status for the information so supplied, and the board shall determine that the disclosure of said information is in the public interest prior to the disclosure to the public of said information."

69-4823. Penalties for violation of provisions, rule, permit, effluent standard, or order—purpose and construction of chapter. (1) A person who violates this chapter or a rule, permit, effluent standard, or order issued under the provisions of this act shall be subject to a civil penalty not to exceed ten thousand dollars (\$10,000). Each day of violation constitutes a separate violation.

(2) A person who willfully or negligently violates section 69-4806, R. C. M. 1947, or any pretreatment standard established pursuant to this act is guilty of an offense and subject to a fine not to exceed twenty-five thousand dollars (\$25,000) per day of violation or by imprisonment for not more than one (1) year or both. Following an initial conviction under this subsection, subsequent convictions shall subject a person to a fine of not more than fifty thousand dollars (\$50,000) per day of violation, or imprisonment for not more than two (2) years, or both.

(3) Action under subsection (1) of this section does not bar enforcement of this chapter or of rules or orders issued under it by injunction or other appropriate remedy. The department shall institute and maintain any enforcement proceedings in the name of the state.

(4) A purpose of this chapter is to provide additional and cumulative remedies to prevent, abate, and control the pollution of state waters. This chapter does not abridge or alter rights of action or remedies in equity or under the common law or statutory law, criminal or civil, nor does this chapter or an act done under it estop the state or a municipality or person as owners of water rights or otherwise in the exercise of their rights in equity or under the common law or statutory law to suppress nuisances or to abate pollution.

(5) Fines collected shall be deposited to the state general fund.

(6) Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan or other document filed or required to be maintained under this act or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required to be maintained under this act shall upon conviction be punished by a fine of not more than ten thousand dollars (\$10,000), or by imprisonment for not more than six (6) months, or both.

(7) In a civil action initiated by the department under this act, the department may ask for and the court is authorized to assess a violator for the cost of the investigation or monitoring survey which led to the establishment of the violation, and any expense incurred by the state in removing, correcting or terminating any of the adverse effects upon water quality resulting from the unauthorized discharge of pollutants.

History: En. Sec. 17, Ch. 21, L. 1971; amd. Sec. 6, Ch. 506, L. 1973; amd. Sec. 67, Ch. 349, L. 1974; amd. Sec. 11, Ch. 455, L. 1975.

The 1974 amendment substituted "department" for "board" in the second sentence of subsection (3) and made numerous minor changes in phraseology and punctuation.

69-4824. Emergencies. Notwithstanding any other provisions of this chapter, if the department finds that a person is committing or is about to commit an act in violation of this chapter or an order or rule issued under it which, if it occurs or continues, will cause substantial pollution the harmful effects of which will not be remedied immediately after the commission or cessation of the act, the department shall order the person to stop, avoid, or moderate the act so that the substantial injury will not occur. The order shall be effective immediately upon receipt by the person to whom it is directed, unless the department provides otherwise. Notice of the order shall conform to the requirements of 69-4820(1) so far as practicable; the notice shall indicate that the order is an emergency order. Upon issuing such an order, the department shall fix a place and time for a hearing before the board, not later than 5 days thereafter, unless the person to whom the order is directed shall request a later time. The department may deny a request for a later time if it finds that the person to whom the order is directed is not complying with the order. The hearing shall be conducted in the manner specified in 69-4820. As soon as practicable after the hearing, the board shall affirm, modify, or set aside the order of the department. The order of the board shall be accompanied by the statement specified in 69-4820(5). An action for review of the order of the board may be initiated in the manner specified in 69-4821. History: En. 69-4824.1 by Sec. 7, Ch. 506, L. 1973.

69-4825. Injunctions. The department may bring an action for an injunction against the continuation of an alleged violation of the terms or conditions of a permit issued by the department or any rule or effluent standard promulgated under this chapter or against a person who fails to comply with an emergency order issued by the department under section 69-4824 or a final order of the board. The court to which the department applies for an injunction may issue a temporary injunction, if it finds that there is reasonable cause to believe that the allegations of the department are true, and it may issue a temporary restraining order pending action on the temporary injunction.

History: En. Sec. 19, Ch. 21, L. 1971;

municipal officers and employees, including sanitarians and other employees of local department of health, shall co-operate with the council, board and department, in furthering the purposes of this chapter, so far as is practicable and consistent with their other duties.

A subdivision shall comprise only those parcels of less than 20 acres which have been created by a division of land, and the plat thereof shall show all such parcels, whether contiguous or not; provided, however, condominiums constructed on land divided in compliance with the Montana Subdivision and Platting Act and this chapter are exempt from provisions of this chapter.

Amendments

The 1973 amendment completely rewrote this section, including subdivision (1); and added subdivisions (2) through (6).

The 1975 amendment substituted "land so divided, which creates one (1) or more parcels containing less than twenty (20) acres" for "land so divided, into two (2) or more parcels, whether contiguous or not, any of which is ten (10) acres or less" near the beginning of subdivision (1); deleted "without regard to the method of descriptions thereof" after "exclusive of public roadways" in subdivision (1); de-

The plat of a subdivi-

sion so created shall show all of the parcels segregated from the original tract whether contiguous or not"; deleted former subdivision (1)(a) which read "'subdivision' shall include any condominium or areas providing multiple space for camping trailers, house trailers, or mobile homes, regardless of the size of the parcel of land upon which the same is situated"; and made minor changes in phraseology, punctuation and style.

The 1977 amendment substituted "created by a division of land" in the last sentence of subdivision (1) for "segregated from the original tract"; inserted "or the construction of water supply or sewage or solid waste disposal facilities" in subdivision (4); added "and any pipes, conduits, or other stationary method by which water, sewage, or solid wastes might be transported or distributed" at the end of subdivision (5); added subdivision (7); and made minor changes in phraseology, punctuation and style.

69-5003. Approval of plans for facilities in subdivisions. (1) Outside master planning areas adopted pursuant to 11-3801 through 11-3856, a person may not file a subdivision plat with a county clerk and recorder, make disposition of a lot within a subdivision, erect any facility for the supply of water or disposal of sewage or solid waste, erect a building or shelter in a subdivision which requires facilities for the supply of water or disposal of sewage or solid waste, or occupy a permanent building in a subdivision until the department has indicated that the subdivision is subject to no sanitary restriction.

(2) Within master planning areas adopted pursuant to 11-3801 through 11-3856, a subdivision is not subject to sanitary restrictions when the local governing body certifies that municipal facilities for the supply of water and disposal of sewage and solid waste will be provided for the subdivision as provided in subsection (5) of this section. In this case, department approval is not necessary.

(3) To the extent that municipal facilities for the supply of water or disposal of sewage or solid waste are not to be provided for a subdivision as certified to by the governing body, the person wishing to subdivide must obtain department approval as provided in subsection (7)(a).

(4) Until the local governing body has certified that a subdivision is to be provided with municipal facilities for a supply of water and disposal of sewage and solid waste or that the department has indicated that the subdivision is subject to no restrictions, a person may not file a subdivision plat with a county clerk and recorder, make disposition of any lot within a subdivision, erect any facility for the supply of water or disposal of sewage or solid waste, erect any building or shelter in a subdivision which requires facilities for the supply of water or disposal of sewage or solid waste, or occupy any permanent buildings in a subdivision.

(5) When a subdivision is reviewed under the master plan provisions of 69-5003, the local governing body shall, within 20 days after receiving an application under the subdivision and platting act distribute the lot fees as determined by subsection (12) and shall send notice of certification to the department that a subdivision has been submitted for approval and that municipal facilities for the supply of water and disposal of sewage and solid waste will be provided for the subdivision. The notice of certification shall include the following:

(a) the name and address of the applicant;

(b) a copy of the preliminary plat or a final plat where a preliminary plat is not necessary;

(c) the number of proposed parcels in the subdivision;

(d) a copy of any applicable zoning ordinances in effect;

(e) how construction of the sewage disposal and water supply systems or extensions will be financed;

(f) a copy of the master plan, if one has not yet been submitted to the department;

(g) the relative location of the subdivision to the city or town; and

(h) certification that adequate municipal facilities for the supply of water and disposal of sewage and solid waste are available or will be provided within 1 year after the notice of certification is issued.

(6) The exclusions provided for in this section shall not relieve any person of the duty to comply with the requirements of the public water supply act, Title 69, chapter 49.

(7) A county clerk and recorder may not accept a subdivision plat for filing until one of the following conditions has been met:

(a) The person wishing to file the plat has obtained approval of the local health officer having jurisdiction and has filed the approval with the department; and the department has indicated by stamp or certificate, that it has approved the plat and plans and specifications and that the subdivision is subject to no sanitary restriction whenever department approval is necessary; or

(b) Whenever department approval is not necessary, the person wishing to file the plat has obtained a certificate from the governing body that the subdivision is inside a master planning area and will be provided with municipal facilities for the supply of water and disposal of sewage and solid waste.

(8) When a subdivision as defined in this chapter is excluded from the provisions of 11-3862, except 11-3862(9), and the subdivision is otherwise subject to the provisions of this chapter, plans and specifications of the subdivision as defined in this chapter shall be submitted to the department and the department shall indicate by certificate that it has approved the plans and specifications and that the subdivision is not subject to a sanitary restriction. The plan review by the department shall be as follows:

(a) At any time after the developer has submitted an application under the subdivision and platting act, the developer shall present to the department a preliminary plan of the proposed development, whatever information the developer feels necessary for its subsequent review, and information required by the department.

(b) The department must give final action of the proposed plan within 60 days, unless an environmental impact statement is required, at which time this deadline may be increased to 120 days.

(9) A person may not construct or use a facility which deviates from the plans and specifications filed with the department until the department has approved the deviation.

(10) A subdivision excluded from the provisions of Title 11, chapter 38, shall be submitted for review by the department according to the provisions of this chapter, except that the following divisions are not subject to review by the department:

- (a) the exclusions cited in 11-3862(9) and 11-3862(10);
- (b) divisions made for the purpose of acquiring additional land to become part of an approved parcel, provided that no dwelling or structure requiring water or sewage disposal is to be erected on the additional acquired parcel; and
- (c) divisions made for purposes other than the construction of water supply or sewage and solid waste disposal facilities as the department specifies by rule.

(11) Within 90 days after July 1, 1977, the department and the department of community affairs shall prepare and distribute a joint application form that can be used by an applicant to apply for approval of a subdivision under the provisions of this act and the provisions of Title 11, chapter 38. When an application is received by either the department or a local government, the department or local government is responsible for forwarding the appropriate parts of the application to the other entity. The review required by Title 69, chapter 50, and the provisions of Title 11, chapter 38, shall occur concurrently.

(12) The department shall adopt rules to determine the distribution of lot fees between the local governing body and the department as provided in 69-5005.

Compiler's Notes

This section was amended twice in 1977, once by Ch. 140 and once by Ch. 554. Since the amendments do not appear to conflict, the code commissioner has made a composite section embodying the changes made by both amendments.

Amendments

The 1973 amendment completely rewrote this section. For prior law, see parent volume.

The 1975 amendment substituted "until the department has indicated that the subdivision is subject to no sanitary restriction" at the end of subsection (1) for "when the status of the subdivision is conditional"; designated the last part of former subsection (1) as subsection (2); inserted subsection (3); and redesignated former subsection (2) as subsection (4).

Chapter 140, Laws of 1977, made minor changes in phraseology, punctuation and style.

Chapter 544, Laws of 1977, inserted "Outside master planning areas adopted pursuant to 11-3801 through 11-3856" at the beginning of the section; inserted

"erect any facility for the supply of water or disposal of sewage or solid waste" in subsection (1); inserted subsections (2) through (6) and renumbered former subsections (2) through (4) accordingly; added "one of the following conditions has been met" at the end of the introductory paragraph of subsection (7); added "when-ever department approval is necessary; or" at the end of subdivision (7)(a); inserted subdivision (7)(b); inserted "At any time after the developer has submitted an application under the subdivision and platting act" at the beginning of subdivision (8)(a); added "and information required by the department" at the end of the first sentence of subdivision (8)(a); deleted a second sentence of subdivision (8)(a) which read "Within sixty (60) days of this submission, based upon its receipt by the department, the department shall notify the developer if the material submitted is satisfactory to determine if sanitary restrictions are necessary and if not what additional information is required for subsequent action by the department"; deleted former subdivisions (3)(b) and (3)(c) reading "(b) If additional information is necessary to determine if sanitary restrictions are necessary no further processing will be made on the request until the mission information is made available to the department by the developer. (c) The department must notify

the developer within thirty (30) days if his submission of additional requested material is satisfactory. If the material is not satisfactory, the provision of subsection (b) shall apply"; redesignated former subdivision (3)(d) as subdivision (8)(b); deleted "After the department has notified the developer that they have all the necessary information required for review" at the beginning of subdivision (8)(b); added subsections (10) to (12); and made minor changes in phraseology, punctuation and style.

69-5005. Rules for administration and enforcement of chapter. (1) The department shall adopt reasonable rules, including adoption of sanitary standards, and setting forth fees, not to exceed \$25 per parcel for services rendered in the review of plats and subdivisions necessary for administration and enforcement of this chapter.

(2) The rules and standards shall provide the basis for approving subdivision plats for various types of water, sewage facilities, and solid waste disposal, both public and private, and shall be related to size of lots, contour of land, porosity of soil, ground water level, distance from lakes, streams, and wells, type and construction of private water and sewage facilities, and other factors affecting public health and the quality of water for uses relating to agriculture, industry, recreation, and wildlife.

(3) The rules shall further provide for:

(a) the furnishing to the department of a copy of the plat and other documentation showing the layout or plan of development, including:

(c) evidence concerning the potability of the proposed water supply for the subdivision;

(d) adequate evidence that a sewage disposal facility is sufficient in terms of capacity and dependability;

(e) standards and technical procedures applicable to storm drainage plans and related designs, in order to insure proper drainage ways;

(f) standards and technical procedures applicable to sanitary sewer plans and designs, including soil percolation testing and required percolation rates and site design standards for on-lot sewage disposal systems when applicable;

(i) requiring evidence to establish that, if a public sewage disposal system is proposed, provision has been made for the system and, if other methods of sewage disposal are proposed, evidence that the systems will comply with state and local laws and regulations which are in effect at the time of submission of the preliminary or final plan or plat;

(j) a schedule of fees to be paid by the applicant for plat or subdivision review to the department for deposit in the agency fund provided for

in section 79-410. The fees shall be used for review of plats and subdivisions based on the complexity of the subdivision, including but not limited to:

- (i) number of lots in the subdivision;
- (ii) the type of water system to serve the development;
- (iii) the type of sewage disposal to serve the development; and
- (iv) the degree of environmental research necessary to supplement the review procedure.

(4) A fee as described in this section is not required for the review of subdivisions in which divisions are made for the purpose of relocating common boundary lines unless the division will result in the installation of additional water supply or sewage disposal facilities.

(5) The department shall delegate to a local government the authority to review a subdivision under Title 69, chapter 50, when the subdivision involves five or fewer parcels and the local government has qualified personnel to adequately review the water supply and sewage and solid waste disposal facilities proposed for the subdivision, in delegating authority pursuant to this subsection, the department shall enter into an agreement with the local government wherein the department shall agree to transfer not less than \$10 of the fee per parcel collected pursuant to this section to the local government for the review of subdivisions containing five or fewer parcels. When a local government has conducted a review of a subdivision containing five or fewer parcels pursuant to this section, it shall advise the department of its recommendation for approval or disapproval of the subdivision. The department shall, within 10 days after receiving the recommendation of the local government, make a final decision on the subdivision.

Compiler's Notes

Section 111, Ch. 349, Laws 1974, substi-

tuted "department" in these sections for "director."

69-5906. Operator of treatment plant or distribution system to be certified—certification of operators certified by other agency. Water and waste water treatment plants and water distribution systems, whether publicly or privately owned, must be under the supervision of an operator whose competency is certified to by the department in a grade corresponding to the classification of that portion of the water or waste water supply system to be supervised. However, this chapter does not prevent a governmental agency, corporation, or individual from continuing to employ in this capacity a person in responsible charge of the operation of such works on July 1, 1967. Certificates of proper classification may be issued without examination to the person or persons certified by the governing board or owner to have been in responsible charge of the water and waste water plants and water distribution systems on the effective date of the act. A certificate so issued will be valid only in that plant. The board may consider for recommendation for certification the holder of a certificate issued by a governmental agency or equivalent certification board of another state, on presentation to the board of satisfactory evidence that the applicant is in responsible charge of works located in this state requiring a certified operator and that he has successfully passed an examination at least equivalent to that required under section 69-5903(3) and section 69-5905.

History: En. Sec. 6, Ch. 239, L. 1967; amd. Sec. 87, Ch. 349, L. 1974.

69-5907. Issuance of operators' certificates—display—annual renewal—revocation—termination of employment—reinstatement of certificate. The department shall issue certificates attesting to the competency of operators. The certificates shall include the classification of the works which the operator is qualified to supervise. The certificate shall be prominently displayed in the office of the operator.

(1) Certificates continue in effect unless revoked by the department, but remain the property of the department and the certificate shall so state. A certificate shall be renewed annually by payment of the proper fee.

(2) The department may revoke the certificate of an operator following a hearing by the department, when it is found that the operator has practiced fraud or deception; that reasonable care, judgment, or the application of his knowledge or ability was not used in the performance of his duties; or that the operator is incompetent or unable to properly perform his duties. A person who has his certificate revoked by the department may appeal to the board for a rehearing within ten (10) days of notification by the department, after which time the revocation proceedings are no longer applicable and revocation of the certificate becomes final.

(3) Operators who terminate employment may retain their certificate for two (2) years, providing that all other requirements are met. After two (2) years, a certificate is automatically invalidated. Operators whose certificates are invalidated under this chapter may be issued new certificates

of like classification provided appropriate proof of competency is presented to the board. Successful completion of an examination may be required at the discretion of the board.

History: En. Sec. 7, Ch. 239, L. 1967; amd. Sec. 88, Ch. 349, L. 1974.

A person desiring to engage in the operation of a water treatment plant, water distribution system, or waste water treatment plant shall first file an application with the department for a proper certificate. The department shall charge a fee, of the same amount as the license cost set forth in section 69-5909, for the filing of each application and shall not act on an application until the fee has been paid. Filing and certification fees shall be deposited with the state treasurer in the "Board of Water and Waste Water Operators Account" in the department earmarked revenue fund and shall be used to pay the expenses of the board and department under this chapter. Moneys may be invested in accordance with procedures of investment of state moneys. In granting the certificates, the department shall give due regard to the interest of this state in protecting the drinking water supplies and the quality of its water.

Class I—twenty dollars (\$20)

Class II—fifteen dollars (\$15)

Class III—ten dollars (\$10)

Class IV—five dollars (\$5)

Class V—three dollars (\$3)

A certificate issued after July 1 expires the following June 30. If a certificate holder does not apply for a renewal of his certificate before July 1 and remit to the department the necessary renewal fee, he shall have his certificate suspended by the board. If the certificate remains suspended for a period of more than thirty (30) days it shall be revoked by the board; however, the board, before this revocation, shall notify the certificate holder

by certified mail at the address on the issued certificate of its intention to revoke, at least ten (10) days before the time set for action to be taken by the board on the certificate. A certificate once revoked may not be reinstated unless it appears that an injustice has occurred through error or omission or other fact or circumstances indicating to the board that the certificate holder was not guilty of negligence or laches. If a person whose certificate has been revoked through his own fault desires to continue as a water or waste water plant operator, he must make application to the department under section 69-5908. Successful completion of an examination may be required at the discretion of the board. Notice of suspension shall be given to certificate holder when the suspension occurs and to the proper official or owner of the treatment works or distribution system.

which a minor may validly consent to receive medical or surgical care.

The 1977 amendment inserted the subsection (1) designation at the beginning of the section; redesignated former subdivisions (1) through (4) as subdivisions (1) (a) through (1)(d); inserted "If emergency care is rendered" at the beginning of the last sentence of subdivision (1)(d);

substituted "under the circumstances mentioned in this subsection (1)" for "in conditions mentioned in subsections (1), (2), (3), or (4) of this section" at the end of subdivision (1)(d); redesignated former subdivisions (5) and (6) as subsections (2) and (3); and made minor changes in phraseology, punctuation and style.

69-6102. Divulgence of information by physician. (1) A treating physician or other health professional, may, but shall not be obligated to, inform the spouse, parent, custodian or guardian of any such minor in the circumstances as enumerated in section 69-6101, of any treatment given or needed when:

(a) in the judgment of the health professional severe complications are present or anticipated; or

(b) major surgery or prolonged hospitalization is needed; or

(c) failure to inform the parent, parents, or legal guardian would seriously jeopardize the safety and health of the minor patient, younger siblings, or the public; or

(d) to inform them would benefit the minor's physical and mental health and family harmony; or

(e) the hospital desires a third-party commitment to pay for services rendered or to be rendered.

(2) Notification or disclosure to the spouse, parent, parents, or legal guardian by the health professional shall not constitute libel or slander, a violation of the right of privacy, a violation of the rule of privileged communication or any other legal basis of liability. When the minor is found not to be pregnant, or not afflicted with venereal disease, or not suffering from a drug or substance abuse, including alcohol, then no information with respect to any appointment, examination, test, or other health procedure shall be given to the parent, parents, or legal guardian, if they have not been already informed as permitted in this act, without the consent of the minor.

History: En. Sec. 2, Ch. 189, L. 1969; amd. Sec. 2, Ch. 312, L. 1974.

Amendments

The 1974 amendment rewrote this section to insert the references to "health

professional" and to redefine the circumstances under which the treating physician or other health professional is not obligated to inform the spouse, parent, custodian or guardian of a minor of treatment given or needed.

69-6103. Financial responsibility of a consenting minor. Consent of the minor shall not be subject to later disaffirmance or revocation because of minority. The spouse, parent, parents, or legal guardian of a consenting minor shall not be liable for payment for such service unless the spouse, parent, parents, or legal guardian have expressly agreed to pay for such care. The minor so consenting for such health services shall thereby assume financial responsibility for the cost of said services except those who are proven unable to pay and who receive the services in public institutions. If the minor is covered by health insurance, payment may be applied for services rendered.

History: En. Sec. 3, Ch. 189, L. 1969; amd. Sec. 3, Ch. 312, L. 1974.

Amendments

The 1974 amendment rewrote this sec-

tion which provided that the act applied to a minor who professed to be in need of services even if the minor's suspicions of pregnancy or venereal disease were not subsequently substantiated.

69-6104. Emergencies and special situations when consent requirements differ. (1) Any health professional may render or attempt to render emergency service or first aid, medical, surgical, dental, or psychiatric treatment without compensation to any injured person or any person regardless of age who is in need of immediate health care when, in good faith, the professional believes that the giving of aid is the only alternative to probable death or serious physical or mental damage.

(2) Any health professional may render nonemergency services to minors for conditions which will endanger the health or life of the minor if services would be delayed by obtaining consent from spouse, parent, parents, or legal guardian.

(3) No consent shall be required of any minor who does not possess the mental capacity or who has a physical disability which renders him incapable of giving his consent and who has no known relatives or legal guardians if a physician determines the health service should be given.

(4) Self-consent of minors shall not apply to sterilization or abortion.

History: En. Sec. 4, Ch. 189, L. 1969; amd. Sec. 4, Ch. 312, L. 1974.

Amendments

The 1974 amendment rewrote this section which read: "Any consent given pur-

suant to the provisions of this act by a minor shall not be deemed to be valid if, following a delivery or other termination of a pregnancy, it is determined that surgery not directly connected with the pregnancy is required or shall be requested."

69-6105. Immunity and responsibility of hospital, public clinic or physician. (1) No physician, surgeon, dentist, health or mental health care facility may be compelled to treat a minor on his own consent against their best judgment.

(2) Nothing contained in this section shall be construed to relieve any physician, surgeon, dentist, health or mental health care facility from liability for negligence in the diagnosis and treatment rendered such minor.

History: En. Sec. 5, Ch. 189, L. 1969; amd. Sec. 5, Ch. 312, L. 1974.

Amendments

The 1974 amendment rewrote this section which read: "In any case arising under the provisions of this act the hospital, public clinic, or physician, licensed

to practice medicine in this state, who provides the care or services or who performs medical or surgical care or services shall incur no civil or criminal liability by reason of having provided the care or services, but such immunity shall not apply to any negligent acts or omissions."

History: En. 69-6105.1 by Sec. 6, Ch. 312, L. 1974.

69-6106. Psychiatric or psychological counseling under urgent circumstances. When executed by a minor, the consent to the providing of psy-

chiatric or psychological counseling by a physician or psychologist licensed to practice in this state, under circumstances when the need for such counseling is urgent in the opinion of the physician or psychologist involved because of danger to the life, safety, or property of a minor or of other person or persons, and the consent of the spouse, parent, custodian, or guardian of the minor cannot be obtained within a reasonable time to offset the danger to life or safety, shall be as valid and binding as if the minor had achieved majority. That is, such minor has the same legal capacity to act and the same legal obligations with regard to the giving of such consent as a person of full legal age and capacity, and such consent may not be subject to later disaffirmance by reason of such minority. The consent of no other person or persons (including but not limited to a spouse, parent, custodian, or guardian) is necessary in order to authorize the psychiatric or psychological counseling of such minor. However, no parent may be obligated for the cost of such counseling without his consent.

History: En. Sec. 1, Ch. 315, L. 1971; amd. Sec. 24, Ch. 100, L. 1977.

except that such immunity shall not apply to negligent acts or omissions.

69-6107. Immunity of physician or psychologist. In any case arising under the provisions of this act the physician or licensed psychologist who provides the psychiatric or psychological counseling services shall incur no civil or criminal liability by reason of having provided the counseling services, but such immunity shall not apply to any negligent acts or omissions.

Title of Act

An act to establish a state policy for

the environment and to establish an environmental quality council and setting forth its powers and duties and providing an effective date.

69-6502. Purpose of act. The purpose of this act is to declare a state policy which will encourage productive and enjoyable harmony between man and his environment; to promote efforts which will prevent or eliminate damage to the environment and biosphere and stimulate the health and welfare of man; to enrich the understanding of the ecological systems and natural resources important to the state; and to establish an environmental quality council.

History: En. Sec. 2, Ch. 238, L. 1971.

69-6503. Declaration of state policy for the environment. The legislative assembly, recognizing the profound impact of man's activity on the interrelations of all components of the natural environment, particularly the profound influences of population growth, high-density urbanization, industrial expansion, resource exploitation, and new and expanding technological advances and recognizing further the critical importance of restoring and maintaining environmental quality to the overall welfare and development of man, declares that it is the continuing policy of the state of Montana, in co-operation with the federal government and local governments, and other concerned public and private organizations, to use all practicable means and measures, including financial and technical assistance, in a manner calculated to foster and promote the general welfare, to create and maintain conditions under which man and nature can coexist in productive harmony, and fulfill the social, economic, and other requirements of present and future generations of Montanans.

(a) In order to carry out the policy set forth in this act, it is the continuing responsibility of the state of Montana to use all practicable means, consistent with other essential considerations of state policy, to improve and co-ordinate state plans, functions, programs, and resources to the end that the state may—

(1) fulfill the responsibilities of each generation as trustee of the environment for succeeding generations;

(2) assure for all Montanans safe, healthful, productive, and esthetically and culturally pleasing surroundings;

(3) attain the widest range of beneficial uses of the environment

without degradation, risk to health or safety, or other undesirable and unintended consequences;

(4) preserve important historic, cultural, and natural aspects of our unique heritage, and maintain, wherever possible, an environment which supports diversity and variety of individual choice;

(5) achieve a balance between population and resource use which will permit high standards of living and a wide sharing of life's amenities; and

(6) enhance the quality of renewable resources and approach the maximum attainable recycling of depletable resources.

(b) The legislative assembly recognizes that each person shall be entitled to a healthful environment and that each person has a responsibility to contribute to the preservation and enhancement of the environment.

History: En. Sec. 3, Ch. 238, L. 1971.

69-6504. General directions to state agencies. The legislative assembly authorizes and directs that, to the fullest extent possible.

(a) The policies, regulations, and laws of the state shall be interpreted and administered in accordance with the policies set forth in this act, and

(b) all agencies of the state shall

(1) utilize a systematic, interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts in planning and in decision making which may have an impact on man's environment;

(2) identify and develop methods and procedures, which will insure that presently unquantified environmental amenities and values may be given appropriate consideration in decision making along with economic and technical considerations;

(3) include in every recommendation or report on proposals for projects, programs, legislation and other major actions of state government significantly affecting the quality of the human environment, a detailed statement on—

(i) the environmental impact of the proposed action,

(ii) any adverse environmental effects which cannot be avoided should the proposal be implemented,

(iii) alternatives to the proposed action,

(iv) the relationship between local short-term uses of man's environment and the maintenance and enhancement of long-term productivity, and

(v) any irreversible and irretrievable commitments of resources which would be involved in the proposed action should it be implemented.

Prior to making any detailed statement, the responsible state official shall consult with and obtain the comments of any state agency which has jurisdiction by law or special expertise with respect to any environmental impact involved. Copies of such statement and the comments and views of the appropriate state, federal, and local agencies, which are

authorized to develop and enforce environmental standards, shall be made available to the governor, the environmental quality council and to the public, and shall accompany the proposal through the existing agency review processes.

(4) study, develop, and describe appropriate alternatives to recommend courses of action in any proposal which involves unresolved conflicts concerning alternative uses of available resources;

(5) recognize the national and long-range character of environmental problems and, where consistent with the policies of the state, lend appropriate support to initiatives, resolutions, and programs designed to maximize national co-operation in anticipating and preventing a decline in the quality of mankind's world environment;

(6) make available to counties, municipalities, institutions, and individuals, advice and information useful in restoring, maintaining, and enhancing the quality of the environment;

69-6505. Review of statutory authority and administrative policies to determine deficiencies or inconsistencies. or

(c) to act, or refrain from acting contingent upon the recommendations or certification of any other state or federal agency.

C. M. 1947, of the Montana Environmental Policy Act. An agency must determine within thirty (30) days after a completed application is filed whether it will be necessary to compile an environmental impact statement and assess a fee as prescribed by this section. The fee assessed under this section shall only be used to gather data and information necessary to compile an environmental impact statement as defined in the Montana Environmental Policy Act. No fee may be assessed if an agency intends only to file a negative declaration stating that the proposed project will not have a significant impact on the human environment.

(2) In prescribing fees to be assessed against applicants for a lease, permit, contract, license, or certificate, as specified in subsection (1), an agency may adopt a fee schedule which may be adjusted depending upon the size and complexity of the proposed project. No fee may be assessed unless the application for a lease, permit, contract, license, or certificate will result in the agency incurring expenses in excess of two thousand five hundred dollars (\$2,500) to compile an environmental impact statement. The maximum fee that may be imposed by an agency shall not exceed two per cent (2%) of any estimated cost up to one million dollars (\$1,000,000); plus one per cent (1%) of any estimated cost over one million dollars (\$1,000,000) and up to twenty million dollars (\$20,000,000); plus one-half of one per cent ($\frac{1}{2}$ of 1%) of any estimated cost over twenty million dollars (\$20,000,000) and up to one hundred million dollars (\$100,000,000); plus one-quarter of one per cent ($\frac{1}{4}$ of 1%) of any estimated cost over one hundred million dollars (\$100,000,000) and up to three hundred million dollars (\$300,000,000); plus one-eighth of one per cent ($\frac{1}{8}$ of 1%) of any estimated cost in excess of three hundred million dollars (\$300,000,000). If an application consists of two (2) or more facilities, the filing fee shall be based on the total estimated cost of the combined facilities. The estimated cost shall be determined by the agency and the applicant at the time the application is filed.

(3) No fee as prescribed by this section may be assessed against any person, corporation, partnership, firm, association, or other private entity filing an application for a certificate under the provisions of the Montana Utility Siting Act, Title 70, chapter 8, R. C. M. 1947.

(4) In adopting rules prescribing fees as authorized by this section,

an agency shall comply with the provisions of the Montana Administrative Procedure Act, Title 82, chapter 42, R. C. M. 1947.

(5) All fees collected under this section shall be deposited in the state earmarked revenue fund as provided in section 79-410, R. C. M. 1947. All fees paid pursuant to this section shall be used as herein provided and each agency upon completion of the necessary work will make an accounting to the applicant of the funds expended and refund all unexpended funds without interest.

(6) In cases where a combined facility proposed by an applicant requires action by more than one (1) agency or multiple applications for the same facility, the governor shall designate a lead agency to collect one (1) fee pursuant to this section, to co-ordinate the preparation of information required for all environmental impact statements which may be required, and to allocate and disburse the funds necessary to the other agencies which require funds for the completion of the necessary work.

(7) Each agency shall review and revise its rules imposing fees as authorized by this section at least every two (2) years. Furthermore, each agency shall provide the legislature with a complete report on the fees collected prior to the time that a request for an appropriation is made to the legislature.

History: En. 69-7101 by Sec. 1, Ch. 394,
L. 1975.

Title of Act

An act to regulate the intrastate distribution and sale of hazardous substances

intended or suitable for use by the general public; to investigate and evaluate general use hazardous substances and resulting accidents as they relate to public health; and providing for an effective date.

69-7102. Definitions. In this act the following definitions apply:

(1) "Department" means the department of health and environmental sciences provided for in Title 82A, chapter 6.

(2) "Person" includes an individual, partnership, corporation, or association or his legal representative or agent.

(3) "Commerce" means all commerce within this state and subject to the jurisdiction thereof and includes the operation of any business or service establishment.

(4) (a) "Hazardous substance" means:

(i) a substance or mixture of substances which:

(A) is toxic;

(B) is corrosive;

(C) is an irritant;

(D) is a strong sensitizer;

(E) is flammable or combustible; or

(F) generates pressure through decomposition, heat, or other means if the substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children;

(ii) substances which the department by rule finds under 69-7103(1) meet the requirements of subsection (4)(a)(i) of this section;

(iii) a radioactive substance if, with respect to the substance as used in a particular class of article or as packaged, the department determines by rule that the substance is sufficiently hazardous to require labeling in accordance with this act in order to protect the public health; or

(iv) a toy or other article intended for use by children which presents an electrical, mechanical, or thermal hazard, as determined by the department by rule in accordance with 69-7103(5).

(b) The term "hazardous substance" does not apply to pesticides subject to the federal Pesticide Environmental Control Act or the Montana Pesticides Act, to foods, drugs, and cosmetics subject to the Montana Food, Drug, and Cosmetic Act, or to substances intended for use as fuels when stored in containers and used in the heating, cooking, or refrigeration system of a house. The term applies, however, to an article which is not itself a pesticide within the meaning of the federal Pesticide Environmental Control Act or the Montana Pesticide Act but which is a hazardous substance within the meaning of subsection (4)(a) of this section by reason of bearing or containing a pesticide. The term also applies to pesticides whenever human health is directly affected from the use or misuse of pesticides requiring an accident investigation for the purpose of preparing recommendations to federal or state pesticide control agencies.

(c) The term "hazardous substance" does not include source material, special nuclear material, or by-product material as defined in the Atomic Energy Act of 1954, as amended, and rules issued pursuant thereto by the atomic energy commission.

(5) "Toxic" means a substance (other than a radioactive substance) which has the capacity to produce personal injury or illness to man through ingestion, inhalation, or absorption through any body surface.

(6) (a) "Highly toxic" means a substance which falls within any of the following categories:

(i) produces death within 14 days in one-half or more of a group of 10 or more laboratory white rats each weighing between 200 and 300 grams at a single dose of 50 milligrams or less per kilogram of body weight when orally administered;

(ii) produces death within 14 days in one-half or more of a group of 10 or more laboratory white rats each weighing between 200 and 300 grams when inhaled continuously for a period of 1 hour or less at an atmosphere concentration of 200 parts per million or less by volume of gas or vapor or 2 milligrams per liter or less by volume of mist or dust if that concentration is likely to be encountered by man when the substance is used in a reasonably foreseeable manner; or

(iii) produces death within 14 days in one-half or more of a group of 10 or more rabbits tested in a dosage of 200 milligrams or less per kilogram of body weight when administered by continuous contact with the bare skin for 24 hours or less.

(b) If the department finds that available data on human experience with a substance indicate results different from those obtained on animals in the above-named dosages or concentrations, the human data shall take precedence.

(7) "Corrosive" means a substance which in contact with living tissue will cause destruction of tissue by chemical action but does not refer to action on inanimate surfaces.

(8) "Irritant" means a substance not corrosive within the meaning of subsection (7) of this section which on immediate, prolonged, or repeated contact with normal living tissue will induce a local inflammatory reaction.

(9) "Strong sensitizer" means a substance which will cause on normal living tissue, through an allergic or photodynamic process, a hypersensitivity.

(10) (a) "Extremely flammable" applies to a substance which has a flash point at or below 20 degrees F, as determined by the tagliabue open cup tester.

(b) "Flammable" applies to a substance which has a flash point above 20 degrees to and including 80 degrees F, as determined by the tagliabue open cup tester.

(c) "Combustible" applies to a substance which has a flash point above 80 degrees to and including 150 degrees F, as determined by the tagliabue open cup tester.

(d) The flammability or combustibility of solids and the contents of self-pressurized containers shall be determined by methods found by the department to be generally applicable to the materials or containers, respectively, and established by rules issued by the department, which rules shall also define the terms "flammable", "combustible", and "extremely flammable" in accord with the methods used.

(11) "Radioactive substance" means a substance which emits ionizing radiation.

(12) "Label" means a display of written, printed, or graphic matter upon the immediate container ("immediate container" does not include package liners) of a substance or, in the case of an article which is unpackaged or is not packaged in an immediate container intended or suitable for delivery to the ultimate consumer, a display of such matter directly upon the article involved or upon a tag or other suitable material affixed thereto. A requirement made by or under authority of this act that a word, statement, or other information appear on the label shall not be considered to be complied with unless the word, statement, or other information also appears:

(a) on the outside container or wrapper, if any, unless it is easily legible through the outside container or wrapper; and

(b) on all accompanying literature where there are directions for use, written or otherwise.

(13) "Misbranded hazardous substance" means a hazardous substance (including a toy or other article intended for use by children which is a hazardous substance or which bears or contains a hazardous substance in such a manner as to be susceptible of access by a child to whom the toy or other article is entrusted) intended or packaged in a form suitable for use by the public or by children which, except as otherwise provided under 69-7103(2) or (3), fails to bear a label:

(a) which states conspicuously:

(i) the name and place of business of the manufacturer, packer, distributor, or seller;

(ii) the common or usual name or the chemical name (if there is not a common or usual name) of the hazardous substance or each component which contributes substantially to its hazard unless the department by rule permits or requires the use of a recognized generic name;

(iii) the signal word "danger" on substances which are extremely flammable, corrosive, or highly toxic;

(iv) the signal word on all other hazardous substances;

(v) an affirmative statement of the principal hazard or hazards, such as:

(A) "flammable";

(B) "combustible";

(C) "vapor harmful";

(D) "causes burns";

(E) "absorbed through skin"; or

(F) similar wording descriptive of the hazard;

(vi) precautionary measures describing the action to be followed or avoided, except when modified by a rule of the department under 69-7103 (2) or (3);

(vii) instruction, when necessary or appropriate, for first-aid treatment;

(viii) "poison" for any hazardous substance which is defined as "highly toxic" by subsection (6) of this section; and

(ix) instructions for handling and storage of packages which require special care in handling or storage such as:

(A) "keep out of the reach of children" or its practical equivalent; or

(B) if the article is intended for use by children and is not a banned hazardous substance, adequate directions for the protection of children from the hazard; and

(b) on which a statement required under subsection (13)(a) of this section is located prominently and is in the English language in conspicuous and legible type in contrast by typography, layout, or color with other printed matter on the label.

(14) (a) "Banned hazardous substance" means:

(i) a toy or other article intended for use by children which is a hazardous substance or which bears or contains a hazardous substance in such a manner as to be susceptible of access by a child to whom the toy or other article is entrusted; or

(ii) a hazardous substance intended or packaged in a form suitable for use by the general public which the department by rule classifies as a banned hazardous substance on the basis of a finding that, notwithstanding such cautionary labeling as is or may be required under this act for that substance, the degree or nature of the hazard involved in the presence or use of the substance by the general public is such that the objective of the protection of the public health and safety can be adequately served only by keeping the substance, when so intended or packaged, out of the channels of commerce.

(b) The department by rule shall exempt from subsection (14)(a)(i) of this section articles such as chemical sets which, by reason of their functional purpose, require the inclusion of the hazardous substance involved or necessarily present an electrical, mechanical, or thermal hazard and which bear labeling giving adequate directions and warnings for safe use and are intended for use by children who have attained sufficient maturity and may reasonably be expected to read and heed the directions and warnings.

(c) Proceedings for the issuance, amendment, or repeal of rules under subsections (14)(a)(ii) and (14)(b) of this section shall be governed by the provisions of subsections (4) and (5) of 69-7103.

(15) An article may be determined to present an electrical hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture may cause personal injury or illness by electric shock.

(16) An article may be determined to present a mechanical hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture presents an unreasonable risk of personal injury or illness:

(a) from fracture, fragmentation, or disassembly of the article;

(b) from propulsion of the article (or a part or accessory thereof);

- (c) from points or other protrusions, surfaces, edges, openings, or closures;
- (d) from moving parts;
- (e) from lack or insufficiency of controls to reduce or stop motion;
- (f) as a result of self-adhering characteristics of the article;
- (g) because the article (or a part or accessory thereof) may be aspirated or ingested;
- (h) because of instability; or
- (i) because of any other aspect of the article's design or manufacture.

(17) An article may be determined to present a thermal hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture presents an unreasonable risk of personal injury or illness because of heat as from heated parts, substances, or surfaces.

(18) "Court" means, in 69-7103(5), the district court for the first judicial district and, in 69-7106 and 69-7107, the district court in the district where the violation occurs.

History: En. 69-7102 by Sec. 2, Ch. 394, L. 1975; amd. Sec. 27, Ch. 187, L. 1977.

Amendments

The 1977 amendment added "provided for in Title 82A, chapter 6" to subdivision

(1); combined subdivisions (12) and (13); redesignated former subdivisions (14) through (19) as subdivisions (13) through (18); changed internal references throughout the section; and made minor changes in phraseology, punctuation and style.

69-7103. Declaration of hazardous substance—labeling requirements—court proceedings. (1) When in the judgment of the department such action will promote the objectives of this act by avoiding or resolving uncertainty as to its application, the department may by rule declare to be a hazardous substance a substance or mixture of substances which the department finds meets the requirements of subsection (4)(a)(i) of 69-7102.

(2) If the department finds that the requirements of 69-7102(13)(a) are not adequate for the protection of the public health and safety in view of the special hazard presented by a hazardous substance, the department may by rule establish such reasonable variations or additional labeling requirements as are necessary for the protection of the public health and safety, and a hazardous substance intended or packaged in a form suitable for use by the general public or by children which fails to bear a label in accordance with the rules is a misbranded hazardous substance.

(3) If the department finds that because of the size of the package involved or because of the minor hazard presented by the substance contained therein or for other good and sufficient reasons full compliance with the labeling requirements otherwise applicable under this act is impracticable or is not necessary for the adequate protection of the public health and safety, the department shall adopt rules exempting the substance from these requirements to the extent of being consistent with adequate protection of the public health and safety.

(4) If the department finds that the hazard of an article subject to this act is such that labeling adequate to protect the public health and

safety cannot be devised or the article presents an imminent danger to the public health and safety, the department may declare the article a banned hazardous substance and require its removal from commerce.

(5) (a) A determination by the department that a toy or other article intended for use by children presents an electrical, mechanical, or thermal hazard shall be made by rule in accordance with this act.

(b) If, before or during a proceeding under subsection (5)(a) of this section, the department finds that because of an electrical, mechanical, or thermal hazard distribution of a toy or other article involved presents an imminent hazard to the public health and the department gives notice of the finding, the toy or other article is a banned hazardous substance for purposes of this act until the proceeding has been completed. If not yet initiated when the notice is given, the proceeding shall be initiated as promptly as possible.

(c) (i) In the case of a toy or other article intended for use by children which is determined by the department to present an electrical, mechanical, or thermal hazard, a person who will be adversely affected by the determination may, at any time before the 60th day after the rule making the determination is issued by the department, file a petition with the court for a judicial review of the determination. A copy of the petition shall be immediately transmitted by the clerk of the court to the department. The department shall file in the court the record of the proceedings on which the department based its determination.

(ii) If the petitioner applies to the court for leave to adduce additional evidence and shows to the satisfaction of the court that the additional evidence is material and that there was no opportunity to adduce the evidence in the proceeding before the department, the court may order the additional evidence (and evidence in rebuttal thereof) to be taken before the department in a hearing or in another manner and upon other terms and conditions as the court considers proper. The department may modify its findings as to the facts or make new findings by reason of the additional evidence so taken, and it shall file the modified or new findings and its recommendation, if any, for the modification or setting aside of its original determination with the return of the additional evidence.

(iii) Upon the filing of the petition under subsection (5)(c) of this section, the court has jurisdiction to review the determination of the department. If the court ordered additional evidence to be taken under subsection (5)(c)(ii) of this section, the court shall also review the department's determination to determine if, on the basis of the entire record before the court under subsections (5)(c)(i) and (5)(c)(ii) of this section, it is supported by substantial evidence. If the court finds the determination is not so supported, the court may set it aside. With respect to a determination reviewed under subsection (5)(c) of this section, the court may grant appropriate relief pending conclusion of the review proceedings.

History: En. 69-7103 by Sec. 3, Ch. 394,
L. 1975; amd. Sec. 28, Ch. 187, L. 1977.

Amendments

The 1977 amendment made minor changes in style, punctuation and phraseology.

69-7104. Prohibited acts. The following acts and the causing thereof are prohibited:

(1) The introduction or delivery for introduction into commerce of any misbranded hazardous substance or banned hazardous substance.

(2) The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the label of, or the doing of any other act with respect to a hazardous substance if such act is done while the substance is in commerce, or while the substance is held for sale (whether or not the first sale) after shipment in commerce, and results in the hazardous substance being a misbranded hazardous substance or a banned hazardous substance.

(3) The receipt in commerce of any misbranded hazardous substance or banned hazardous substance and the delivery or proffered delivery thereof for pay or otherwise.

(4) The giving of a guarantee or undertaking referred to in section 69-7105 (2) (a) which guarantee or undertaking is false, except by a person who relied upon a guarantee or undertaking to the same effect signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous substance.

(5) The failure to permit entry or inspection as authorized by section 69-7110 (1) or to permit access to any copying of any record as authorized by section 69-7111.

(6) The introduction or delivery for introduction into commerce, or the receipt in commerce and subsequent delivery or proffered delivery for pay or otherwise, of a hazardous substance in a reused food, drug, or cosmetic container or in a container which, though not a reused container, is identifiable as a food, drug, or cosmetic container by its labeling or by other identification. The reuse of a food, drug, or cosmetic container as a container for a hazardous substance shall be deemed to be an act which results in the hazardous substance being a misbranded hazardous substance. As used in this paragraph, the terms "food," "drug," and "cosmetic" shall have the same meanings as in the Montana Food, Drug and Cosmetic Act.

(7) The use by any person to his own advantage, or revealing other than to the department or officers or employees of the agency, or to the courts when relevant in any judicial proceeding under this act, of any information acquired under authority of section 69-7110 concerning any method of process which as a trade secret is entitled to protection.

History: En. 69-7104 by Sec. 4, Ch. 394,

69-7105. Penalty—exceptions. (1) A person who violates the provisions of 69-7104 is guilty of a misdemeanor and shall be fined no more than \$500 or be imprisoned for any term not to exceed 90 days, or both. For offenses committed with intent to defraud or mislead or for second and subsequent offenses, the penalty shall be imprisonment for any term not to exceed 1 year or a fine of no more than \$3,000, or both.

(2) No person is subject to the penalties of subsection (1) of this section:

(a) for having violated 69-7104(3) if the receipt, delivery, or proffered

delivery of the hazardous substance was made in good faith unless he refuses to furnish on request of an officer or employee duly designated by the department the name and address of the person from whom he purchased or received the hazardous substance and copies of all documents pertaining to the delivery of the hazardous substance to him; or

(b) for having violated 69-7104(1) if he establishes a guarantee or undertaking signed by and containing the name and address of the person residing in the United States from whom he received in good faith the hazardous substance to the effect that the hazardous substance is not a misbranded or banned hazardous substance within the meaning of those terms in this act.

History: En. 69-7105 by Sec. 5, Ch. 394, L. 1975; amd. Sec. 29, Ch. 187, L. 1977.

Amendments

The 1977 amendment made minor changes in style, punctuation and phraseology.

69-7106. Additional remedies. In addition to the remedies hereinafter provided, the department is authorized to apply to court for, and such court shall have jurisdiction upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person from violating any provision of section 69-7104, irrespective of whether or not there exists an adequate remedy at law.

History: En. 69-7106 by Sec. 6, Ch. 394, L. 1975.

69-7107. Detainer of misbranded or banned hazardous substance. (1) If a duly authorized agent of the department finds or has probable cause to believe that a hazardous substance is misbranded or is a banned hazardous substance within the meaning of this act, he shall affix to the article a tag or other appropriate marking giving notice that the article is or is suspected of being misbranded or is a banned hazardous substance and has been detained or embargoed and warning all persons not to remove or dispose of the article by sale or otherwise until permission for removal or disposal is given by the agent or the court. It is unlawful for a person to remove or dispose of a detained or embargoed article by sale or otherwise without permission.

(2) If an article detained or embargoed under subsection (1) is found by the agent to be misbranded or a banned hazardous substance, he shall petition the judge of the city, justice's, or district court in whose jurisdiction the article is detained or embargoed for an order of condemnation of the article. If the agent finds that an article so detained or embargoed is not misbranded or a banned hazardous substance, he shall remove the tag or other marking.

(3) If the court finds that a detained or embargoed article is misbranded or a banned hazardous substance, the article shall, after entry of the decree, be destroyed at the expense of the claimant thereof under supervision of the agent, and all court costs and fees and storage and other proper expenses are to be taxed against the claimant of the article or his agent. If the misbranding can be corrected by proper labeling of the article, the court, after entry of the decree and after the costs, fees, and

expenses have been paid and a good and sufficient bond, conditioned that the article will be so labeled, has been executed, may by order direct that the article be delivered to the claimant thereof for the labeling under the supervision of an agent of the department. The expense of the supervision shall be paid by the claimant. The article shall be returned to the claimant on the representation to the court by the department that the article is no longer in violation of this act and that the expenses of the supervision have been paid.

History: En. 69-7107 by Sec. 7, Ch. 394, L. 1975; amd. Sec. 30, Ch. 187, L. 1977.

69-7108. Duties of department and county attorney. It is the duty of the department or the county attorney to whom the department reports a violation of this act to cause appropriate proceedings to be instituted in the proper courts without delay and to be prosecuted in the manner required by law. Before a violation of this act is reported to a county attorney for the institution of a criminal proceeding, the person against whom the proceeding is contemplated shall be given appropriate notice and an opportunity to present his views before the department, either orally or in writing and either in person or by attorney, with regard to the contemplated proceeding.

(b) enter a vehicle being used to transport or hold hazardous substances in commerce;

(c) inspect at reasonable times, within reasonable limits, and in a reasonable manner a factory, warehouse, establishment, or vehicle and all

(2) If the officer or employee obtains a sample, prior to leaving the premises he shall pay or offer to pay the owner, operator, or agent in charge for the sample and give a receipt describing the samples obtained.

(3) The department shall conduct investigations of reported accidental injuries, illnesses, and deaths resulting from the use or misuse of all hazardous substances, as defined by 69-7102(4)(a)(i), intended or suitable for use by the general public. Investigations shall evaluate the causative hazardous substance and circumstances of the accident for enforcement of this act. If the offending hazardous substance is a pesticide regulated by another agency under the federal Environmental Pesticide Control Act or the Montana Pesticides Act, the investigation shall yield recommendations to the appropriate regulating agency for appropriate action.

History: En. 69-7111 by Sec. 11, Ch. 394, L. 1975.

69-7112. Department to develop accident prevention and health oriented education programs. The department in co-operation with other state and federal agencies shall develop and conduct appropriate accident prevention and health oriented educational programs. CHAPTER 74—ASBESTOS INSULATION

Section

69-7401. Purpose.

69-7402. Definitions.

69-7403. Standards to follow while demolition is underway.

69-7404. Use of asbestos-containing spray products prohibited.

69-7405. Use of fibrated product or compound—supervisory personnel required.

69-7406. Rulemaking authority.

69-7407. Violations—penalties.

69-7401. Purpose. The purpose of this act is to protect the citizens of Montana from the dangers precipitated by the use of spray materials containing mineral fibers. The legislature finds that if adequate safety precautions are not taken during the spray application of these materials, spraying operations may release a significant quantity of particulate matter into the ambient air. Likewise, the legislature finds the continued unregulated use of sprayed asbestos insulation and the destruction of structures containing asbestos insulation represent a significant threat to the health of workers placed in contact with these fibers and to the health of the community as a whole.

History: En. 69-7401 by Sec. 1, Ch. 570, L. 1977.

Title of Act

An act prohibiting the use of asbestos-containing spray materials in construc-

tion; providing procedures for the demolition of buildings or structures containing asbestos insulation or fireproofing; providing procedure for use of other fibrated product or compound; and providing penalties.

69-7402. Definitions. As used in this act, the following definitions apply:

(1) "Department" means the department of administration.

(2) "Fibrated product" means a substance used in construction, for whatever purpose, which contains asbestos fibers, which tend to disperse into ambient air during application or upon destruction or removal.

(3) "Person" means an individual, firm, corporation, partnership, association, or other legal entity.

History: En. 69-7402 by Sec. 2, Ch. 570,
L. 1977.

69-7403. Standards to follow while demolition is underway. The building or structure to be demolished which contains asbestos insulation or fireproofing must follow the following safeguards:

(a) Whenever possible, the local fire department shall be notified of the demolition.

(b) Signs must be posted in conspicuous locations around the building or structure being demolished warning persons to take proper precautions against exposure to asbestos fibers before entering the area.

(c) Boilers, pipes, and steel members insulated or fireproofed with asbestos must be wetted before toppling of the wall begins. This mandatory procedure applies, where practicable, to all asbestos-lined surfaces.

(d) When demolition by toppling is performed, a reasonable enclosure for dust emission control must be constructed.

(e) Adequate wetting to suppress dust must be performed before and during the demolition or toppling.

(f) Asbestos-containing debris may not be dropped or thrown from any floor and must be transported by dust-tight chutes or buckets with the chutes or buckets sufficiently wetted to prevent dust.

(g) During transportation of the debris, it must be thoroughly wetted before loading and must be enclosed or covered during its transport to prevent dust dispersion.

(h) The asbestos-containing debris must be deposited at a sanitary landfill at which it is unlikely to be disturbed, and signs must be posted around the landfill warning that asbestos-containing debris is buried there.

History: En. 69-7403 by Sec. 3, Ch. 570,
L. 1977.

69-7404. Use of asbestos-containing spray products prohibited. The use of asbestos-containing spray products, for whatever purpose, in the construction of a building or structure is prohibited.

History: En. 69-7404 by Sec. 4, Ch. 570,
L. 1977.

69-7405. Use of fibrated product or compound—supervisory personnel required. Whenever a fibrated product or compound is applied to a surface utilizing a spray or pneumatic means of application, one person must be assigned supervisory authority for all aspects of the operation.

History: En. 69-7405 by Sec. 5, Ch. 570,
L. 1977.

69-7406. Rulemaking authority. The department is granted authority to promulgate rules necessary to accomplish the purposes of this act.

History: En. 69-7406 by Sec. 6, Ch. 570,
L. 1977.

69-7407. Violations—penalties. (1) A person who violates any provision of this act commits a misdemeanor.

(2) A person convicted of violating this act shall be fined no more than \$1,000 or be imprisoned in the county jail for a term not to exceed 60 days, or both.

(3) Each separate occurrence in violation of this act is a separate offense.

History: En. 69-7407 by Sec. 7, Ch. 570,

The commission shall consist of five (5) members who shall be qualified electors of the district from which they are elected with each such member elected from a separate district of the state. At the next general election, there shall be elected five (5) commissioners for said commission except as hereinafter provided. Any commissioner whose term has not expired on the effective date of this act shall continue in office until the end of his term. Each

Any vacancy occurring in the board shall be filled by appointment by the governor, and such appointee shall hold office until the next general election, and until his successor is elected and qualified. At the biennial election following the occurrence of any vacancy in the board, there shall be elected one (1) member to fill out the unexpired term for which such vacancy exists.

Amendments

The 1974 amendment added the provisions pertaining to the election and terms of the members and filling vacancies in the board.

Jurisdiction of Commissioner

District court's writ of prohibition was vacated where it barred board of railroad commissioners, ex officio the public service commission, from performing its duties concerning water company's application to increase rates and charges.

Powers of Commission

Regulation of Montana public service commission limiting the liability of a telephone company arising from errors in or omissions of directory listings to the amount of charges for such of the subscriber's service as is affected during the period covered by the directory in which the error or omission occurs, is reasonable and binding on the subscriber. State ex rel. Mountain States Telephone & Telegraph Co. v. District Court, 160 M 443, 503 P 2d 526.

70-101.1. Public service commission districts. In this state there are five (5) public service commission districts, with one (1) commissioner elected from each district distributed as follows:

First district: Blaine, Chouteau, Daniels, Dawson, Fergus, Garfield, Glacier, Golden Valley, Hill, Liberty, McCone, Musselshell, Petroleum, Phillips, Pondera, Prairie, Richland, Roosevelt, Sheridan, Toole, Valley, and Wibaux counties.

Second district: Big Horn, Carbon, Carter, Custer, Fallon, Powder River, Rosebud, Stillwater, Sweetgrass, Treasure, and Yellowstone counties.

Third district: Broadwater, Cascade, Jefferson, Judith Basin, Lewis and Clark, Meagher, Teton, and Wheatland counties.

Title of Act

An act to amend Section 70-101, R. C. M. 1947, to provide for a five (5) member elected public service commission from five (5) districts apportioned on the basis of population; and repealing Sections 70-102 and 72-101, R. C. M. 1947; and providing for an effective date:

Section 4 of Ch. 339, Laws of 1974 read "This act shall not affect the current terms of commissioners. The incumbent commissioner whose present term of office extends beyond January 1, 1975, shall, within fifteen (15) days after the effective date of this act, designate the district he will serve by written declaration filed with the secretary of state and he shall serve as commissioner from such

designated district to the expiration of such term. A failure by such incumbent commissioner to so designate his district shall subject such commission office to be open to election. The other two incumbent commissioners shall continue to serve to the expiration of such terms without designation of district, provided however, that there shall be elected in the primary and general elections of

1974, four (4) commissioners from the four (4) commission districts open for election."

Repeal

Section 70-102 (Sec. 2, Ch. 52, L. 1913), establishing the railroad commissioners as

ex officio public service commissioners, was repealed by Sec. 24, Ch. 315, Laws of 1974; Sec. 3, Ch. 339, Laws of 1974.

70-103. (3881) "Public utility" defined.

Limited Membership Association Not Public Utility

Defendant association was not public utility where only members were allowed to use water system furnished by associa-

tion, members used system on nonprofit cost-sharing basis and were bound by its rules and regulations. Lockwood Water Users Assn. v. Anderson, — M —, 542 P 2d 1217.

70-104. (3882) Power to prescribe rules of procedure—judicial power.

Automatic Rate Increase Hearings

Commission authorization of automatic adjustment of electric company rates for increases or decreases in price of fuel was fair and equitable exercise of supervisory and regulatory powers of commission. Montana Consumer Counsel v. Public Service Commission, — M —, 541 P 2d 770.

Rate-Increase Hearings

Where electric company applied for increase in utility rates to offset increase in price of fuel in 1974, public service commission was correct in refusing to expand hearing into full-scale examination of general rate structure and rate of return, since commission had held full-scale hearings in 1972. Montana Consumer Counsel v. Public Service Commission, — M —, 541 P 2d 770.

70-104.1. Adoption of rules for rate cases. The commission shall adopt such rules of practice and procedure for the filing, investigation, and hearing of petitions or applications to increase or decrease rates and charges of railroads, motor carriers, and public utilities as the commission finds necessary or appropriate to enable it to reach a final decision in an orderly manner. The rules shall be promulgated and adopted prior to October 31, 1977.

70-106. (3884) Power of commission to ascertain property values. The commission may, in its discretion, investigate and ascertain the value of the property of every public utility actually used and useful for the convenience of the public. The commission is not bound to accept or use

any particular value in determining rates, provided that if any value is used, such value may not exceed the original cost of the property. In making such investigation the commission may avail itself of all information contained in the assessment rolls of various counties, and the public records of the various branches of the state government, or any other information obtainable, and the commission may at any time of its own initiative make a revaluation of such property.

re-en. Sec. 3884, R. C. M. 1921; amd. Sec. 1, Ch. 28, L. 1975.

The 1975 amendment inserted the second sentence.

70-111. (3889) Records and reports of commission. The reports, records, accounts, files, papers, and memoranda of every nature in the possession of the public service commission are open to the public at reasonable times, subject to the exception that when the commission considers it necessary, in the interest of the public, it may withhold from the public any facts or information in its possession for a period of not more than ninety (90) days after the acquisition of the facts or information.

History: En. Sec. 9, Ch. 52, L. 1913; re-en. Sec. 3889, R. C. M. 1921; amd. Sec. 29, Ch. 93, L. 1969; amd. Sec. 7, Ch. 315, L. 1974.

Amendments

The 1974 amendment deleted a first sen-

tence requiring the commission to make reports as provided in section 82-4002 conforming to those of the railroad commission; substituted "public service commission" for "commission" after "possession of the"; and made minor changes in phraseology.

70-113. (3891) Schedules of rates, tolls and charges. Every public utility shall file with the commission, within a time fixed by the commission, schedules which shall be open to public inspection, showing all rates, tolls, and charges which it has established, and which are in force at the time, for any service performed by it within the state, or for any service in connection therewith, or performed by any public utility controlled or operated by it. The rates, tolls, and charges shown on such schedules shall not exceed the rates, tolls, and charges in force at the time of passage of this act. Every public utility shall file with, and as a part of such schedule, all rules and regulations that in any manner affect the rates charged or to be charged for any service. A copy of so much of said schedule as the commission shall deem necessary for the use of the public shall be printed in plain type, and kept on file in every station or office of such public utility, where payments are made by the consumers or users, open to the public, in such form and place as to be readily accessible to the public, and as can be conveniently inspected.

When a schedule of joint rates or charges is or may be in force between two or more public utilities, such schedule shall in like manner be printed and filed with the commission, and so much thereof as the commission shall deem necessary for the use of the public shall be filed in every such station or office as prescribed in the first paragraph of this section.

No change shall thereafter be made in any schedule, including schedules of joint rates, except as approved by the commission or upon the passage of 9 months. Before it may approve any change increasing the rate or rates for utility service in a schedule generally affecting consumers in a utility's

service area or before any change may become effective due to the passage of 9 months, the commission shall publish a notice of the proposed change, conforming to the requirements of section 82-4209(2) in one or more newspapers published and of general circulation within the area affected by the proposed change. This notice shall announce a hearing on the proposed change and shall inform interested persons how they may petition the commission to become parties to the hearing. The commission shall proceed to conduct the hearing under the Montana Administrative Procedure Act. The final decision of the commission in any matter decided after a hearing conducted pursuant to this section shall conform to the requirements of a decision in a contested case under the Montana Administrative Procedure Act. The consumer counsel may in his discretion petition to become a party to the hearing.

Notwithstanding any provision of this title to the contrary, and notwithstanding the existence of and authorization for the office of consumer counsel, the rates, tolls, or charges set forth in any schedule hereafter filed with the commission pursuant to this section shall become effective and be lawful rates, tolls, or charges for the utility service rendered 9 months after the date upon which the schedule was filed under the rules of practice and procedure for filing as adopted by the commission or upon commission approval, whichever shall occur first; provided, however, that if the rates, tolls, or charges become effective because of the passage of 9 months' time, the revenues collected thereunder shall be subject to rebate, plus interest at the rate of 10% per year, to the extent that the rates, tolls, or charges ultimately approved by the commission in its final decision produce revenues which are less than those collected under the filed schedules. The commission may, in its discretion, temporarily approve increases pending a hearing or final decision. If the final decision is to disapprove the increase the commission shall order a rebate to all consumers for the amount collected retroactive to the date of the temporary approval. An order of the commission approving or denying a temporary rate increase shall be an intermediate agency action subject to judicial review under the Montana Administrative Procedure Act.

History: En. Sec. 11, Ch. 52, L. 1913; re-en. Sec. 3891, R. C. M. 1921; amd. Sec. 1, Ch. 115, L. 1975; amd. Sec. 1, Ch. 435, L. 1977; amd. Sec. 1, Ch. 467, L. 1977.

Compiler's Notes

This section was amended twice in 1977, once by Ch. 435 and once by Ch. 467. Since the amendments do not appear to conflict, the code commissioner has made a composite section embodying the changes made by both amendments.

Amendments

The 1975 amendment completely rewrote the third paragraph; and added the fourth paragraph. For prior text, see parent volume.

Chapter 435, Laws of 1977, added "or upon the passage of 9 months" to the first sentence of the third paragraph; inserted "or before any change may become effective

due to the passage of 9 months" in the second sentence of the third paragraph; inserted the fifth sentence of the third paragraph; substituted the first sentence of the last paragraph for a sentence which required the final decision of the commission in any matter decided after a hearing conducted pursuant to this section to conform to the requirements of a decision in a contested case under the Administrative Procedure Act; and made a minor change in phraseology.

Chapter 467, Laws of 1977, rewrote the second sentence of the fourth paragraph which read: "The commission may temporarily approve an increase pending a hearing and final decision"; and added the last sentence of the fourth paragraph.

Effective Dates

Section 2 of Ch. 435, Laws 1977 provided the act should be effective upon its pas-

sage and approval. Approved April 19, 1977.

Section 2 of Ch. 467, Laws 1977 provided the act should be effective on its passage and approval. Approved April 26, 1977.

Automatic Rate Increase Hearings

Commission authorization of automatic adjustment of electric company rates for increases or decreases in price of fuel was fair and equitable exercise of supervisory and regulatory powers of commission. *Montana Consumer Counsel v. Public Service Commission*, — M —, 541 P 2d 770.

Rate-Increase Hearings

Where electric company applied for increase in utility rates to offset increase in price of fuel in 1974, public service commission was correct in refusing to expand hearing into full-scale examination of general rate structure and rate of

return, since commission had held full-scale hearings in 1972. *Montana Consumer Counsel v. Public Service Commission*, — M —, 541 P 2d 770.

Temporary Rate Increase—Determination of Amount

Where the public service commission allowed a temporary gas rate increase equivalent to 6/11ths of the amount requested, based on the commission's calculations that such an amount would be adequate to meet increased costs if the petitioner breached certain "take or pay" contracts, it acted in excess of its authority, since the effect of the order was to force petitioner to break its contracts, incur legal liability on that account, diminish its earnings and deprive consumers of supply. *State ex rel. Power Co. v. Department of Public Service Regulation, Public Service Commission*, — M —, 548 P 2d 136.

70-118. (3896) Repealed.

Repeal

Section 70-118 (Sec. 16, Ch. 52, L. 1913; Sec. 1, Ch. 188, L. 1919), relating to em-

ploying an engineer and other help, and the commission secretary's salary, was repealed by Sec. 24, Ch. 315, Laws of 1974.

70-119. (3897) Complaints against public utility—hearing. Upon a complaint made against any public utility by any mercantile, agricultural, or manufacturing society or club, or by any body politic or municipal organization, or association or associations, the same being interested, or by any person or persons, firm or firms, corporation or corporations, provided such persons, firms, or corporations are directly affected thereby that any of the rates, tolls, charges, or schedule, or any joint rate or rates, are in any way unreasonable or unjustly discriminatory, or that any regulations, measurements, practices, or act whatsoever affecting or relating to the production, transmission, or delivery or furnishing of heat, light, water, or power, or any service in connection therewith, or the conveyance of any telegraph or telephone message, or any service in connection therewith, is in any respect unreasonable, insufficient, or unjustly discriminatory, or that any service is inadequate, the commission shall proceed, with or without notice, to make such investigation as it may deem necessary. But no order affecting such rates, tolls, charges, schedules, regulations, measurements, practice or act complained of, shall be entered without a formal hearing, except the commission may issue an order to provide service to a residential consumer pending a hearing on a complaint by such consumer or by the consumer counsel on behalf of such consumer against a public utility, providing that the hearing is held within twenty (20) days unless further delayed by consent of all parties.

The commission shall give the public utility and the complainant or complainants at least ten days' notice of the time when and the place where such hearing will be held, at which hearing both the complainant and the public utility shall have the right to appear by counsel or otherwise, and be fully heard. Either party shall be entitled to an order by the

commission for the appearance of witnesses or the production of books, papers, and documents containing material testimony. Witnesses appearing upon the order of the commission shall be entitled to the same fees and mileage as witnesses in civil cases in the courts of the state, and the same shall be paid out of the state treasury in the same manner as other claims against the state are paid; but no fees or mileage shall be allowed, unless the chairman of the commission shall certify to the correctness of the claim.

History: En. Sec. 17, Ch. 52, L. 1913; re-en. Sec. 3897, R. C. M. 1921; amd. Sec. 1, Ch. 138, L. 1975.

Amendments

The 1975 amendment added "except the commission may issue an order * * * consent of all parties" at the end of the first paragraph.

Due Process

Where public service commission gave notice of hearing on electric company's application for increased prices to offset increases in its cost, by sending news releases to radio, television and newspapers, and where consumer counsel participated in all proceedings throughout, public was afforded reasonable opportunity to participate prior to final decision of commission; no person was deprived of right to examine documents or observe deliberations; and no person was deprived of property without due process of law. Montana

Consumer Counsel v. Public Service Commission, — M —, 541 P 2d 770.

Jurisdiction

This section gives agency jurisdiction to hold hearings concerning rate increases for utilities even though no increase could be made at the time because of federal wage and price freeze. State ex rel. Department of Public Service Regulation v. District Court, 158 M 88, 488 P 2d 1147.

Rate-Increase Hearings

Where electric company applied for increase in utility rates to offset increase in price of fuel in 1974, public service commission was correct in refusing to expand hearing into full-scale examination of general rate structure and rate of return, since commission had held full-scale hearings in 1972. Montana Consumer Counsel v. Public Service Commission, — M —, 541 P 2d 770.

70-121.1. Advertising and contributions. Costs or expenses incurred by public utilities for advertising, for transfers of funds without full and adequate consideration, for contributions, for donations, and for gifts may not be treated as expenses deductible from income or from capital assets or in any other manner by the public service commission in setting or regulating rates which may be charged by the public utilities, pursuant to Title 70, R. C. M. 1947. This section shall not apply to advertising which encourages the conservation of energy, product safety, or informs the public of the availability of alternative forms of energy or recommends usage at times of lower rates or lower demand. Furthermore, for communications public utilities, the provisions of this section shall not apply to advertising which relates to special equipment that is available to aid the handicapped or to special services that are designed to protect the public health, welfare and safety or promote more efficient use of a communications system.

History: En. 70-121.1 by Sec. 1, Ch. 297, L. 1975.

Title of Act

An act to disallow consideration of advertising expenses and contributions in setting rates charged by public utilities.

70-123. (3901) Repealed.

Repeal

Section 70-123 (Sec. 21, Ch. 52, L. 1913), relating to records of proceedings before

the public service commission or its representatives, was repealed by Sec. 2, Ch. 475, Laws 1977.

70-128. (3906) Action to set aside rates or charges fixed by commission. History: En. Sec. 1, Ch. 327, L. 1973; amd. Sec. 1, Ch. 494, L. 1975.

Title of Act

An act to vest in the department and board of natural resources and conservation the authority to require and review long-range planning by certain utilities, to give approval to energy generation and conversion plant sites and associated fa-

cilities, to require preconstruction certification of such facilities; providing penalties for violation of this act; and providing an effective date.

Amendments

The 1975 amendment substituted "this chapter" for "this act"; and substituted the present short title for "the Montana Utility Siting Act of 1973."

70-802. Policy and legislative findings. It is the constitutionally declared policy of this state to maintain and improve a clean and healthful environment for present and future generations; to protect the environmental life support system from degradation and prevent unreasonable depletion and degradation of natural resources; and to provide for administration and enforcement to attain these objectives.

The legislature finds that the construction of additional power or energy conversion facilities may be necessary to meet the increasing need for electricity, energy, and other products, and that these facilities have an effect on the environment, an impact on population concentration, and an effect on the welfare of the citizens of this state. Therefore, it is necessary to ensure that the location, construction and operation of power and energy conversion facilities will produce minimal adverse effects on the environment and upon the citizens of this state by providing that a power or energy conversion facility may not be constructed or operated within this state without a certificate of environmental compatibility and public need acquired pursuant to this chapter.

70-804. Certificate from board required prior to construction of facility—exemptions. (1) A person may not commence to construct a facility in the state without first applying for and obtaining a certificate of environmental compatibility and public need issued with respect to the facility by the board. license tax and a tax on gasification, liquefaction, and uranium enrichment facilities, was repealed by Sec. 7, Ch. 401, Laws 1977.

70-806. Application for certification—filing and contents—filing fees—notice of completion of facility—further fees—refund—proof of service on municipalities—amendment of application or certification—notice of filing. (1) (a) An applicant for a certificate shall file with the department a

verified application, in such form as the board by rule or the department by order prescribes, containing the following information:

- (i) a description of the location and of the facility to be built thereon;
- (ii) a summary of any studies which have been made of the environmental impact of the facility;
- (iii) a statement explaining the need for the facility;
- (iv) a description of any reasonable alternate location or locations for the proposed facility, a description of the comparative merits and detriments of each location submitted, and a statement of the reasons why the primary proposed location is best suited for the facility; and
- (v) such other information as the applicant considers relevant or as the board by rule or the department by order requires. A copy or copies of the studies referred to in clause (ii) above shall be filed with the department, if ordered, and shall be available for public inspection.

(b) An application may consist of an application for two (2) or more facilities in combination which are physically and directly attached to each other and are operationally a single operating entity.

(2) (a) A filing fee shall be deposited in the earmarked revenue fund for the use of the department in administering this chapter. The applicant shall pay to the department a filing fee with the application, based upon the estimated cost of the facility according to the declining scale which follows: two percent (2%) of any estimated cost up to one million dollars (\$1,000,000); plus one percent (1%) of any estimated cost over a million dollars and up to twenty million dollars (\$20,000,000); plus one-half of one percent (0.5%) of any estimated cost over twenty million dollars (\$20,000,000); and up to one hundred million dollars (\$100,000,000); plus one-quarter of one percent (0.25%) of any amount of estimated cost over one hundred million (\$100,000,000) and up to three hundred million dollars (\$300,000,000); plus one-eighth of one percent (.125%) of any amount of estimated cost over three hundred million dollars (\$300,000,000). The revenues derived from the filing fee shall be used by the department in compiling the information required for rendering a decision on a certificate and for carrying out its other responsibilities under this chapter with respect to the facility covered by the certificate for a period not to exceed five (5) years after the certificate is issued for facilities defined in 70-803 (3)(b) and (c) or not to exceed ten (10) years after the certificate is issued for facilities defined in 70-803 (3)(a), (d), and (e). If an application consists of a combination of two (2) or more facilities, the filing fee shall be based on the total estimated cost of the combined facilities.

(b) The applicant is entitled to an accounting of moneys expended and to a refund of that portion of the filing fee not expended by the department in carrying out its responsibilities under this chapter.

(c) The department may contract with a potential applicant under this chapter, in advance of the filing of a formal application, for the development of information or provision of services required hereunder. Payments made to the department under such a contract shall be credited against the fee payable hereunder.

(3) An application shall be accompanied by proof of service of a copy of the application on the chief executive officer of each municipality

and the head of each government agency, charged with the duty of protecting the environment or of planning land use, in the area in which any portion of the facility is to be located, both as primarily and as alternatively proposed. The copy of the application shall be accompanied by a notice specifying the date on or about which the application is to be filed.

(4) An application shall also be accompanied by proof that public notice thereof was given to persons, residing in the municipalities entitled to receive notice under subsection (3) of this section, by the publication of a summary of the application, and the date on or about which it is to be filed, in those newspapers as will serve substantially to inform those persons of the application.

(5) Inadvertent failure of service on, or notice to, any of the municipalities, government agencies or persons identified in subsections (3) and (4) of this section may be cured pursuant to orders of the department designed to afford them adequate notice to enable their effective participation in the proceeding. In addition, the department may, after filing, require the applicant to serve notice of the application or copies thereof or both upon such other persons, and file proof thereof, as the department may deem appropriate.

(6) An application for an amendment of an application or a certificate shall be in such form and contain such information as the board by rule or the department by order prescribes. Notice of such an application shall be given as set forth in subsections (3) and (4) of this section. If an amendment to an original application would result in a substantial change of the original application, such an amendment shall be considered as a new application and a new filing fee shall be required.

(7) A potential applicant for a certificate may file a notice of intent to file an application for a certificate for a facility defined in 70-803(3) at least 12 months prior to the actual filing of an application. The notice of intent shall specify the type and size of facility to be applied for, its preferred location, a description of reasonable alternative locations, and such information as the board by rule or department by order requires. An applicant complying with this subsection is entitled to a 5% reduction of the filing fee required under subsection (2)(a).

M. 1947, that such relocation will not significantly affect the environment"; and made minor changes in phraseology, punctuation and style.

The 1977 amendment added subsection (7).

70-807. Study, evaluation and report on proposed facility—hearing on application for amendment of certificate—hearings. (1) Upon receipt of an application complying with section 70-806, the department shall commence an intensive study and evaluation of the proposed facility and its effects, considering all the criteria listed in sections 70-810 and 70-816. The report may include opinions as to the advisability of granting, denying, or modifying the certificate. The department shall allocate funds obtained from filing fees to the departments making reports to reimburse them for the costs of compiling information and issuing the required report.

(3) On an application for an amendment of a certificate, the board shall hold a hearing in the same manner as a hearing is held on an application for a certificate if the proposed change in the facility would result in any material increase in any environmental impact of the facility or a substantial change in the location of all or a portion of the facility other than as provided in the alternates set forth in the application.

(4) Upon receipt of the department's report submitted under subsection (1) of this section, the board shall set a date for a hearing to begin

C. M. 1947) shall apply to the hearing, except that neither common law nor statutory rules of evidence need apply, but the board may make rules designed to exclude repetitive, redundant or irrelevant testimony.

(2) In a certification proceeding held under this chapter, the applicant has the burden of showing by clear and convincing evidence that the application should be granted and that the criteria of section 70-810 are met.

(3) If the board appoints a hearing examiner to conduct any certification proceedings under this chapter, the hearing examiner may not be a member of the board or an employee of the department.

(1) Within ninety (90) days after the last day of the hearing, the board shall make complete findings, issue an opinion, and render a decision upon the record, either granting or denying the application as filed, or granting it upon such terms, conditions, or modifications of the construction, operation or maintenance of the facility as the board considers appropriate. The board may not grant a certificate either as proposed by the applicant or as modified by the board unless it shall find and determine:

- (a) the basis of the need for the facility;
- (b) the nature of the probable environmental impact;
- (c) that the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives;
- (d) each of the criteria listed in section 70-816;
- (e) in the case of an electric, gas, or liquid transmission line or aqueduct, what part, if any, of the line or aqueduct shall be located underground; that the facility is consistent with regional plans for expansion of the appropriate grid of the utility systems serving the state and interconnected utility systems; and that the facility will serve the interests of utility system economy and reliability;
- (f) that the location of the facility as proposed conforms to applicable state and local laws and regulations issued thereunder, except that the board may refuse to apply any local law or regulation if it finds that, as applied to the proposed facility, the law or regulation is unreasonably restrictive in view of the existing technology, or of factors of cost or economics, or of the needs of consumers whether located inside or outside of the directly affected government subdivisions;
- (g) that the facility will serve the public interest, convenience and necessity; and

(h) that duly authorized state air and water quality agencies have certified that the proposed facility will not violate state and federally established standards and implementation plans; the judgments of duly authorized air and water quality agencies are conclusive on all questions related to the satisfaction of state and federal air and water quality standards.

(2) If the board determines that the location of all or a part of the proposed facility should be modified, it may condition its certificate upon such modification, provided that the municipalities, and persons residing therein, affected by the modification, have been given reasonable notice of the modification.

(3) In determining that the facility will serve the public interest, convenience, and necessity under subsection (1)(g) of this section, the board shall consider:

- (i) the items listed in subsections (1)(a) through (b) of this section;
- (ii) the benefits to the applicant and the state resulting from the proposed facility;
- (iii) the effects of the economic activity resulting from the proposed facility;
- (iv) the effects of the proposed facility on the public health, welfare, and safety;
- (v) any other factors that it considers relevant.

(4) Considerations of need, public need, or public convenience and necessity, and demonstration thereof by the applicant, shall apply only to utility facilities.

(2) Any certificate issued by the board shall include the following:

(a) An environmental evaluation statement related to the facility being certified. The statement shall include, but not be limited to, analysis of the following information:

- (i) the environmental impact of the proposed facility;
- (ii) any adverse environmental effects which cannot be avoided by issuance of the certificate;

(iii) problems and objections raised by other federal and state agencies and interested groups;

(iv) alternatives to the proposed facility; and

(b) A statement signed by the applicant showing agreement to comply with the requirements of this chapter and the conditions of the certificate.

(3) Any of the provisions described in sections 70-807 through 70-811 may be waived by the board, for good cause shown, with respect to applications filed before January 1, 1975. Applications for certificates under this subsection must be promptly filed.

(4) (a) The board may waive compliance with any of the provisions of sections 70-807 through 70-811 if the applicant makes a clear and convincing showing to the board at a public hearing that an immediate, urgent need for a facility exists and that the applicant did not have knowledge that the need for the facility existed sufficiently in advance to fully comply with the provisions of sections 70-807 through 70-811.

(b) The board may waive compliance with any of the provisions of this chapter upon receipt of notice by a utility or person subject to this chapter that a facility or associated facility has been damaged or destroyed as a result of fire, flood or other natural disaster or as the result of insurrection, war or other civil disorder, and there exists an immediate need for construction of a new facility or associated facility or the relocation of a previously existing facility or associated facility in order to promote the public welfare.

this act for facilities under construction or in operation on January 1, 1973. However, a certificate must be obtained for associated facilities upon which construction has not commenced before January 1, 1973, subject to the waiver provisions of this subsection"; added subsection (4); and made minor changes in phraseology, punctuation and style.

70-812. Judicial review of board decision. Any party as defined in section 70-808 aggrieved by the final decision of the board on an application for a certificate may obtain judicial review of that decision by the filing of a petition in a state district court of competent jurisdiction.

The judicial review procedure shall be the same as that for contested cases under the Montana Administrative Procedure Act.

If a utility or person lists and identifies a proposed facility in its plan, submitted pursuant to section 70-814, as one on which construction is proposed to be commenced within the five (5) year period following submission of the plan, the department shall commence examination and evaluation of the proposed site to determine whether construction of the proposed facility would unduly impair the environmental values in section 70-816. This study may be continued until such time as a person files an application for a certificate under section 70-806. Information gathered under this section may be used to support findings and recommendations required for issuance of a certificate.

(c) for violation of any provision of this chapter, the rules issued thereunder, or orders of the board or department.

(2) An application may be voided by the department:

(3) The board shall adopt rules requiring every person who proposes to gather geological data by boring of test holes or other underground exploration, investigation, or experimentation, related to the possible future development of a facility employing geothermal resources, to comply with the following requirements:

- (a) Notify the department of the proposed action;
- (b) Submit to the department a description of the area involved;
- (c) Submit to the department a statement of the proposed activities to be conducted and the methods to be utilized;

Compiler's Notes

Section 24 of Ch. 494, Laws 1975 read "The amendments made by this act, or proposed to be made if this act should not be enacted, do not indicate an expression of legislative intent as to the interpretation of any provision of the Montana Utility Siting Act of 1973 as it existed prior to the introduction or enactment of this act. This act shall not affect the outcome of any judicial or quasi-judicial administrative proceeding commenced prior to the effective date of this act."

Separability Clause

Section 24 of Ch. 327, Laws 1973 read "If any provision of this act, or its application to any person is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances, is not affected."

Effective Dates

Section 25 of Ch. 327, Laws 1973 provided the act should be in effect from and after its passage and approval. Approved March 16, 1973.

821, R. C. M. 1947, providing that all fees, fines, and penalties paid under the Montana Utility Siting Act of 1973 be deposited in the earmarked revenue fund.

70-825. Statement of legislative findings and policy. The legislature, noting the apparent federal initiative for energy conversion facilities and further noting their complex economic, social and environmental impacts as well as the lack of clearly defined state energy conversion objectives, policies, and plans, finds that energy conversion facility siting must be restrained until such state objectives, policies, and plans are defined, developed, and subjected to citizen participation and review. The legislature further finds that action on individual utility siting applications without a comprehensive program could lead to economic, social, and environmental disruption in their cumulative impact. The legislature pursuant to its mandate and authority under article IX of the Montana constitution declares that it is the policy of this state that until a comprehensive state energy conversion policy and plan is developed and accepted, the siting of certain energy conversion facilities shall be suspended.

History: En. 70-825 by Sec. 1, Ch. 517, L. 1975.

Title of Act

An act providing for the suspension of action on certain applications for certifi-

cates of environmental compatibility and public need during which time a comprehensive Montana energy policy and plan shall be formulated; and providing for an immediate effective date.

70-826. Definitions. Unless the context clearly requires otherwise, in this act:

(1) "Board" means the board of natural resources and conservation.

(2) "Application" means an application for a certificate of environmental compatibility and public need under the Montana Utility Siting Act of 1973 for only a utility facility:

(a) designated for, or capable of, generating at fifty (50) megawatts of electricity or more or any addition thereto (except pollution control facilities approved by the department of health and environmental sciences added to an existing plant) having an estimated cost in excess of two hundred fifty thousand dollars (\$250,000), or

(b) designed for, or capable of, producing one hundred million (100,000,000) cubic feet of gas per day or more, or any addition thereto, having an estimated cost in excess of two hundred fifty thousand dollars (\$250,000), or

(c) designed for, or capable of, producing fifty thousand (50,000) barrels of liquid hydrocarbon products per day or more or any addition thereto having an estimated cost in excess of two hundred fifty thousand dollars (\$250,000), or

(3) "Department" means the department of natural resources and conservation.

(4) "Certificate" means certificate of environmental compatibility and public need.

History: En. 70-826 by Sec. 2, Ch. 517, L. 1975.

70-827. Suspension of action. (1) Once the next board has granted a certificate for a utility facility as described in section 70-826 the department shall not accept or act upon any application until:

(a) the governor of the state of Montana has prepared and submitted directly to the next legislature a long-term, comprehensive state energy conversion policy and plan including but not limited to alternative long-term growth goals, a state-wide siting inventory, and a proposed siting policy for the co-ordinated siting of energy conversion facilities to meet Montana's energy needs,

(b) the next legislature of the state of Montana has had an opportunity to respond to the policy and plan with appropriate legislation.

(2) Provided that this act does not apply to any application accepted by the department prior to passage and approval of this act.

History: En. 70-827 by Sec. 3, Ch. 517, L. 1975.

70-828. Other application suspensions. The board may suspend action on applications not meeting the definition of application in section 70-826 if it determines, after a public hearing conducted under the contested case procedures of the Montana Administrative Procedure Act, that the cumulative impact of those applications, if granted, would be contrary to the policies and purposes of this act.

History: En. 70-828 by Sec. 4, Ch. 517, L. 1975.

70-829. Positive action allowed. The board may take action on applications meeting the definition of application in section 70-826 if it determines, after a public hearing conducted under the contested case procedures of the Montana Administrative Procedure Act, that (1) the facility is required to meet state energy needs, or (2) upon a clear and convincing showing by the applicant the burden imposed on interstate commerce outweighs the adverse impacts of the proposed facility on the public health, safety, general welfare and environment of the state of Montana.

of any other public assistance activity that may be carried on jointly by the state and the county.

(2) The amounts set up in the budget for the reimbursements to the state department shall be sufficient to make all of these reimbursements in full. (5) The board of county commissioners may not make any transfer from the amounts budgeted for reimbursing the state department without having first obtained a statement in writing from the state department to the effect that the amount to be transferred will not be required during the fiscal year for the purposes for which the amounts were provided in the budget.

(6) No part of the county poor fund, irrespective of the source of any part thereof, may be used directly or indirectly for the erection or improvement of any county building so long as the fund is needed for general relief expenditures by the county or is needed for paying the county's proportionate share of public assistance or its proportionate share of any other public assistance activity that may be carried on jointly by the state and the county. Expenditures for improvement of any county buildings used directly for care of the poor may be made out of any moneys in the county poor fund, whether such moneys are produced by the 13.5-mill levy provided for in subsection (1) of this section or from any additional levy authorized or to be authorized by law. Such expenditure shall be authorized only when any county building used for the care of the poor must be improved in order to meet legal standards required for such buildings by the department of health and environmental sciences and when such expenditure has been approved by the state department.

The total amounts awarded as compensation for pain and suffering or which are punitive in nature shall be delivered to the needy person. This section does not affect the needy person's right to initiate and prosecute to final conclusion an action for damages or compensation in his own name.

(3) A needy person who is a recipient of medical benefits, or his legal representative, shall notify the state department of any action initiated, or of any compromise or settlement agreed to by the needy person, or his legal representative, for the recovery of compensation or damages for medical expenses to which medical benefits have been applied.

Notice shall be given by service upon the state department of the legal instrument initiating the action or embodying the compromise or settlement.

(4) No portion of attorney's fees may be withheld from the amount collected from legal proceedings or as a result of settlement which is due the state department under subsection (1) without prior approval of the state department.

(5) As used in this section, "third party" means an individual, institution, corporation, or public or private agency which is or may be liable to pay all or part of the medical cost of injury, disease, or disability of a needy person to which Title XIX or XX benefits have been applied, and includes but is not limited to insurers, health service organizations, and those liable in tort.

Section 71-302.1 (Sec. 1, Ch. 152, L. 1973), relating to eligibility requirements

for general relief, was repealed by Sec. 3, Ch. 225, Laws of 1974.

71-302.2. Residency requirements. (1) Any person otherwise qualified who makes his home in Montana with the intent to become a resident shall be eligible for general relief. Upon the filing of his application in the county of residence, a qualified applicant's general relief assistance shall be paid entirely from state funds until he has resided for 1 continuous year in Montana, at which time he shall become a financial responsibility of the county in which he resides at the expiration of the 1-year period. A person who leaves Montana with the intent to reside in another state and later returns to reside in Montana is considered a new resident for the purposes of this act. If a recipient moves from his original county of residence to reside in another county, he shall continue to be a financial responsibility of the original county of residence for 1 year from the date of his change of residence. If during this 1-year period the individual resides in several counties, he shall become a financial responsibility of the county in which he resides at the expiration of the 1-year period. County medical assistance under 71-308 shall not be entitled to be paid from state funds.

(2) If a person is absent from the state voluntarily, he is ineligible for general relief in Montana. Aliens found to be illegally within the United States are not eligible for relief from state funds.

(3) Recipients of public assistance who become wards or patients in a licensed nursing home or hospital, foster home, or a private charitable

institution shall have the county share of financial participation paid entirely from state funds for 1 year from the original date of entrustment or the original date of state residency, whichever is earlier. At the expiration of such period, the appropriate county, as defined by the following guidelines, shall become financially responsible to the extent of its legally required share of participation. The county in which commitment of an adult is initiated is considered the county of financial responsibility except where court decree declares the residency to be otherwise. When an adult is transferred from a facility or institution to one of the above-enumerated facilities, the county which initiated the original commitment is considered the county of financial responsibility except in the case of an adult transfer from an out-of-state institution, in which case the county in which the facility is located is considered the county of financial responsibility. In all cases where a minor patient or ward is involved, the county of financial responsibility is the county in which the parent or guardian resides. If the custody of a minor is entrusted to a state agency, the agency may make a reasonable declaration of the county residency of its ward using applicable guidelines enumerated in this section. A person who reaches majority in an institution, upon release and restoration to competency, may determine his own county residency. Such person shall continue to be a financial responsibility of the county which initiated the original commitment for 1 year from the date of release, at which time he shall become a financial responsibility of his new county of residence.

(4) Nonresidents or interstate transients may receive temporary relief from county funds in cases of extreme necessity and destitution until they are returned at state expense to their state of residence or origin. Medical expenses arising from accidental injury to interstate transients shall be paid from county funds and reimbursed by the state upon submission of a proper claim.

(5) "Interstate transient", as the term is used in this act, is defined as an individual who has signed a declaration that he is unable to pay for his own necessities or transportation to return to his state of residence or origin and is en route to a point outside of this state, being unable, due to unexpected distress, to reach his destination.

92 S Ct 318, following Shapiro v. Thompson, 394 U S 618, 22 L Ed 2d 600, 89 S Ct 1322, and reversing 157 M 99, 483 P 2d 720.

Despite the invalidity of the require-

ment of one year's residency in the state in order to qualify for relief, county's obligation to pay general relief assistance may be limited by legislature's residency requirements as it did in section 71-302;

where no provision has been made to care for transients, state must provide relief until such time as indigent has established county residency. *Pease v. Hansen*, 159 M 43, 494 P 2d 925.

71-303. Eligibility for general relief based on investigation of resources.

An applicant for general relief assistance, including medical care and hospitalization, shall be eligible to receive assistance only after investigation by the county department reveals that the income and resources are insufficient to provide the necessities of life. Assistance shall be provided to meet a minimum subsistence compatible with decency and health.

Section 71-304 (Subd. (c) to (f), Sec. 2, Part 2, Ch. 82, L. 1937), relating to the

status of aliens and interstate transients, was repealed by Sec. 3, Ch. 225, Laws of 1974.

71-305. Right of equal consideration. Persons eligible for and in need of general relief, whether employable or unemployable, shall be given equal consideration for public assistance as those persons eligible for assistance under other parts of this act.

History: En. Sec. 3, Part 2, Ch. 82, L. 1937; amd. Sec. 27, Ch. 37, L. 1977.

Amendments

The 1977 amendment inserted "general" before "relief"; and made minor changes in phraseology and punctuation.

71-306. Grievances concerning general relief assistance. Individuals or committees with complaints or grievances concerning general relief assistance may present their complaints or grievances to either the county board or the state department, and due consideration shall be given all proven facts presented by the individuals or committees. The county board or the state department shall take action to relieve situations brought to their attention under this section to the extent of funds available.

History: En. Sec. 4, Part 2, Ch. 82, L. 1937; amd. Sec. 8, Ch. 199, L. 1951; amd. Sec. 27, Ch. 121, L. 1974; amd. Sec. 28, Ch. 37, L. 1977.

Amendments

The 1974 amendment deleted two sentences at the beginning of the section which read: "If an application for assistance under this chapter is not acted upon by the county welfare board promptly or if a decision is made with which the

applicant or recipient is not satisfied, he may appeal to the state department for a fair hearing. The state department shall, upon receipt of such an appeal, give the applicant or recipient prompt notice and opportunity for a fair hearing"; and made minor changes in phraseology and punctuation.

The 1977 amendment inserted "general relief" before "assistance" in the first sentence; and made a minor change in punctuation.

71-307. Relief by check or disbursing orders. (1) All general relief disbursements by county departments of public welfare shall be by warrant or check. However, if the county welfare department finds that a recipient

is in the habit of dissipating general relief allowances instead of using them for the purposes intended or that for any other reason it is better for the recipient and his family to receive the allowance through disbursing orders, then disbursing orders shall be used instead of cash payments. All such disbursing orders must be written in such form that the goods and merchandise to be provided may be furnished by any regular dealer in such goods and merchandise within the county. A recipient of general relief must register for employment with the state employment service and must accept available employment within his or her capability. Refusal to accept such employment will render the recipient ineligible for further general relief assistance. If the county has work available which a recipient of general relief is capable of performing, then the county department of public welfare may require the recipient to perform the work at the prevailing rate of wages paid by that county for similar work, to be paid from the county poor fund in place of granting him general relief.

(2) The county department of public welfare shall provide coverage under the Workers' Compensation Act for those recipients of general relief working under the provisions hereof and may enter into such agreements with the division of workers' compensation of the department of labor and industry as may be necessary to carry out the provisions of this section.

(3) Any recipient of general relief who is subject to the provisions of this section and who without cause refuses to perform work assigned to him as herein provided shall lose his eligibility for general relief for 1 week for each refusal.

History: En. Sec. 5, Part 2, Ch. 82, L. 1937; amd. Sec. 13, Ch. 129, L. 1939; amd. Sec. 1, Ch. 180, L. 1963; amd. Sec. 28, Ch. 121, L. 1974; amd. Sec. 1, Ch. 208, L. 1974; amd. Sec. 29, Ch. 37, L. 1977.

Amendments

Chapter 121, Laws of 1974, inserted the numerical subsection designations at the beginning of the paragraphs; substituted "division of workmen's compensation of the department of labor and industry" for "industrial accident board" in sub-

section (2); and made minor changes in phraseology and punctuation.

Chapter 208, Laws of 1974, inserted the provision in subsection (1) making it mandatory for the county department to have a recipient of general relief work if the county has work available.

The 1977 amendment inserted "general" before "relief" in two places in subsection (1); substituted references to workers' compensation in two places in subsection (2) for references to workmen's compensation; and made minor changes in phraseology, punctuation and style.

71-308. County to provide medical aid and hospitalization to indigent.

(1) Except as provided in other parts of this act, medical aid and hospitalization for nonresidents within the county and county residents unable to provide these necessities for themselves are the legal and financial duty and responsibility of the board of county commissioners, and are payable from the county poor fund. The board of county commissioners shall make provisions for competent and skilled medical or surgical services as are approved by the department of health and environmental sciences or the state medical association or, in the case of osteopathic practitioners, by the state osteopathic association or chiropractors by the state chiropractic association or optometrical services as approved by the Montana optometric association or dental services as approved by the dental association.

"Medical" or "medicine" as used in this section refers to the healing art as practiced by licensed practitioners.

(2) The board, in arranging for medical care for those unable to provide it for themselves, may have the care provided by physicians appointed by the board who shall be known as county physicians or deputy county physicians and may fix a rate of compensation for the furnishing of the medical attendance.

(3) The board of county commissioners shall make suitable arrangements to provide respectable burial for nonresidents within the county and county residents for whom the expenses are not otherwise available.

(4) The department of social and rehabilitation services may promulgate rules to determine under what circumstances persons in the county are unable to provide medical aid and hospitalization for themselves, including the power to define the term "medically needy". However, the definition may not allow payment by a county for general assistance-medical for persons whose income exceeds 300% of the limitation for obtaining regular county general relief assistance.

(5) In any case where the county or state pays medical expenses or hospitalization for an individual, the county or state is subrogated to the claims of the physician or hospital to the extent of payment. To the extent necessary for reimbursement of medical benefits paid to or on behalf of an individual, the county or state is subrogated to the rights of the individual to recover from a third party who may be liable to pay the medical expenses. The provisions of 71-241.1 which relate to medical benefits provided under Titles XIX and XX of the Social Security Act apply to medical benefits provided for in this section.

Section 71-310 (Sec. 8, Part 2, Ch. 82, L. 1937), relating to certification for re-

Emergency Hospitalization

lief employment, was repealed by Sec. 52, Ch. 121, Laws of 1974.

71-311. Grants from state funds to counties. A county may apply to the state department for an emergency grant-in-aid and the grant shall be made to the county upon the following conditions:

(1) The board of county commissioners or a duly elected or appointed executive officer of the county shall make written application to the state department for emergency assistance and shall show by written report and sworn affidavit of the county clerk and recorder and chairman of the board of county commissioners or other duly elected or appointed executive officer of the county the following:

(a) that the county will not be able to meet its obligations under law to provide assistance to the needy of the county or meet its proportionate share of any welfare activity carried on jointly with the state department;

(b) that all lawful sources of revenue and other income to the county poor fund will be exhausted;

(c) that all expenditures from the county poor fund have been lawfully made; and

(d) any other information required by the state department.

(2) Within 10 days of receipt of the application and affidavit, the state department shall determine whether the county poor fund will be depleted and shall give notice to the county of the state department's intention to deny or allow the grant-in-aid.

(3) Within 10 days of receiving notice from the state department that a grant-in-aid will be made to the county, the board of county commissioners or other duly elected or appointed executive officer of the county shall adopt an emergency budget. There is no requirement of notice and hearing for that emergency budget. The emergency budget shall state the amount required to meet the obligation of the county and shall allocate that whole amount among the various classes of expenditures for which the grant was made.

(4) Upon receipt and approval of the county emergency budget, the state department shall issue a warrant to the county treasurer of the county for the total amount stated in the approved emergency budget.

(5) The grant-in-aid received by the county shall be placed in an

emergency fund account to be kept separate and distinct from the poor fund account. All expenditures from the emergency fund account shall be made by a separate series of warrants or checks marked as emergency warrants or checks.

(6) The grants-in-aid from the state department may be used only for welfare activities lawfully conducted by the county, including but not limited to medical aid, hospitalization, and institutional care. No part of a grant-in-aid may be used, directly or indirectly, to pay for the erection or improvement of any county building or for furniture, fixtures, appliances, or equipment for a county building.

(7) In the event the county poor fund is replenished by other lawful sources of revenue, the county shall issue warrants to meet its obligations from the county poor fund until such time as that fund is again so depleted that warrants can no longer lawfully be drawn on that account. Upon depletion of the county poor fund, the county may again make disbursements from the emergency fund account as provided in subsection (5). At the close of the county fiscal year, the county shall return to the state department any amounts remaining in the county poor fund and the emergency fund account, but the remaining amount to be returned may not exceed the total amount of the emergency grant-in-aid for that fiscal year.

(8) Any amount which is unlawfully disbursed or transferred from the emergency fund account or used for a purpose other than that specified in the grant-in-aid shall be returned by the county to the state department.

CHAPTER 5—AID TO DEPENDENT CHILDREN

Section

71-501. "Dependent child" defined.

71-508. County share of participation.

71-509. Periodic reconsideration and changes in amount of assistance—appointment of guardian or payment to another person.

71-511. Payment of public assistance money—subrogation of the department of social and rehabilitation services—schedule of payments.

71-501. "Dependent child" defined. (1) (a) The term "dependent child", for public assistance purposes, means:

(i) a child under the age of 18; or

(ii) a person under the age of 21 who is a student under the regulations prescribed by the state department.

(b) The child ((a)(i) or (a)(ii) above) must be deprived of parental support or care by reason of the death, continued absence from the home, continued unemployment, or physical or mental incapacity of a parent and be living with his father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle, aunt, nephew, niece, or first cousin in a place of residence maintained by one or more of such relatives as his or their own home.

(2) Aid to dependent children may not be denied to or for the care of children who would otherwise be entitled to such aid under the laws of this state by the fact that the child is living in the home of his father who is, in the opinion of the county board of public welfare of the appropriate county, either unemployable or who is honestly and responsibly seeking proper employment and is unable to find such employment or by the fact that the child is living in the home of a head of a household who is at the time receiving job training under the laws of this state; nor may

the benefits which would otherwise accrue to the child for aid to dependent children under the laws of the state be reduced by reason of any such cause.

(3) Primary factors in determining whether a father is honestly and responsibly seeking employment include his willingness to register for employment with the department of labor and industry, if that department has a representative in his county of residence, and his willingness to accept employment in which he is able to engage which will increase his ability to maintain himself and his family.

(4) The state department may establish additional criteria for determining whether a father is honestly and responsibly seeking employment.

71-508.1. Repealed.

Repeal

Section 71-508.1 (Sec. 3, Ch. 373, L. 1973), relating to federal funding, was re-

pealed by Sec. 3, Ch. 309, Laws of 1974, effective July 1, 1975.

71-509. Periodic reconsideration and changes in amount of assistance—appointment of guardian or payment to another person. (1) All assistance grants made under this chapter shall be reconsidered by the county

department as frequently as may be required by the rules of the state department. After such further investigation as the county department may consider necessary or the state department may require, the amount of assistance may be changed or assistance may be entirely withdrawn if the state or county departments find that the child's circumstances have altered sufficiently to warrant such action. If the county department, after investigation, finds that any recipient is not utilizing the grant adequately for the needs of the child or children, is dissipating such grant or refuses or fails to accept employment or training, and payments made to him would not be used in the best interests of the child or children, the county department may request the county attorney to file a petition in the district court for the appointment of such recipient as guardian of the assistance grant in behalf of the child or children. Such petition shall set forth the facts warranting such appointment. Notice of the hearing on such petition shall be served upon the recipient and the county department not less than 5 days before the date set for such hearing; such petition may be filed with the clerk of the district court and all process issued and served without payment of costs. If upon the hearing of such petition the court is satisfied that it is for the best interests of the child or children and all parties concerned that such guardian be appointed, he shall order such appointment and may require such guardian to render to the court a detailed itemized account of expenditures of such assistance payments at such times as the court considers advisable.

(2) It is the intention of this section that the guardianship herein provided for shall be a special and limited guardianship solely for the purpose of safeguarding the assistance grants made to dependent children. Such guardianship shall terminate upon the termination of such assistance grant or sooner on order of the court, upon good cause shown. In lieu of guardianship proceedings, payments may be made in behalf of the child or children to another person found by the county department to be interested in or concerned with the welfare of such needy child or children in accordance with the rules established by the state department. Before such payments may be paid to such other person, such person shall give a bond, with adequate corporate surety and in form to be approved by the state department, running in favor of the needy individual and the state of Montana, conditioned upon the faithful use by such other person of the funds for the welfare of the needy individual. Such bond shall be in an amount equal to six times the amount of the monthly payment involved.

(3) When federal law or regulations require, any amount received by an enrolled member of a recognized Indian tribe as per capita payments or a share in the profits and receipts from tribal lands and interests or tribal enterprises may not be used to decrease the amount of assistance received under this act.

History: En. Sec. 8, Part 4, Ch. 82, L. 1937; amd. Sec. 1, Ch. 47, L. 1959; amd. Sec. 1, Ch. 152, L. 1959; amd. Sec. 1, Ch. 351, L. 1969; amd. Sec. 49, Ch. 121, L. 1974; amd. Sec. 34, Ch. 37, L. 1977.

Amendments

department" for "state department of public welfare."

end of subsection (2); deleted "in a sum not exceeding one hundred dollars (\$100.00) in any one (1) calendar year" after "any amount" near the beginning of subsection (3); and made minor changes in phraseology, punctuation and style.

71-511. Payment of public assistance money—subrogation of the department of social and rehabilitation services—schedule of payments. (1) A payment of public assistance money made to or for the benefit of a dependent child creates a debt due and owing to the department of social and rehabilitation services by the natural or adoptive parents who are legally responsible for the support of the child by statute or court decree in an amount equal to the amount of public assistance paid. However, where the support obligation is based upon a court decree, the debt is limited to the amount of the court decree.

(2) The department is subrogated to the right of the child or person having the care, custody, and control of the child to prosecute any support action or execute any administrative remedy existing under the laws of the state to obtain reimbursement of monies thus expended. If a court decree enters judgment for an amount of support to be paid by an obligor parent, the department is subrogated to the debt created by the order and the money judgment is in favor of the department. No obligee may commence an action to recover support due and owing to him without first filing an affidavit with the court stating whether he has received public assistance from any source and, if he has received public assistance, that he has notified the state department in writing of the pending action.

(3) In no case may a debt arising under this section be incurred by or collected from a parent or other person while he is the recipient of public assistance monies for the benefit of minor dependent children.

(4) The remedies herein provided are in addition to and not in lieu of existing common law and statutory law.

(5) The department or its legal representatives may at any time consistent with the income, earning capacity, and resources of the debtor petition the court having jurisdiction over the particular case to set or reset a level and schedule of payments to be paid upon the debt.

History: En. 71-511 by Sec. 1, Ch. 368, L. 1974; amd. Sec. 4, Ch. 379, L. 1977.

Amendments

The 1977 amendment deleted "or maintain and recover upon" after "prosecute" in the first sentence of subsection (2); added the last sentence to subsection (2); and made minor changes in phraseology, punctuation and style.

- (c) sibling relationship to another child who is eligible for adoption.

(2) In all other cases in which the conditions of 71-1808 are found to exist and after reasonable efforts have been made and no appropriate

adoptive family without the use of subsidy has been found for a child, the department shall certify the child as hard to place.

(3) If the child is the dependent of a voluntary licensed child-placing agency, that agency shall present to the department evidence of inability to place the child for adoption due to any of the conditions specified in 71-1808. The agency shall present evidence that reasonable efforts have been made to place the child without subsidy, such as recruitment of potential parents, use of adoption resource exchanges, and referral to appropriate specialized adoption agencies. Upon such a showing, the department shall certify the child as hard to place.

(4) Any family which applies for an adoption subsidy and which is approved by the department as a suitable adoptive family and which is or may be financially unable to meet the special needs of a hard-to-place child as determined by the department and which adopts a hard-to-place child is eligible for subsidy regardless of the domicile or residence of the family at the time of application for adoption, placement, legal decree of adoption, or thereafter.

The terms of the adoption subsidy agreement may commence with the adoption placement or at an appropriate time after the adoption decree.

(2) The amount and duration and scope of the subsidy may vary with the special needs of the child as well as the availability of other resources, including those of the adoptive parents, to meet these needs. The subsidy may be for services only or for the money payments, but in no case may the amount of the subsidy exceed: (a) in the case of a sibling relationship, that which would be allowable for such child under foster family care; or (b) in the case of a medical subsidy, the reasonable fee for the services rendered not to exceed the amount of \$2,600 annually.

(3) The subsidy agreement shall continue in accordance with its terms until the child reaches majority or for as long as the adopted child is the legal dependent of the adoptive parents and the child's condition continues. Termination or modification of the subsidy agreement may be requested by the adoptive parents or the department at any time.

(4) When subsidies are for more than 1 year, the adoptive parents shall present an annual sworn certificate that the adopted child remains under their care and the condition that caused the child to be certified continues to exist.

and protection from exploitation for the developmentally disabled, and in acknowledgment of the desirability of providing such services outside the state institutions, the legislative assembly hereby finds and declares that a program should be established by the department to provide protective services for the developmentally disabled. Such a program should be designed to provide the services set forth in this act for developmentally disabled persons.

(2) The director of the department shall adopt rules and regulations for the administration of this article. The department shall develop a state-wide system of protective service in accordance with regulations and standards established by the department with respect to this program, the department may:

71-1904. Petition in district court to make developmentally disabled person ward of department—contents—hearing—order—disabilities imposed. The petition shall be accompanied by a report of the findings of an evaluation team composed of, but not limited to, a physician, a psychologist, and a social worker, and expressing the belief that the respondent is developmentally disabled to an extent which would cause the respondent to benefit from the protective services provided for in this act.

(2) Upon the filing of such verified petition and team evaluation statement, the court shall issue an order fixing the time and place of a hearing on such petition, which time shall be no earlier than seven (7) days nor later than fourteen (14) days after the filing thereof. Such order also shall advise the respondent of his right to appear at the hearing, and shall give the address and telephone number of the attorney. (4) In any order making the respondent a ward of the department, the court shall specify any legal disabilities to be imposed upon the ward. The order may contain, where appropriate, specific provisions concerning the right to operate a motor vehicle, the right to enter into contracts, or any other civil, political, personal, or property right. Upon a written petition filed by the department, the court by which the department was appointed may permit annual expenditure of up to three per cent (3%) of the principal assets if such expenditure be shown to be of special advantage for the ward. The department shall file an accounting each year and the court by which the department was appointed shall conduct a hearing to determine the propriety of any charge or charges to a ward. All of the provisions of subsections (2) and (3) of section 4 [71-1904 (2) and (3)] concerning notice and hearings shall apply to hearings under this section. (3) "Criminally injurious conduct" means conduct that :

- (a) occurs or is attempted in this state;
- (b) results in bodily injury or death; and
- (c) is punishable by fine, imprisonment, or death or would be so punishable but for the fact that the person engaging in the conduct lacked capacity to commit the crime under the laws of this state. Criminally injurious conduct does not include conduct arising out of the ownership, maintenance, or use of a motor vehicle.

(4) "Dependent" means a natural person who is recognized under the law of this state to be wholly or partially dependent upon the victim for care or support and includes a child of the victim conceived before the victim's death but born after the victim's death, including a child that is conceived as a result of the criminally injurious conduct.

History: En. 71-2609 by Sec. 9, Ch. 527,
L. 1977.

71-2610. Award and payment of compensation. (1) An award may be made whether or not any person is prosecuted or convicted. Proof of conviction of a person whose acts give rise to a claim is conclusive evidence that the crime was committed unless an application for rehearing, an appeal of the conviction, or certiorari is pending or a rehearing or new trial has been ordered.

(2) The division may suspend the proceedings pending disposition of a criminal prosecution that has been commenced or is imminent and may make a tentative award under 71-2614.

History: En. 71-2610 by Sec. 10, Ch. 527,
L. 1977.

71-2611. Subrogation. (1) If a claimant seeks compensation under this act and compensation is awarded, the division is entitled to full subrogation against a judgment or recovery received by the claimant against the offender for all compensation paid under this act. The division's right of subrogation shall be a first lien on the judgment or recovery. If the claimant does not institute the action against the offender within 1 year from the date the criminally injurious conduct occurred, the division may

institute the action in the name of the claimant or the claimant's personal representative.

(2) If the claimant institutes the action, the division shall pay a proportional share of costs and attorneys' fees if it recovers under its subrogation interest.

(3) If the division institutes the action in the name of the claimant or the claimant's personal representative and the recovery is in excess of the amount of compensation paid to the claimant and costs incurred by the division in pursuit of the action, the excess shall be paid to the claimant.

(4) If a judgment or recovery includes both damages for bodily injury or death for which the division has paid compensation under this act and damages for which the division has not paid compensation, then the division's subrogation interest shall apply only to that proportion of the judgment or recovery for which it has paid compensation. In a civil action in a court of this state arising out of criminally injurious conduct, the judge, on timely motion, shall direct the jury to return a special verdict indicating separately the amounts of the various items of damages awarded. A claimant may not make recoveries against the offender in such a way as to avoid and preclude the division from receiving its proper subrogation share as provided in this section. The division shall release its lien provided for in subsection (1) above upon receipt of its subrogation share.

History: En. 71-2611 by Sec. 11, Ch. 527,

71-2612. Compensation benefits. (1) A claimant is entitled to weekly compensation benefits when the claimant has a total actual loss of wages due to injury as a result of criminally injurious conduct. During the time the claimant seeks such weekly benefits, the claimant, as a result of such injury, must have no reasonable prospect of being regularly employed in the normal labor market. The weekly benefit amount is 66 2/3% of the wages received at the time of the criminally injurious conduct, subject to a maximum of \$125. Weekly compensation payments shall be made at the end of each 2-week period. No weekly compensation payments may be paid for the first week after the criminally injurious conduct occurred, but if total actual loss of wages continues for 1 week, weekly compensation payments shall be paid from the date the wage loss began. Weekly compensation payments shall continue until the claimant has a reasonable prospect of being regularly employed in the normal labor market.

(2) The claimant is entitled to be reimbursed for reasonable services by a physician or surgeon, reasonable hospital services and medicines, and such other treatment as may be approved by the division for the injuries suffered due to criminally injurious conduct.

(3) (a) The dependents of a victim who is killed as a result of criminally injurious conduct are entitled to receive, in a gross single amount payable to all dependents, weekly benefits amounting to 66 2/3% of the wages received at the time of the criminally injurious conduct

causing the death, subject to a maximum of \$125 per week. Weekly compensation payments shall be made at the end of each 2-week period.

(b) Benefits under subsection (3)(a) of this section shall be paid to the spouse for the benefit of the spouse and other dependents, unless the division determines that other payment arrangements should be made. If a spouse dies or remarries, benefits under subsection (3)(a) shall cease to be paid to the spouse but shall continue to be paid to the other dependents so long as their dependent status continues.

(4) Reasonable funeral and burial expenses of the victim, not exceeding \$1,100, shall be paid if all other collateral sources have properly paid such expenses but have not covered all such expenses.

(5) Compensation payable to a victim, and all of the victim's dependents in cases of the victim's death, because of injuries suffered due to an act of criminally injurious conduct may not exceed \$25,000 in the aggregate.

(6) Compensation benefits are not payable for pain and suffering, inconvenience, physical impairment, or nonbodily damage.

(7) (a) A person who has suffered injury as a result of criminally injurious conduct and as a result of such injury has no reasonable prospect of being regularly employed in the normal labor market, who was employable but was not employed at the time of such injury, may in the discretion of the division be awarded weekly compensation benefits in an amount determined by the division not to exceed \$100 per week. Weekly compensation payments shall continue until the claimant has a reasonable prospect of being regularly employed in the normal labor market or for a shorter period as determined by the division. The claimant shall be awarded benefits as provided in subsection (2) of this section.

(b) The dependents of a victim who is killed as a result of criminally injurious conduct and who was employable but not employed at the time of death may in the discretion of the division be awarded, in a gross single amount payable to all dependents, a sum not to exceed \$100 per week which shall be payable in the manner and for the period provided by subsection (3)(b) of this section or for such shorter period as determined by the division. History: En. 71-2613 by Sec. 13, Ch. 527,
L. 1977.

71-2614. Tentative awards. If the division determines that the claimant will suffer financial hardship unless a tentative award is made and it appears likely that a final award will be made, an amount may be paid to the claimant, to be deducted from the final award or repaid by and recoverable from the claimant to the extent that it exceeds the final award.

History: En. 71-2614 by Sec. 14, Ch. 527,
L. 1977.

71-2615. Reconsideration and review of division decisions. (1) The division on its own motion or on request of the claimant may reconsider a decision making or denying an award or determining its amount. The division shall reconsider at least annually every award being paid in installments. An order on reconsideration of an award may not require refund of amounts previously paid unless the award was obtained by fraud.

(2) The right of reconsideration does not affect the finality of a division decision for the purpose of appeal.

History: En. 71-2615 by Sec. 15, Ch. 527,
L. 1977.

71-2616. Rehabilitation. The judge, after a hearing, shall make a final determination concerning the dispute and issue an appropriate order affirming or modifying the division's determination.

(2) All proceedings and hearings before the workers' compensation judge shall be in accordance with the appropriate provisions of the Montana Administrative Procedure Act. However, the workers' compensation judge is not bound by common law and statutory rules of evidence.

L. 1977.

71-2620. Limitation to benefit entitlements. Claimants receiving benefits under this act are not granted an absolute entitlement to benefits. Benefits must be paid in accordance with the amount of the legislative appropriation. If the division determines at any time that the appropriated funds for a fiscal year will not be an amount that will fully pay all claims, the division may make appropriate proportionate reductions in benefits to all claimants. Such reductions do not entitle claimants to future retroactive reimbursements in future fiscal years unless the legislature makes appropriations for such retroactive benefits.

History: En. 71-2620 by Sec. 20, Ch. 527,
L. 1977.

71-2621. Effect on probation and parole. In proper cases, where it appears that the United States interstate commerce commission law has been violated, the board shall complain to the interstate commerce commission of the United States and aid such commission in any investigation it may make concerning violations of the United States law by furnishing evidence and in any other manner which may seem best suited to enforce both the United States and state law and to protect the interests of the people.

The said board shall have the power from time to time to change, alter, amend, or abolish any classification or rate established by it when deemed necessary, as hereinafter provided. The said board shall make and establish reasonable rates for the transportation of freight within the state of Montana, and shall prescribe rates, tolls and charges for all other service performed by any railroad subject hereto. No change or revision of any rate, charge, classification or rule of service contained in any tariff, classification or rule of a railroad shall be made by any railroad without first obtaining approval therefor from the board. Such changes or revisions shall be made by either of the methods hereinafter set forth:

(1). * * * [Same as parent volume.]

(2) by filing with the board the tariff sheet or sheets containing such changes or revisions, plainly stating the change or changes, or revision or revisions, to be made; provided further, that the public shall be provided with such notice of the proposed changes or revisions as the board shall, by rule, require. The tariff sheet or sheets containing such changes or revisions shall be deemed approved and effective thirty (30) days after the same are filed unless the proposed revisions or changes are suspended or disallowed by the board prior to the expiration of the thirty (30) day period; provided, however, that the board may, for good cause, allow any change or revision to become effective on less than thirty (30) days after the filing thereof. Upon filing such changes or revisions, all tariff sheet or sheets, when suspended by the board, must be supported by such prepared testimony and exhibits from the railroad as will support such changes or revisions. The prepared testimony and exhibits must be filed with the commission thirty (30) days after the effective date of such suspension. Such testimony and exhibits may be supplemented prior to, or at the time of hearing, and supplemental exhibits may be filed after the close of the hearing at the direction or with permission of the commission.

Upon its own initiative, or upon the complaint of any interested party filed with the board within twenty (20) days after the date upon which a change or revision of any rate, fare, charge or classification is filed with the board, the board may suspend the operation of such rate, fare, charge, or classification for a period not to exceed one hundred eighty (180) days, provided, however, that the order directing such suspension must be issued by the board not less than two (2) business days prior to the proposed effective date; and provided further, that the rail carrier or carriers filing such rate, fare, charge, or classification shall be given prompt notice by the complaining party mailing a copy of the complaint concerning such proposed change or revision to the carrier or publishing agent and such carrier or carriers also shall be given an opportunity to reply to any such complaint. If the proposed change or revision is in a tariff issued by a tariff publishing bureau for a rail carrier or carriers, notice to such bureau of any complaint will constitute notice to the participating carriers in such tariff. When the suspension of any proposed change or revision in a tariff is ordered by the board, it shall also order a public hearing to consider the reasonableness of the proposed change or revision; due notice shall be given

for such hearing to all known interests or affected persons and the same shall be allowed to appear and present evidence. After considering the evidence presented at such hearing, the board shall issue an order approving, denying, or modifying the proposed change or revision; provided, however, that unless such hearing is held and such order is issued within one hundred eighty (180) days from the date upon which the suspension was ordered, the proposed change or revision shall be deemed approved and effective as filed.

The board may, on its own motion or on the complaint by a shipper or other person interested investigate any rate, classification or rule approved and in effect for transportation of freight by any railroad within the state of Montana. The said board must, within sixty (60) days after the commencement of an investigation on the board's initiative, or after the filing with such board of a complaint by a shipper, or other person interested, proceed to investigate and determine the justness and reasonableness of any classification, rate, charge, toll, regulation or order made by said board.

The department of livestock shall institute and prosecute, in the name of the state, actions against the railroad or railroad companies in a court of competent jurisdiction to recover damages if the railroad fails, neglects, or refuses to make payment of the amount of the claim filed by the department of livestock.

If the lawful owner of the animal killed does not present and prove his claim to the net proceeds received from the animal killed, within the two (2) years, the money shall be paid to the state treasurer and credited to the stock estray fund. TITLE 73—RECORDING TRANSFERS

Chapter

1. Recording transfers—release of oil, gas and mineral leases, 73-115.
2. Effect of recording or failure to record conveyance of real property, 73-213.

CHAPTER 1—RECORDING TRANSFERS—RELEASE OF OIL, GAS AND MINERAL LEASES

Section

73-115. Action to compel release.

73-115. (6903) Action to compel release. (1) If the lessee or assignee thereof neglects or refuses to execute a release as provided by this act, the owner of the leased premises may sue in any court of competent jurisdiction to obtain the release, and in such action he also may recover from the lessee, his successor, or assigns the sum of \$100 as damages, all costs, together with a reasonable attorney's fee for preparing and prosecuting the suit, and any additional damages that the evidence in the case warrants. Writs of attachment may issue as in other cases. If in the action the plaintiff fails to establish the forfeiture of the lease, an attorney's fee must be allowed to the lessee or assignee of the lease. Issues in regard to attorney's fees shall be determined in the same manner as other issues in such actions.

(2) When, by its terms, an oil or gas lease has expired and is subject to forfeiture for nonperformance and more than 3 years have elapsed since the expiration, the owner of the leased premises, in addition to all other remedies, may serve a written notice on the lessee or on the assignee thereof, which notice shall state:

- (a) the names of the lessor, lessee, and assignee thereof if assigned;
- (b) the date of the lease and the date of the expiration thereof;
- (c) the description of the lands leased;
- (d) the place, book, and page where the lease is recorded; and
- (e) that if the lessee or assignee fails to execute a release of record of the lease or abstract of the lease, the lease shall be terminated and of no effect and shall cease to be a lien upon the lands described therein, unless the lessee or the assignee thereof, within 60 days from the date of service of the notice, files, in the county clerk's office in the county where the lease or abstract of such lease is recorded, an affidavit stating that the lease is in effect and delivers a copy thereof to the owner of the leased lands.

(3) If the lessee or the assignee thereof resides in the county where the lease or abstract of the lease is recorded, the notice shall be personally served on that person. If the lessee or the assignee thereof does not reside in that county but his address appears on the records in that county clerk's office or is otherwise known, the notice shall be mailed by certified mail to that person at that address, and in addition thereto the notice shall be published once a week for 2 consecutive weeks in a newspaper of general circulation in the county in which the lands are situated. If the address of

the lessee or assignee is unknown, the notice shall be published in the manner provided above. The date of service of the notice, if served personally, the date of mailing, if served by mail, and the first date of publication of the notice, if published, must be at least 60 days before the date of termination referred to in the notice.

(4) Upon the expiration of the time mentioned in the notice, if the affidavit of the lessee or assignee has not been filed as herein provided, the owner of the leased lands shall file an affidavit of service of the notice in the county clerk's office of the county in which the lands are located, and the affidavit shall be kept as a permanent file in his office, and this proof of notice when so filed is prima facie evidence of the sufficiency of the notice, and from the filing thereof the lease is terminated and the lands released from the lien thereof.

CHAPTER 2—EFFECT OF RECORDING OR FAILURE TO RECORD CONVEYANCE OF REAL PROPERTY

Section

73-213. Validation of conveyances recorded after defective execution—1973 act.

73-202. (6935) Conveyances to be recorded, or are void, etc.

Fraudulent Conveyances

In determining the date of transfer of an alleged fraudulent conveyance under the Federal Bankruptcy Act, the date of transfer of an assignment of a note and mortgage was the date of recordation and not the date upon which the transfer was

effective between the parties since it is not until recordation that subsequent transferees or purchasers could not acquire an interest superior to that of the original transferee. *Raucci v. Davis*, 161 M 270, 505 P 2d 887.

73-213. Validation of conveyances recorded after defective execution—1973 act. Any instrument affecting real property, provided no action is now pending to set such instrument aside which was, previous to January 1, 1973, copied into the proper book kept in the office of the county clerk and recorder, shall be deemed to impart, after that date, notice of its contents to subsequent purchasers and encumbrancers, notwithstanding any defect, omission or informality in the execution of the instrument or in the certificate of acknowledgment thereof, or the absence of any such certificate; and all such instruments heretofore acknowledged by the vice-president and assistant secretary of any corporation, or by either of them, or other person duly authorized by resolution by such corporation executing the same on behalf of the corporation, and recorded, shall be valid and shall have the same force and effect as though acknowledged by the president or secretary; but nothing herein shall be deemed to affect the rights of purchasers or encumbrancers previous to that date. Duly certified copies of the record of any such instrument may be read in evidence, with like effect as copies of an instrument duly acknowledged and recorded.

History: En. Sec. 1, Ch. 147, L. 1973.

Title of Act

An act validating certain instruments affecting real property and which were erroneously executed or acknowledged prior

to January 1, 1973; imparting notice by recording thereof; and providing that duly certified copies thereof may be read in evidence with like effect as copies of an instrument duly acknowledged and recorded.

Memorandum

Prospective buyer was entitled to return of earnest money where realtor was unable to produce any written documentation of his alleged agency to sell realty. *Pack River Co. v. Young*, — M —, 511 P 2d 12.

Option Agreement

Evidence of payment of money pursuant

to the purchase of real estate for the purpose of persuading seller to hold the deal open for a certain period of time, and the subsequent actions of the seller in holding the property off the market, were sufficient to establish a valid option agreement, as well as to show that the agreement had been fully performed. *Lynch v. Shields*, — M —, 529 P 2d 348.

The term includes goods which, at the time of the sale or subsequently, are to be so affixed to realty as to become a part thereof whether or not severable from it.

(b) "Services" means work, labor, and services furnished in the delivery, installation, servicing, repair, or improvement of goods.

(c) to (f) * * * [Same as parent volume.]

(g) "Retail charge account agreement" means an instrument in writing prescribing the terms of retail installment transactions which may be made under it from time to time under which a retail seller gives to a retail buyer the privilege of using a credit card issued by the retail seller or any other person or other credit confirmation or identification for the purpose of purchasing goods or services from the retail seller, from the retail seller and any other person, or from a person licensed or franchised by the retail seller, and under the terms of which a finance charge, as defined in this section may be computed in relation to the buyer's balance in the account from time to time.

(h) "Retail installment contract" or "contract" means an agreement evidencing a retail installment transaction entered into in this state under

which a buyer promises to pay in one or more deferred installments the time sale price of goods or services, or both. The term includes a chattel mortgage, conditional sales contract, and a contract for the bailment or leasing of goods by which the bailee or lessee contracts to pay as compensation for its use a sum substantially equivalent to or in excess of its value and by which it is agreed that the bailee or lessee is bound to become, or for no further or a merely nominal consideration has the option of becoming, the owner of the goods upon full compliance with the provisions of the contract.

(i) "Cash sale price" means the price stated in a retail installment contract or in a sales slip or other memorandum furnished by a retail seller to a retail buyer under or in connection with a retail charge account agreement for which the seller would have sold or furnished to the buyer, and the buyer would have bought or obtained from the seller, the goods or services which are the subject matter of the retail installment transaction, if the sale had been a sale for cash. The cash sale price may include any taxes, registration, certificate of title, license, and official fees, and cash sale prices for services, if any, and for accessories and their installation and for delivery, servicing, repairing, or improving the goods.

(j) "Official fees" means the fees prescribed by law for filing, recording, or otherwise perfecting and releasing or satisfying any title or lien retained or taken by a seller in connection with a retail installment transaction.

(k) to (m) * * * [Same as parent volume.]

(n) "Sales finance company" means a person engaged, in whole or in part, in the business of purchasing retail installment contracts from one or more sellers. The term includes, but is not limited to, a bank, trust company, investment company, or savings and loan association, if so engaged. The term does not include a person who makes only isolated purchases of retail installment contracts, which purchases are not being made in the course of repeated and successive purchases of retail installment contracts from the same seller.

(o) and (p) * * * [Same as parent volume.]

(q) "Department" means the department of business regulation provided for in Title 82A, chapter 4.

74-603. Licensing of sales finance companies required.**Compiler's Notes**

Section 170, Ch. 431, Laws 1975, substi-

tuted "department" in this section for "superintendent."

74-604. Denial, suspension, or revocation of licenses. (1) Renewal of a license originally granted under 74-603 may be denied or a license may be suspended or revoked by the department on the following grounds:

- (a) material misstatement of fact in the application for license;
- (b) willful failure to comply with any provision of this act relating to retail installment contracts;
- (c) defrauding any retail buyer to the buyer's damage;
- (d) fraudulent misrepresentation, circumvention, or concealment by the licensee through subterfuge or device of any of the material particulars or the nature thereof required to be stated or furnished to the retail buyer under this act.

(2) If a licensee is a partnership, association, or corporation, it is sufficient cause for the suspension or revocation of a license that any officer, director, or trustee of a licensed association or corporation or any member of a licensed partnership has acted or failed to act so as to provide cause for suspending or revoking a license to that party as an individual. Each licensee is responsible for the acts of his employees while acting as his agent, if the licensee after actual knowledge of the acts retained the benefits, proceeds, profits, or advantage accruing from the acts or otherwise ratified the acts.

(3) (a) A license may not be denied, suspended, or revoked except after hearing. The department shall give the licensee at least 10 days' written notice, in the form of an order to show cause, of the time and place of the hearing by certified mail addressed to the licensee's principal place of business in this state. The notice shall contain the grounds of complaint against the licensee.

(b) An order suspending or revoking a license shall recite the grounds upon which it is based. The order shall be entered upon the records of the department and is not effective until 30 days after written notice has been forwarded by certified mail to the licensee at his principal place of business.

(c) No revocation, suspension, or surrender of a license impairs or affects the obligation of a lawful retail installment contract acquired previously by the licensee.

History: En. Sec. 4, Ch. 282, L. 1959; amd. Sec. 138, Ch. 431, L. 1975; amd. Sec. 14, Ch. 185, L. 1977.

The 1975 amendment substituted "under section 74-603" for "under this act" in subsection (a); substituted "department" for "superintendent" throughout the section; substituted "until thirty (30) days after written notice has been forwarded by registered mail" for "until after thirty (30) days' written notice thereof given

after such entry forwarded by registered mail" in subsection (c); deleted a subsection (d) which provided for review of an order of the superintendent; and made minor changes in phraseology, punctuation and style. For prior version, see parent volume.

The 1977 amendment redesignated subsections (a) to (c) as subsections (1) to (3); substituted "certified mail" for "registered mail" in subdivisions (3)(a) and (3)(b); and made minor changes in phraseology, punctuation and style.

74-605. Investigations and complaints. (a) The department may make those investigations it considers necessary and, to the extent necessary for this purpose, it may examine a licensee or any other person and may compel the production of relevant books, records, accounts, and documents.

(b) A retail buyer having reason to believe that this act relating to his retail installment contract has been violated may file with the department a written complaint setting forth the details of the alleged violation and the department, upon receipt of the complaint, may inspect the pertinent books, records, letters, and contracts of the licensee and retail seller involved.

History: En. Sec. 5, Ch. 282, L. 1959; amd. Sec. 139, Ch. 431, L. 1975.

Amendments

The 1975 amendment substituted "department" for references to the superin-

tendent of banks or his duly authorized representative; deleted "relating to such specific written complaint" from the end of the section; and made minor changes in phraseology and punctuation.

74-606. Powers of department. (1) The department shall adopt rules necessary to carry out the intent and purposes of this act. All rules of general application shall be filed in the office of the department. A copy of every rule shall be mailed to each licensee, postage prepaid, at least 15 days in advance of its effective date. However, the failure of a licensee to receive a copy of the rules does not exempt him from the duty of compliance with those rules lawfully adopted under the provisions of this section.

(2) The department may issue subpoenas to compel the attendance of witnesses and the production of documents, papers, books, records, and other evidence before it in any matter over which it has jurisdiction, control, or supervision pertaining to this act. The department may administer oaths and affirmations to a person whose testimony is required.

(3) If a person refuses to obey a subpoena, or to give testimony or produce evidence as required by it, a judge of the district court of the county in which the licensed premises are located may, upon application and proof of the refusal, issue a subpoena or subpoena duces tecum for the witness to appear before the department to give testimony and produce evidence as may be required. The clerk of court shall then issue the subpoena, as directed, under the seal of the court, requiring the person to whom it is directed to appear at the time and place designated in it.

(4) If a person served with a subpoena refuses to obey it or to give testimony or produce evidence as required by it, the department may apply to the judge of the court issuing the subpoena for an arrest warrant for that person, as for a contempt. The judge, upon satisfactory proof of the refusal, shall issue an arrest warrant, directed to any sheriff, constable, or police officer, for the arrest of that person and, upon his being brought before the judge, proceed to a hearing of the case. The judge may compel:

- (a) obedience to the subpoena;
- (b) the answering of any question;
- (c) the production of any evidence that may be proper; or
- (d) the witness to pay the costs of the proceeding.

(5) Failure to comply with the requirements of subsections (4)(a), (b), or (c) is punishable by a fine not exceeding \$100 or by imprisonment in the county jail, or both.

History: En. Sec. 6, Ch. 282, L. 1959; amd. Sec. 140, Ch. 431, L. 1975; amd. Sec. 15, Ch. 185, L. 1977.

Amendments

The 1975 amendment substituted "department" for "superintendent" throughout the section; deleted "and promulgate" after "adopt" at the beginning of subsection (a); deleted references to regulations after "rules" throughout the section; and

made minor changes in phraseology and punctuation.

The 1977 amendment redesignated subsections (a) to (c) as subsections (1) to (3); divided former subsection (d) into subsections (4) and (5) and inserted the subdivision designations; substituted "arrest warrant" for "attachment" in two places in subsection (4); and made minor changes in phraseology, punctuation and style.

74-608. Finance charge limitation. (1) Notwithstanding the provisions of any other law, the finance charge included in a retail installment contract shall not exceed the following schedule:

(a) As to motor vehicles:

Class 1. Any new motor vehicle designated by the manufacturer by a year model not earlier than the year in which the sale is made \$7 per \$100 per year.

Class 2. Any new motor vehicle not in class 1 and any used motor vehicle designated by the manufacturer by a year model of the same or not more than 2 years prior to the year in which the sale is made \$9 per \$100 per year.

Class 3. Any used motor vehicle not in class 2 and designated by the manufacturer by a year model more than 2 years prior to the year in which the sale is made—\$11 per \$100 per year.

(b) As to any industrial or construction equipment primarily designed for or used in construction, logging, mining, or other industrial business, the price of which is over \$5,000, \$9 per \$100 per year. This subsection shall not apply to agricultural equipment.

(c) As to services and goods other than as provided under subsections (1)(a) and (1)(b) above:

(i) on so much of the principal balance as does not exceed \$300, \$11 per \$100 per year;

(ii) if the principal balance exceeds \$300 but is less than \$1,000, \$9 per \$100 per year on that portion over \$300;

(iii) if the principal balance exceeds \$1,000, \$7 per \$100 per year on that portion over \$1,000.

(2) Such finance charge shall be computed on the principal balance as determined under 74-607(f) on contracts payable in successive monthly payments substantially equal in amount from the date of the contract until the maturity of the final installment, notwithstanding that the total time balance thereof is required to be paid in installments. A minimum finance charge of \$20 may be charged on any retail installment contract.

(3) When a retail installment contract provides for payment other than in equal successive monthly installments, the finance charge may be

a rate which will provide the same yield as is permitted on monthly payment contracts under subsections (1) and (2) hereof, having due regard for the schedule of payments in the contract.

(4) Notwithstanding the provisions of any other law, a retail charge account agreement may provide for and the seller or holder may charge, collect, and receive a finance charge as specified herein for the privilege of paying in installments thereunder. The finance charge may be computed from month to month (which need not be a calendar month) or other regular billing cycle period by applying a rate not to exceed $1\frac{1}{2}\%$ for each such monthly period to an amount (not including any unpaid finance charge) not in excess of the greatest of:

(i) the average daily balance in the account in the billing cycle period;

(ii) the ending balance of the account as of the last day of the billing cycle less the amount of purchases charged to the account during that billing cycle; or

(iii) the median amount within a \$10 range within which such average daily balance or beginning balance falls, provided the seller applies the same rate of finance charge to all such balances within such range.

(5) If the finance charge so determined pursuant to (4) above for such monthly period is less than 50 cents, a maximum finance charge not in excess of 50 cents may be charged, received, and collected for such period.

History: En. Sec. 8, Ch. 282, L. 1959; amd. Sec. 11-152, Ch. 264, L. 1963; amd. Sec. 2, Ch. 416, L. 1971; amd. Sec. 1, Ch. 252, L. 1975; amd. Sec. 1, Ch. 284, L. 1977.

Amendments

The 1975 amendment inserted subdivision (a)(2); redesignated former subdivision (a)(2) as (a)(3); and substituted "other than as provided under subsections (1) and (2) above" for "other than motor vehicles" in the introductory clause of subdivision (a)(3).

The 1977 amendment redesignated subsections (a) to (e) as subsections (1) to (5); inserted clause (ii) in subsection (4); and made minor changes in phraseology, punctuation and style.

Constitutionality

This act is constitutional both before and after the 1971 amendments making it applicable to revolving charge accounts; the finance charges permitted by this act are time price differentials included in the price of goods purchased on credit and payable in installments and as such are not subject to constitutional or statutory limitations on interest rates; the act is a codification of the time price doctrine; the act is not a special or local law regu-

lating the rate of interest on money in violation of Art. V, Sec. 26 of the 1889 Constitution since the finance charges imposed pursuant to the act are time price differentials rather than interest and since there is a reasonable basis for the classification and different treatment of those involved in revolving charge transactions; the act does not grant special or exclusive privileges as prohibited by Art. V, Sec. 26 of the 1889 Constitution or interfere with the right to acquire property guaranteed by Art. III, Sec. 3 of the 1889 Constitution since the legislative classifications in the act are constitutionally permissible. *Cecil v. Allied Stores Corp.*, — M —, 513 P 2d 704.

Revolving Charge Account Sales

This act, prior to amendment in 1971, regulated only "closed end" retail installment contracts and not revolving charge accounts; retailer which imposed finance charges on revolving charge accounts on basis of balance from previous monthly billing cycle prior to 1971 amendment of this act was not in violation of this act since it was inapplicable. *Cecil v. Allied Stores Corp.*, — M —, 513 P 2d 704.

74-610. Refinancing retail installment contract. The holder of a contract, upon request by the buyer, may extend the scheduled due date of all or any part of any installment or installments or defer payment or pay-

ments or renew or restate the unpaid time balance of such contract, the amount of the installments, and the time schedule therefor and may collect for such extension, deferment, renewal, or restatement a refinance charge computed as follows: The holder may compute the refinance charge on the unpaid time balance to be extended, deferred, renewed, or restated by adding to such unpaid time balance the cost for any insurance and other benefits incidental to the refinancing plus any accrued delinquency and collection charges, after deducting any refund which may be due the buyer as for a prepayment pursuant to 74-609 at the rate of the finance charge specified in 74-608(1) and by reclassifying in the case of motor vehicles by its then year model for the term of the refinancing agreement but otherwise subject to the provisions of this act governing computation of the original finance charge. The provisions of this act relating to minimum finance charges under 74-608(2) and an acquisition cost under 74-609 shall not apply in calculating refinance charges on the contract extended, deferred, renewed, or restated. If all unpaid installments are deferred for not more than 2 months, the holder may at his election charge and collect for such deferment an amount equal to the difference between:

(1) the refund required for prepayment in full under 74-609 as of the scheduled due date of the first deferred installment, and

History: En. Sec. 2410, Civ. C. 1895; re-en. Sec. 5122, Rev. C. 1907; re-en. Sec. 7625, R. C. M. 1921; Sec. 66-213, R. C. M. 1947; redes. 74-701 by Sec. 1, Ch. 263, L. 1977. Cal. Civ. C. Sec. 1792. Field Civ. C. Sec. 896.

Amendments

The 1977 amendment renumbered this section.

74-702. Sale by auction. (1) In a sale by auction of goods by lot, each lot is the subject of a separate sale.

(2) A sale by auction is complete when the auctioneer so announces by the fall of the hammer or other customary manner. Where a bid is made while the hammer is falling in acceptance of a prior bid the auctioneer may in his discretion reopen the bidding or declare the goods sold under the bid on which the hammer was falling.

(3) Such a sale is with reserve unless the goods are in explicit terms put up without reserve. In an auction with reserve the auctioneer may withdraw the goods at any time until he announces completion of the sale. In an auction without reserve, after the auctioneer calls for bids on an article or lot, that article or lot cannot be withdrawn unless no bid is made within a reasonable time. In either case a bidder may retract his bid until the auctioneer's announcement of completion of the sale, but a bidder's retraction does not revive any previous bid.

(4) If the auctioneer knowingly receives a bid on the seller's behalf or the seller makes or procures such a bid, and notice has not been given that liberty for such bidding is reserved, the buyer may at his option avoid the sale or take the goods at the price of the last good faith bid prior to the completion of the sale. This subsection does not apply to any bid at a forced sale.

The 1975 amendment added the provi-

75-5903. Request and determination of number of high school district additional trustee positions. As provided in subsection (2) (b) of section 75-5902, each high school district, except a high school district operating a county high school, may have additional trustee positions when the trustees of a majority of the elementary districts with territory located in the high school district, but without representation on the high school district trus-

tees under the provision of subsection (2) (a) of section 75-5902, request the establishment of such additional trustee positions.

A request for additional trustee positions shall be made to the county superintendent by a resolution of the trustees of each elementary district. When a resolution has been received from a majority of the elementary districts without representation on the high school district trustees, the county superintendent shall determine the number of additional trustee positions for the affected high school district in accordance with the following procedure:

(1) to (3). * * * [Same as parent volume.]

The number determined in subsection (3) above shall be the number of additional trustee positions except that the number of additional trustee positions shall not exceed four (4) in a first or second class high school district or two (2) in a third class high school district except when two-thirds ($2/3$) or more of the high school enrollment of the high school district and two-thirds ($2/3$) or more of the taxable valuation of the high school district are located outside of the elementary district which has its trustees placed on the high school district trustees. When this situation exists, three (3) additional trustees shall be elected from the elementary school districts where the high school is not located and one (1) additional trustee shall be elected at large in the high school district.

History: En. 75-5903 by Sec. 32, Ch. 5, L. 1971; amd. Sec. 1, Ch. 328, L. 1973.

Amendments

The 1973 amendment combined the two final paragraphs; deleted provision for the designation of an additional trustee position by the county superintendent; in-

serted "When this situation exists, three (3) additional trustees shall be elected from the elementary school districts where the high school is not located" in the final sentence; and substituted "one (1) additional trustee" for "The person who fills such additional trustee position" in the final sentence.

75-5906. Election and term of office. Every trustee position prescribed by this title shall be subject to election and the term of office for each position shall be three (3) years unless it is otherwise specifically prescribed by this title.

History: En. 75-5906 by Sec. 35, Ch. 5, L. 1971; amd. Sec. 1, Ch. 122, L. 1975.

Amendments

The 1975 amendment deleted "except

the trustee positions of a high school district operating a county high school" before "shall be subject to election."

75-5907. Legislative intent to elect less than majority of trustees. It is the intention of the legislature that the terms of a majority of the trustee positions of any district with elected trustees shall not regularly expire and be subject to election on the same regular school election day. Therefore, in elementary districts, there shall not be more than three (3) trustee positions in first class districts, two (2) trustee positions in second class districts, or third class districts having five (5) trustee positions, or one (1) trustee position in third class districts having three (3) trustee positions regularly subject to election at the same time. In high school districts there shall not be more than two (2) additional trustee positions in first or second class districts, or more than one (1) in third class districts regularly subject to election at the same time. In high school dis-

tricts operating a county high school, there shall not be more than two (2) trustee positions to be filled by members residing in the elementary district where the county high school building is located or more than one (1) trustee position to be filled by members residing outside of the elementary district where the county high school building is located subject to election at the same time.

While it is the intention of the legislature that the terms of a majority of trustees of any district shall not regularly expire and be subject to election at the same time, it is recognized that the following circumstances, relating to the terms of trustees appointed to newly created positions or to positions vacated by death, resignation or operation of law, may lead to a subsequent school election in which a majority of trustee positions are subject to election at the same time:

(1) the creation of a new elementary district under the provisions of section 75-6518;

(2) the consolidation of two (2) or more elementary districts to form an elementary district under the provisions of section 75-6506;

(3) the establishment of additional trustee positions of a high school district under the provisions of section 75-5904 or 75-5905;

(4) the change of a district's classification under the provisions of section 75-6503;

(5) the filling of a trustee position which has become vacant under the provisions of section 75-5917 or any other provision of law;

(6) the establishment of additional elementary trustee positions under the provisions of section 75-5902 (c); or

(7) any other circumstance arising under the law wherein a trustee position is filled by appointment subject to election at the next regular school election.

History: En. 75-5907 by Sec. 36, Ch. 5, L. 1971; amd. Sec. 2, Ch. 103, L. 1975; amd. Sec. 2, Ch. 122, L. 1975.

Compiler's Notes

This section was amended twice in 1975, once by Ch. 103 and once by Ch. 122. Neither amendatory act mentioned or included the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 103, Laws of 1975, inserted "or third class districts having five (5) trustee positions" after "two (2) trustee positions in second class districts" near the middle of the first paragraph; inserted "having three (3) trustee positions" before "regularly subject to election" near the middle of the first paragraph; inserted item (6) in the second paragraph; and made minor changes in phraseology and style.

Chapter 122, Laws of 1975, added the last sentence to the first paragraph.

75-5908. Determination of terms after creation or consolidation of elementary districts. Whenever the trustees are elected at one (1) regular school election under the circumstances described in subsections (1) and (2) of section 75-5907, the members who are elected shall draw by lot to determine their terms of office. Such terms of office by trustee position shall be:

(1) three (3) for three (3) years, two (2) for two (2) years, and two (2) for one (1) year in a first class elementary district;

(2) two (2) for three (3) years, two (2) for two (2) years, and one (1) for one (1) year in second class elementary districts and third class elementary districts having five (5) trustee positions; or

When additional trustees in a high school district are to be elected, a separate ballot shall be used in each nominating district showing only the names of those candidates for which the electors of such district are entitled to vote.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 165 and once by Ch. 259. Neither amendatory act mentioned or entirely incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 165, Laws of 1973, changed the statutory reference in the first sentence from 75-5914 to 75-5914.1; and deleted "except that write-in voting shall not be available in a first class elementary district" from the end of the second paragraph.

Chapter 259, Laws of 1973, deleted the reference to section 75-5914 at the end of the first sentence and made an additional deletion identical to that made by chapter 165.

Repealing Clause

Section 3 of Ch. 165, Laws 1973 read "Section 75-5914, R. C. M. 1947, is repealed."

Write-in Votes

Provisions as to marking of ballots are mandatory, and thus ballots on which stickers were pasted bearing the name of write-in candidate and having a pre-printed x in the box beside the name were not valid votes because voters had failed to mark the ballot as required by law. State ex rel. Browne v. District Court, — M —, 539 P 2d 1182.

75-5916. Qualification and oath. Any person who receives a certificate of election as a trustee under the provisions of section 75-6423 shall not assume the trustee position until he has qualified. Such person shall qualify by completing and filing an oath of office with the county superintendent not more than fifteen (15) days after the receipt of the certificate of election. After a person has qualified for a trustee position, he shall hold such position for the term of the position and until his successor has been elected or appointed and has been qualified.

If the elected person does not qualify in accordance with this requirement, a person shall be appointed in the manner provided by section 75-5918 and shall serve until the next regular election.

(1) Whenever a trustee position becomes vacant in any district except a third-class district, the remaining members of the trustees shall declare such position vacant and they shall appoint, in writing, a competent person as a successor. The trustees shall notify the appointee and the county superintendent of such appointment.

(2) Whenever a trustee position becomes vacant in a third-class district, the remaining members of the trustees shall declare such position vacant and notify the county superintendent of the vacancy. The county superintendent shall appoint, in writing, a competent person as a successor and notify such person of his appointment.

(3) Any person who has been appointed to a trustee position shall qualify by completing and filing an oath of office with the county superintendent within 15 days after receiving notice of his appointment. Failure to file the oath of office shall constitute a continuation of the trustee position vacancy which shall be filled under the provisions of this section.

(4) Any person assuming a trustee position under the provisions of this section shall serve until the next regular school election and his successor has qualified.

75-6012. Enactment. The interstate agreement on qualification of educational personnel is enacted into law and entered into with all jurisdictions legally joining therein in the form substantially as follows:

Article 1. Purpose—findings—policy.

(1) The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it and to authorize specific interstate educational personnel contracts to achieve that end.

(2) The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators are lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

Article II. Definitions. As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise, the following definitions apply:

(1) "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

(2) "Designated state official" means the educational official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

(3) "Accept", or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

(4) "State" means a state, territory, or possession of the United States, the District of Columbia, or the commonwealth of Puerto Rico.

(5) "Originating state" means a state (and the subdivisions thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

(6) "Receiving state" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

Article III. Interstate educational personnel contracts. (1) The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this article only with states in which he finds that there are programs of education, certification standards, or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable even though not identical to that prevailing in his own state.

(2) Any such contract shall provide for:

(a) its duration;

(b) the criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state;

(c) such waivers, substitutions, and conditional acceptance as shall aid the practical effectuation of the contract without sacrifice of basic educational standards; and

(d) any other necessary matters.

(3) No contract made pursuant to this agreement shall be for a term longer than 5 years but any such contract may be renewed for like or lesser periods.

(4) Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of

any persons qualified because of successful completion of a program prior to January 1, 1954.

(5) The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

(6) A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report not less than once a year to the heads of the appropriate education agencies of the contracting states.

Article IV. Approved and accepted programs. (1) Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

(2) To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article V. Interstate cooperation. The party states agree that:

(1) they will, so far as practicable, prefer the making of multilateral contracts pursuant to Article III of this agreement; and

(2) they will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

Article VI. Agreement evaluation. The designated state officials of any party states may meet from time to time as a group to evaluate progress under the agreement and to formulate recommendations for changes.

Article VII. Other arrangements. Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

Article VIII. Effect—withdrawal. (1) This agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

(2) Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

(3) No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

Article IX. Construction—severability. This agreement shall be liberally construed so as to effectuate the purpose thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement is held to be contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

Such notification shall include a printed copy of section 75-6104, R. C. M. 1947, for the teacher's information. Any tenure teacher who receives a notice of termination may request, in writing ten (10) days after the receipt of such notice, a written statement declaring clearly and explicitly the specific reason or reasons for the termination of his services, and the trustees shall supply such statement within ten (10) days after the request. Within ten (10) days after the tenure teacher receives the statement of reasons for termination, he may request in writing a hearing before the trustees to reconsider their termination action. When a hearing is requested, the trustees shall conduct such a hearing and reconsider their termination action within ten (10) days after the receipt of the request for a hearing. This section was amended twice in 1974, once by Ch. 157 and once by Ch. 218. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

ter "in writing" in the first sentence and inserted the second sentence.

Chapter 306, Laws of 1974, inserted the provision for appointment of an attorney by the county superintendent in the next to last sentence and made a minor change in punctuation.

Notice of Dismissal

Where, after vote by the board of trustees, teacher was notified of his dismissal by superintendent and not the board itself, there was no violation of the statute, since the superintendent's action was a purely ministerial one performed in his capacity as chief executive officer of the trustees. *School District No. 4 v. Colburg*, — M —, 547 P 2d 84.

DECISIONS UNDER FORMER LAW

Notice of Dismissal

Certified letter from chairman of school board to tenure teacher which informed teacher that termination of her services was deemed necessary due to a drop in enrollment of her class was legally sufficient as a notice; this section does not require that the notice contain a statement of appeal procedure. *Schweigert v. Board of Trustees of Evergreen School Dist. No. 50*, — M —, 515 P 2d 85.

Teacher's Petition for Reconsideration of Termination

Teacher who failed to file petition for a formal hearing to reconsider termination until more than forty-five days after receiving notice of termination failed to file request in a timely manner and the right to a hearing under this section had expired; fact that board reaffirmed its decision forty days after receipt of original notification did not revive expired rights. *Schweigert v. Board of Trustees of Evergreen School Dist. No. 50*, — M —, 515 P 2d 85.

75-6105.1. Notification of nontenure teacher re-election. (1) The trustees shall provide written notice to all nontenure teachers who have been re-elected by the fifteenth day of April. Any nontenure teacher who does not receive notice of re-election or termination shall be automatically re-elected for the ensuing school fiscal year. Any nontenure teacher who receives notification of his re-election for the ensuing school fiscal year shall provide the trustees with his written acceptance of the conditions of such re-election within twenty (20) days after the receipt of the notice of re-election. Failure to so notify the trustees within twenty (20) days may be considered nonacceptance of the tendered position. The provisions of this section shall not apply to cases in which a nontenure teacher is terminated when the financial condition of the school district requires a reduction in the number of teachers employed and the reason for the termination is to reduce the number of teachers employed.

(2) When the trustees notify a nontenure teacher of termination, the teacher may within ten (10) days after receipt of such notice make written request of the trustees for a statement in writing of the reasons for termination of employment. Within ten (10) days after receipt of the request the trustees shall furnish such statement to the teacher.

75-6106. Teacher certification registration. Any person employed as a teacher, principal, or district superintendent shall register his certificate or the district shall register its emergency authorization of employment for a teacher with the county superintendent of the county wherein he is employed in order to validate his employment status and permit payment under his employment contract. If a teacher does not register his certificate with the county superintendent within sixty (60) calendar days after the teacher begins to perform his services, he shall not be eligible to receive any further compensation under his contract of employment until he has registered his certificate. After the schools of a district have been open for sixty (60) calendar days in the current school fiscal year, the county superintendent shall notify each district of the county of each teacher who has registered his current valid certificate, and the district shall not pay any teacher who has not registered his certificate until the county superintendent does notify the district of such registration.

A teacher employed by a joint district shall register his certificate with the county superintendent of the county in which he is teaching.

History: En. 75-6106 by Sec. 87, Ch. 5, L. 1971; amd. Sec. 3, Ch. 277, L. 1977.

ty in which he is teaching" at the end of the section for "county performing the budgeting functions for the joint district, as defined in section 57-6720."

Constitutionality

The last two sentences of this section violated neither Article VII, § 4(2) nor Article X, § 8 of the 1972 Montana Constitution. *School District No. 12 v. Hughes*, — M —, 552 P 2d 328.

Teacher's Right to Due Process

School boards in proceedings under this section must observe the elementary and fundamental principles of judicial inquiry; where a teacher is dismissed, dis-

missal must be based upon evidence supporting the specific charge against the teacher and not on other grounds; therefore, where a school board called a teacher to answer for a half-day's absence from school, then proceeded to question him not only about that specific absence but others over a nine-year period and dismissed him, he was entitled to reinstatement. *Board of Trustees of School District No. 9 v. Superintendent of Public Instruction*, — M —, 557 P 2d 1048.

75-6109. Power of teacher over pupils and undue punishment. Any teacher or principal shall have the authority to hold any pupil to a strict accountability for any disorderly conduct in school, on the way to or from school, or during intermission or recess. Whenever a principal shall deem it necessary to inflict corporal punishment in order to maintain orderly conduct of a pupil, he shall administer such corporal punishment without undue anger and only in the presence of a witness. Before any corporal punishment is administered, the parent or guardian shall be notified of the principal's intention to so punish his child; except that in cases of open and flagrant defiance of the teacher, principal, or of the authority of the school, the teacher or principal may administer corporal punishment without giving such notice.

Any teacher in a district not employing a district superintendent or a principal of the school where the teacher is assigned shall have the authority to suspend a pupil for good cause and to administer corporal punishment in the presence of a witness, without undue anger. Where a district superintendent or principal is employed only he shall have the authority to suspend a pupil for good cause. Whenever a teacher suspends a pupil, he shall notify the trustees immediately of such action, and the trustees shall meet as soon as practicable to consider the suspension action of the teacher.

It shall be the duty of any teacher to report the truancy or incorrigibility of any pupil to the district superintendent, principal, or the trustees, whichever is applicable.

Any teacher or principal who shall maltreat or abuse any pupil by administering any undue or severe punishment shall be deemed guilty of a misdemeanor and, upon conviction of such misdemeanor by a court of competent jurisdiction, shall be fined not more than \$100.

History: En. 75-6109 by Sec. 90, Ch. 5, L. 1971; amd. Sec. 1, Ch. 388, L. 1977.

Amendments

The 1977 amendment inserted "or principal" after "teacher" throughout the sec-

tion; substituted references to principal for references to teacher in two places in the first paragraph; substituted "a witness" at the end of the second sentence of the first paragraph for "the principal, if there be one"; and added "and to ad-

minister corporal punishment in the presence of a witness, without undue anger" to the end of the first sentence of the second paragraph. For prior version, see parent volume.

75-6112. Appointment and dismissal of district superintendent or county high school principal. The trustees of any high school district, except a county high school, and the trustees of the elementary district where its high school building is located shall jointly employ and appoint a district superintendent. The trustees of a county high school shall employ and appoint a district superintendent except that they may employ and appoint a holder of a class 3 teacher certificate with a district superintendent endorsement as the county high school principal in lieu of a district superintendent. The trustees of any other district may employ and appoint a district superintendent.

Whenever a joint board of trustees has been formed by a county high school and the elementary district where the county high school is located, such joint board shall jointly employ and appoint a district superintendent. During the term of contract of the jointly appointed district superintendent, neither district shall separately employ and appoint a district superintendent or county high school principal.

The written contract of employment of a district superintendent or a county high school principal shall be authorized by the proper resolution of the trustees of the district or the joint board of trustees, and executed in duplicate by the chairman of the trustees or joint board of trustees and the clerks of the districts, in the name of the districts, and by the district superintendent or the county high school principal. Such contract shall be for a term of not more than three (3) years and, after the second successive contract, the contract shall be deemed to be renewed for a further term of one (1) year from year to year thereafter unless the trustees shall, by resolution passed by a majority vote of its membership, resolve to terminate the services of the district superintendent or the county high school principal at the expiration of his existing contract. The trustees shall take such termination action and notify the district superintendent or the county high school principal in writing of their intent to terminate his services at the expiration of his current contract not later than the first day of February of the last year of such contract.

Whenever a joint board of trustees employs a person as the district superintendent, the elementary district and the county high school shall prorate the compensation provided by the contract of employment on the basis of the number of teachers employed by each district.

At any time the class 3 teacher certification or the endorsement of the certificate of a district superintendent or a county high school principal that qualifies such person to hold such position becomes invalid, the trustees of the district or the joint board of trustees shall discharge such person as the district superintendent or county high school principal regardless of the unexpired term of his contract. The trustees shall not compensate him under the terms of his contract for any services rendered subsequent to the date of the invalidation of his teacher certificate.

No district superintendent or county high school principal shall engage in any work or activity which the trustees may deem to be in conflict with

his duties and employment as the district superintendent or county high school principal.

(1) The moneys shall be invested and reinvested by the state board of investments.

(2) The retirement board annually shall establish the rate of regular interest.

(3) The retirement board annually shall divide among the several funds of the retirement system an amount equal to the average balance of the funds during the preceding fiscal year multiplied by the rate of

regular interest. In accordance with the provisions of 75-6207(4)(e), the amount to be credited to each fund shall be allocated from the interest and other earnings on the moneys of the retirement system actually realized during the preceding fiscal year, less the amount allocated to the expense fund under the provisions of 75-6207(5).

(4) The state treasurer is the custodian of the collected retirement system moneys and of the securities in which the moneys are invested. All expenditures from the moneys may be made only upon claims signed by two persons designated by the retirement board. A properly attested copy of a resolution of the retirement board designating such persons and bearing on its face specimen signatures of each person shall be filed with the department of administration as its authority for approving such claims.

(5) Except as herein provided, no member of the retirement board or any of its employees may have an interest, direct or indirect, in the gains or profits of any investment of moneys of the retirement system. No member of the retirement board or any of its employees may, directly or indirectly, for himself or as an agent, in any manner use the moneys or deposits of the retirement system except to make such current and necessary expenditures as are authorized by the retirement board. No member of the retirement board or any of its employees may become an endorser or surety or in any manner an obligor for moneys loaned by or borrowed from the retirement system.

(6) The retirement board may, in its discretion, transfer the amount in the annuity savings account of an inactive member to the pension accumulation fund if the account has been dormant for a period of 7 years. No right of the member may be jeopardized by such transfer, and the amount shall be transferred back to the member's annuity savings account upon his request.

(7) All the funds established by 75-6207, except the expense fund, shall be accounts in the agency fund of the treasury fund structure of the state. The expense fund shall be an account in the earmarked revenue fund of the same treasury fund structure.

(8) The assets of the retirement system may not be used for or diverted to any purpose other than for the exclusive benefit of the members and their beneficiaries and for paying the reasonable expenses of administering the retirement system.

(9) Upon termination of the retirement system, termination of employment of a substantial number of members which would constitute a partial termination of the retirement system, or complete discontinuance of contributions to the retirement system, the retirement allowance accrued to each member directly affected by such occurrence becomes fully vested and nonforfeitable to the extent funded.

Compiler's Notes

This section was amended twice in 1977, once by Ch. 127 and once by Ch. 331. Since the amendments do not appear to conflict, the code commissioner has made a composite section embodying the changes made by both amendments.

Amendments

The 1973 amendment substituted "board of investments" for "board of land commissioners" at the end of subdivision (1); and deleted "on the basis of the interest earnings of the retirement system for the preceding year and of the probable earnings to be made, in the judgment of the board, during the immediate future" from the end of subdivision (2).

Chapter 127, Laws of 1977, changed statute references in this section to reflect amendments of those sections; and made minor changes in phraseology, punctuation and style.

Chapter 331, Laws of 1977, added subdivisions (8) and (9).

(2) Annuity savings fund—the annuity savings fund is a fund in which the contributions from the members to provide for their annuities shall be accumulated in individual accounts for each member. Contributions to and payments from the annuity savings fund shall be made in the following manner:

(a) Each employer shall deduct from the compensation of each active member on the payroll for each payroll period on and subsequent to the date on which the member became a member an amount equal to 6.187% of the member's earned compensation.

(b) The deduction shall be made notwithstanding that the minimum compensation provided by law for a member may be reduced thereby. Every member is considered to consent to the deductions prescribed by this section, and payment of salary or compensation less the deductions is a complete discharge of all claims whatsoever for the services rendered by the member during the period covered by the payment, except as to the benefits provided by the retirement system.

(c) In addition to the contributions deducted from compensation and subject to the approval of the retirement board, any member may redeposit in the annuity savings fund, by a single payment or by an increased rate of contribution, an amount equal to any accumulated contributions which he has previously withdrawn, plus interest in the amount the contributions would have earned had the contributions not been withdrawn.

(d) The accumulated contributions of a member, withdrawn by him or paid to his estate or to his designated beneficiary in event of his death, shall be paid from the annuity savings fund. Upon the retirement of a member, his accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve fund.

(3) Annuity reserve fund—the annuity reserve fund is the fund in which the reserves on all annuities in force shall be held and from which shall be paid all annuities and all benefits in lieu of annuities shall be paid. If a beneficiary retired on account of disability is restored to active service with a compensation not less than his average final compensation at the time of his last retirement, his annuity reserve shall be transferred from the annuity reserve fund to the annuity savings fund and credited to his individual account therein.

(4) Pension accumulation fund—the pension accumulation fund is the fund in which the reserves for payment of pensions shall be accumulated and from which pensions and benefits in lieu thereof shall be paid to or on account of beneficiaries credited with prior service. Contributions to and payments from the pension accumulation fund shall be made as follows:

(a) Each employer shall pay into the pension accumulation fund an amount equal to 6.312% of the earned compensation of each member employed during the whole or part of the preceding payroll period.

(b) If the employer is a district or community college district, the trustees shall budget and pay for the employer's contribution under the provisions of 75-7204.

(c) If the employer is the superintendent of public instruction, a public institution of the state of Montana, a unit of the Montana university system, or the Montana state school for the deaf and blind, the legislature shall appropriate to the employer an adequate amount to allow the payment of the employer's contribution.

(d) If the employer is a county, the county commissioners shall budget and pay for the employer's contribution in the manner provided by law for the adoption of a county budget and for payments under the budget.

(e) All interest and other earnings realized on the moneys of the retirement system shall be credited to the pension accumulation fund, and the amounts required to allow regular interest on the annuity savings fund and the annuity reserve fund shall be transferred to the respective funds from the pension accumulation fund.

(f) All pensions and benefits in lieu thereof, including pensions payable under 75-6218, shall be paid from the pension accumulation fund.

(g) The retirement board may, in its discretion, transfer to and from the pension accumulation fund the amount of any surplus or deficit which may develop in the reserve creditable to the annuity reserve fund, as shown by actuarial valuation, and also an amount to cover expenses of administration.

(5) Expense fund—the expense fund is the fund to which all moneys for the administrative expenses of the retirement system shall be credited and from which the expenses of administration of the retirement system shall be paid, exclusive of amounts payable as retirement allowances or other benefits. The retirement board shall determine annually the amount required for the expense fund to defray the administrative expense in the ensuing fiscal year and shall credit such an amount to the expense fund out of the pension accumulation fund from interest and other earnings realized on the moneys of the retirement system.

History: En. 75-6207.1 by Sec. 2, Ch. 443, L. 1977.

Title of Act

An act to provide for an increase in retirement allowances received under the

teachers' retirement system by beneficiaries who were receiving such allowances prior to July 1, 1971; providing funding for the increase; amending section 75-6207 and 75-6208, R. C. M. 1947.

75-6208. Benefits. (1) The retirement, disability, and other benefits of the retirement system shall be granted on the basis of the provisions of subsections (2) through (8).

(2) Superannuation retirement:

(a) A member who has at least 5 full years of creditable service, whose last 5 years of creditable service were in this state and who has attained the age of 60 or has been credited with full-time or part-time service in 30 or more years may retire from service if he files with the retirement board his written application setting forth the fact of his retirement.

(b) (i) Any member in service who has attained the age of 70 years during any school year shall be retired on September 1 following his 70th birthday. This provision does not apply to teachers in the Montana university system, who may be employed beyond the age of 70 upon the recommendation of the president of the employing unit to the board of regents.

(ii) Members over 70 years of age may not:

(A) be allowed creditable service for services rendered after the end of the school year in which the age of 70 was attained;

(B) contribute to the retirement system after the end of such school year; and

(C) have the compensation received after the end of such school year used in computing average final salary.

(c) Initial employment of teachers in the Montana university system beyond the age of 70 may be made upon the recommendation of the president of the employing unit and the approval of the board of regents, but such employees shall be denied membership in the retirement system.

(d) Any retired member may be employed as a part-time or substitute teacher in Montana and may earn, without loss of retirement benefits, the greater of an amount not to exceed one-fourth of his average final compensation and one-fourth of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(3) Allowance for superannuation retirement:

(a) Upon superannuation retirement a member shall receive a retirement allowance consisting of a pension which, together with an annuity, provides a retirement allowance equal to one-sixtieth of his average final compensation multiplied by the number of years of creditable service.

(b) The minimum annual retirement allowance for a member who has 30 or more years of creditable service is \$2,400, and the minimum retirement allowance for a member whose creditable service is less than 30 years is based on an amount which bears the same ratio to \$2,400 as his service bears to 30 years.

(c) On July 1, 1977, every beneficiary receiving a retirement allowance who was receiving such allowance prior to July 1, 1971, will be entitled to an increase in his monthly retirement allowance of \$1 per month for each year of creditable service plus \$2 per month for each year he was retired prior to July 1, 1971. In the case of beneficiaries who are receiving an early retirement allowance, the latter figure of \$2 per month shall be multiplied by a fraction, the numerator of which is the number of years of his creditable service and the denominator of which is 30.

(d) A member who has at least 5 years of creditable service, whose last 5 years of creditable service were in this state, and who has attained the age of 55 may retire from service and be eligible for an early retirement allowance, if he files with the retirement board his written application setting forth the fact of his retirement. The early retirement allowance shall be determined as prescribed in subsections (3)(a) and (3)(b), with the exception that the allowance will be reduced by $\frac{1}{2}$ of 1% multiplied by the number of months by which the retirement date precedes the date

on which he would have retired had he attained 60 years of age or had he completed 30 years of creditable service.

(e) In the event of the death of a member after retirement, a death benefit of \$500 is payable to his designated beneficiary.

(f) In the event payments made to an annuitant do not equal the amount of the member's accumulated contributions prior to the annuitant's death, the difference between the total retirement allowance paid and the amount of the accumulated contributions shall be paid to the beneficiary.

(4) Disability retirement:

(a) Upon the application of an active member or of his employer for a disability retirement allowance, any active member who has 5 or more years of creditable service may be retired by the retirement board the month immediately following the month in which his disability caused his retirement. In order for a member to be eligible for disability retirement, the retirement board must certify that he is mentally or physically incapacitated for the further performance of his duties, that such incapacity is likely to be permanent, and that he should be retired.

(b) Once each year during the first 5 years following the retirement of a member on a disability retirement allowance and once in every 3-year period thereafter, the retirement board may require, and upon the beneficiary's application, shall permit a disability beneficiary who has not yet attained the age of 60 to undergo a medical examination by the medical board or a physician or physicians designated by the medical board. The examination shall be made at the place of residence of the beneficiary or other place mutually agreed upon. Should a disability beneficiary who has not yet attained the age of 60 refuse to submit to at least one medical examination in any year by the medical board or its representative, his allowance may be discontinued until his withdrawal of such refusal, and, should his refusal continue for 1 year, all his rights in and to his disability pension may be revoked by the retirement board.

(c) If the medical board reports and certifies to the retirement board that any disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation and if the retirement board concurs in such report, his pension shall be reduced to an amount which, together with his annuity and the amount earnable by him, is equal to his average final compensation. If his earning capacity is changed later, his pension may be further modified, but the new pension may not exceed the pension originally granted or an amount which, when added to the amount earnable by the beneficiary, together with his annuity equals his average final compensation. A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which he was retired may not become a member of the retirement system while receiving a reduced benefit.

(d) If a disability beneficiary under age 60 is restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease and he shall again become an active member of the retirement system. Any prior service certificate on the basis of which his service was computed at the time of his disability retirement shall be

restored to full force, and, upon his subsequent retirement, he shall be credited with such prior service and all his subsequent service as a member. If he is restored to active service on or after the attainment of the age of 55 years, his pension upon subsequent retirement may not exceed the pension that he would have received had he remained in service during the period of his previous retirement or the sum of the pension which he was receiving immediately prior to his last restoration to service and the pension that he would have received on account of his service since his last restoration had he entered service at that time as a new member.

(5) Allowance for disability retirement:

(a) Upon retirement for disability, a member shall receive the superannuation allowance and other benefits prescribed under subsection (3), if he is eligible.

(b) If he is not eligible for the benefits prescribed under subsection (3), he shall receive a disability retirement allowance which consists of:

(i) an annuity which is the actuarial equivalent of his accumulated contributions at the time of retirement; and

(ii) a pension which, together with his annuity, provides a total retirement allowance equal to one-sixtieth of his average final compensation multiplied by the number of years of his creditable service, if such retirement allowance exceeds one-fourth of his average final compensation; otherwise, a pension which, together with his annuity, provides a total retirement allowance equal to one-fourth of his average final compensation.

(c) No allowance under subsection (5)(b) may exceed one-sixtieth of his average final compensation multiplied by the number of years which would be creditable to him were his service to continue until the attainment of the minimum age for superannuation retirement.

(d) In the event payments made to an annuitant do not equal the amount of the member's accumulated contributions prior to the annuitant's death, the difference between the total retirement allowance paid and the amount of the accumulated contributions shall be paid to the beneficiary.

(6) Withdrawal of accumulated contributions—any inactive member electing to do so or any person whose membership terminates may withdraw his accumulated contributions from his annuity account in the retirement system in accordance with the following provisions:

(a) An inactive member under the provisions of subsection (1) or (3) of 75-6210 may elect, without right of revocation, to withdraw his accumulated contributions. If he does not withdraw his accumulated contributions, he remains an inactive member of the retirement system with the right to qualify for its benefits.

(b) Upon recovery from a disabling illness or separation from the armed forces, any person qualifying as an inactive member under the provisions of 75-6210(2) may withdraw his accumulated contributions unless he returns to active membership.

(c) Any person whose membership terminates under the provisions of 75-6211(4) may withdraw his accumulated contributions.

(7) Allowances for death of member:

(a) If a member dies before retirement, his accumulated contributions shall be paid to his estate or such person as he may have nominated by a

written designation filed with the retirement board prior to his death in the manner prescribed by the board.

(b) (i) In lieu of benefits provided for in subsection (7)(a), if the deceased member qualified by reason of service for a retirement benefit, the beneficiary nominated by the deceased member may elect to receive a monthly life annuity. The monthly life annuity shall be determined as prescribed in subsections (3)(a), (b), and (d) in the same manner as if the member elected option A provided for in subsection (8)(b)(i).

(ii) In the event payments made to an annuitant do not equal the amount of the members' accumulated contributions prior to the annuitant's death, the difference between the total annuity payments made and the amount of the accumulated contributions shall be paid to the beneficiary.

(c) If the deceased member had 5 or more years of creditable service and was an active member in the state of Montana within 1 year prior to his death, a lump-sum death benefit of \$500 is payable to his designated beneficiary.

(d) If a deceased member had 5 or more years of creditable service and was an active member in the state of Montana within 1 year prior to his death or was retired at the time of his death, the sum of \$100 per month shall be paid to each minor child of the deceased member until such child reaches his 18th birthday.

(8) Optional allowances:

(a) Until the first payment on account of any benefit becomes normally due, any member may elect to receive one of the optional allowances described in subsection (8)(b) in lieu of the normal form of retirement allowance, which is provided for in subsections (3) and (5). If a beneficiary dies within 30 days after retirement, his election to receive an optional allowance is void and his death will be considered as that of an active member.

(b) An optional allowance is the actuarial equivalent of the member's retirement or disability allowance at the time of his retirement and provides an allowance payable to him throughout his lifetime and, upon his death, an allowance payable to the person that he nominated by written designation, a duly acknowledged and filed with the retirement board at the time of his retirement, in accordance with one of the following options:

(i) Option A—the optional allowance will be paid to the member throughout his lifetime and, upon his death, continue throughout the lifetime of his designated beneficiary;

(ii) Option B—the optional allowance will be paid to the member throughout his lifetime and, upon his death, one-half of the optional allowance will be continued throughout the lifetime of his designated beneficiary;

(iii) Option C—the optional allowance will be paid to the member throughout his lifetime and, upon his death, two-thirds of the optional allowance will be continued throughout the lifetime of his designated beneficiary;

(iv) Option D—the optional allowance will be paid to the member while both the member and his designated beneficiary are living and, upon the death of either, one-half of the optional allowance will be continued throughout the lifetime of the survivor;

(v) Option E—the optional allowance will be paid to the member while both the member and his designated beneficiary are living and, upon the death of either, two-thirds of the optional allowance will be continued throughout the lifetime of the survivor; or

(vi) Option F—some other benefit will be paid either to the member or his surviving designated beneficiary in accordance with provisions approved by the retirement board.

(9) There may not be any duplication of benefits to a member or beneficiary due to there being more than one period of service of the member.

Amendments

The 1977 amendment substituted "75-6208 (6)" for "subsection (5) of section 75-6208" in subdivision (3); and made minor changes in phraseology and style.

75-6212. Membership application and creditable service. (1) Whenever a person becomes a member of the retirement system as required by 75-6209, he shall complete an application form prescribed by the retirement board.

Compiler's Notes

This section was amended twice in 1977, once by Ch. 127 and once by Ch. 331. Since the amendments do not appear to conflict, the code commissioner has made a composite section embodying the changes made by both amendments.

Amendments

The 1973 amendment designated the former final paragraph as paragraph (4); and added paragraph (5).

Chapter 127, Laws of 1977, inserted subsection designations (1) to (3); redesignated former subdivisions (1) through (5) as (3)(a), (3)(c), (3)(b), (4) and (3)(d), respectively; inserted subdivision (3)(e); and made minor changes in phraseology and style.

Chapter 331, Laws of 1977, substituted "a member of the retirement system as required by 75-6209" in the first sentence for "eligible for membership in the retirement system"; substituted "date of his employment in a capacity prescribed for his eligibility in 75-6209" in subsection (2) for "receipt of the membership application by the retirement board"; and made minor changes in phraseology.

75-6213. Creditable service for out-of-state employment, employment while on leave, service in the military, red cross, or merchant marine, and prior service. (1) A person applying for membership may also apply for creditable service in the retirement system for out-of-state employment service that would have been acceptable under the provisions of this title if such service had been performed in the state of Montana. The person shall be awarded creditable service, conditional upon his completing 5 years of active membership in Montana, for the number of years, not exceeding 5, that the retirement board determines to be creditable service, if he contributes to the retirement system an amount equal to the employee contribution for his first full year's teaching salary earned in Montana after his out-of-state service for each year of creditable service plus interest at the rate the contribution would have earned had the contribution been in his account upon the completion of 5 years of membership service in Montana. The contribution rate shall be that rate in effect at the time he is eligible for such service. The contributions may be made in a lump-sum payment or in installments as agreed between the person and the retirement board.

(2) A person applying for membership may also apply for creditable service in the retirement system for employment while on leave. The person shall be awarded creditable service, conditional upon his having been a member prior to his leave and upon his completing 5 years of active membership in Montana subsequent to his return, if his employment while on leave enhanced his teaching experience as determined by the board. The

person shall be awarded creditable service as determined by the board in an amount not exceeding 2 years, if he contributes to the retirement system an amount equal to the combined employer and employee contributions for his first full year's teaching salary earned in Montana after his return from leave for each year of creditable service plus interest at the rate the contribution would have earned had the contribution been in his account upon the completion of 5 years of membership service in Montana. The contribution rate shall be that rate in effect at the time he is eligible for such service. - (a) the trustees of the elementary district in which the child resides;

(3) third class, if it has a population of less than one thousand (1,000). The population of an elementary district shall be determined by the county superintendent on the basis of the best available population information for the district.

The county superintendent shall establish the classification of each elementary district in the county on the basis of the population determined for the district and the district classification criteria prescribed in this section. Whenever the population of an elementary district increases or decreases requiring an adjustment of the district classification according to the criteria prescribed in this section, the county superintendent shall declare such district's classification to be changed in accordance with the determined population, except that the classification of an elementary district shall not be changed more than once every five (5) years.

Whenever the county superintendent changes an elementary district's classification with the result that a larger number of trustees is required on the elementary board of trustees, the increased number of trustee posi-

tions shall be filled in the manner provided for filling trustee vacancies. Such positions shall be subject to election on the next regular school election day. If the county superintendent changes an elementary district's classification with the result that a lesser number of trustees is required, the next elementary trustee positions that become vacant under any circumstances shall not be filled until the number of elementary trustee positions has been reduced to the number required by law.

The classification of a high school district shall be the same as the classification of the elementary district where the high school building is located. Whenever the classification of such elementary district is changed, the classification of a high school district shall be changed accordingly, and the county superintendent shall adjust the number of additional high school district trustee positions in accordance with the method prescribed in section 75-5905 for the determination of the number of additional trustee positions required for a high school district. An increased number of trustee positions shall be filled by the appointment of the county superintendent and such positions shall be subject to election at the next regular trustee election. When the number of positions is decreased, the next additional high school trustee positions that become vacant under any circumstances shall not be filled until the number of trustee positions has been reduced to the number required by law.

75-6513. Joint elementary district abandonment. Any joint elementary district shall be abandoned for the reasons prescribed in 75-6512 or when the taxable value of the taxable property of the portion of the joint district that is located within any one of the counties is of so little value that the continued inclusion of such portion in the joint district is not justified. The boards of trustees designated by 75-6720 for school budgeting purposes shall be responsible for ordering the abandonment of the joint district and shall immediately send a copy of such order to the county superintendent of each county with territory in the joint district.

After the issuance or receipt of the abandonment order, each county superintendent shall attach the territory within his county to a contiguous elementary district within his county; except when the district is abandoned because of the lack of taxable property in one county's territory of the district and a school is operated in another county's territory of the district which territory has a taxable value of seventy-five thousand dollars (\$75,000) or more, the county superintendent of the county where such territory is located shall not attach it to another district. Such territory shall continue to operate as an elementary district within the county.

Any abandonment of a joint elementary district shall become effective on the date of the abandonment order except that district abandonments under the provisions of subsection (1) of 75-6512 shall become effective on the first day of July.

75-6516. Transfer of territory from one elementary district to another. A majority of the electors of any elementary district, who are qualified to vote under the provisions of section 75-6410 and who reside in territory which is a part of an elementary district, may petition the county superintendent to transfer such territory to another elementary district when:

(1) such territory is contiguous to the district to which it is to be attached;

(2) such territory is not located within three miles, over the shortest practical route, of an operating school of the district from which it is to be detached; and

(3) the transfer of such territory will not reduce the taxable value of the district to less than one hundred thousand dollars (\$100,000) unless the remaining territory of the district will contain not less than fifty thousand (50,000) acres of nontaxable Indian land.

The petition shall be addressed to the county superintendent and shall describe the territory that is requested to be transferred and to what district it is to be transferred, state the reasons why such transfer is requested and state the number of elementary school-age children residing in such territory.

On receipt of a valid petition for a territory transfer, the county superintendent shall file such petition, set a hearing place, date, and time for consideration of the petition that is not more than forty (40) days after receipt of the petition and give notice of the place, date, and time of the hearing. The notices shall be posted in the districts affected by the request in the manner prescribed in this title for school elections, with at least one such notice posted in the territory to be transferred.

The county superintendent shall conduct the hearing as scheduled, and any resident or taxpayer of the affected districts shall be heard. If the county superintendent shall deem it advisable and in the best interests of the residents of such territory, he shall grant the petitioned request and order the change of district boundaries to coincide with the boundary description in the petition. Otherwise, he shall, by order, deny the request. Either of the orders shall be final thirty (30) days after its date unless it is appealed to the board of county commissioners by a resident or taxpayer of either district affected by the territory transfer. The decision of the board of county commissioners, after a hearing on such matter and consideration of the material presented at the county superintendent's hearing, shall be final thirty (30) days after its date unless a petition to submit the question to a vote of the people in the district from which the land is to be transferred, which has been signed by a majority of the electors of the district who reside in the territory to be transferred and who are qualified to vote in elections for that district under section 75-6410, R. C. M. 1947, is presented prior to that time. When a petition is submitted under this subsection, the question of whether the land shall be transferred to another district shall be put before the voters at the next regular school election in the affected district.

Whenever a petition to transfer territory from one elementary district to another elementary district would create a joint elementary district or affect the boundary of an existing joint elementary district, the petition shall be presented to the county superintendent of the county where the territory is located. Such county superintendent shall notify any other county superintendents of counties with districts affected by such petition and the duties prescribed in this section for the county superintendent and

the board of county commissioners shall be performed jointly by such county officials.

district trustees to petition for, and county superintendents to change district boundaries.

75-6516.2. Review of boundaries by county superintendent. A county superintendent of schools shall, at least once every three (3) years, review the existing elementary school district boundaries in the county. This review and any recommended boundary changes shall be presented by the superintendent at a hearing conducted under section 75-6516. If the superintendent orders a boundary change after the hearing, he shall forward copies of his review and the testimony at the hearing to the board of county commissioners and the state superintendent of public instruction.

History: En. Sec. 2, Ch. 29, L. 1974.

75-6517. Limitations for creation of new elementary district. A new elementary district may be created out of the territory of an existing elementary district or districts when:

for "the number of school census children between the ages of six (6) and sixteen (16) years according to the last complete district census reports."

The 1975 amendment increased the taxable value limitation designated in subdivision (2) from \$75,000 to \$100,000.

75-6523. Counterproposed high school district boundaries by electors and election. (1) Whenever a high school boundary commission issues an order to change high school district boundary lines, 20% or more of the electors of any elementary district with territory affected by the high school boundary change who are qualified to vote under 75-6410 may protest the boundaries established by the order of the commission within 30 days

after the date of the order. The protest shall be in the form of a petition addressed to the county superintendent and shall provide a counterproposition to the new high school boundaries established by the order of the commission for the disposition of the territory of the elementary district for high school districting purposes. The provisions of this section shall not be used in elementary districts that have approved high school boundaries under 75-6522.

(2) When the county superintendent receives a valid petition from an elementary district, he shall, within 10 days after the receipt of the petition, order the trustees of the elementary district to call an election to consider the high school boundary counterproposition described in the petition. The trustees shall call and conduct the election in the manner prescribed in this title for school elections. An elector who may vote on the proposition shall be qualified to vote under 75-6410. If a majority of the electors voting at the election approve the counterproposition, the high school boundaries described by the counterproposition shall be approved and the order of the high school boundary commission shall be amended to establish such high school boundaries. If a majority of the electors voting at the election disapprove the counterproposition, the order of the high school boundary commission shall be confirmed and shall be final.

75-6525. Limitations for organization of joint high school district. The boundaries of any high school district which encompass a county's portion of a joint elementary district where an elementary school is operated may be changed to establish a joint high school district. Such high school district boundary change shall be a transfer of all the territory located in another county's portion of the same joint elementary district. No such boundary change shall be made when:

(1) the territory transfer would reduce the taxable value of the taxable property of another high school district to less than one million dollars (\$1,000,000); or

(2) a portion of the territory to be transferred is less than three (3) miles from an operating, accredited high school located in another high school district.

After the new district has operated a school for one (1) month, the county superintendent shall order the county treasurer to transfer the cash to which the new district is entitled to the credit of the fund of the new district which corresponds with the fund from which it was transferred. 75-6601. Definition of various schools. As used in this title, unless the context clearly indicates otherwise, the term "school" means an institution for the teaching of children that is established and maintained under the laws of the state of Montana at public expense.

The trustees of any district shall designate the grade assignments for the schools of the district but for the purposes of this title each school shall be known as:

(1) an elementary school when it comprises the work of any combination of kindergarten, other preschool programs or the first eight (8) grades, or their equivalents. A middle school is a school comprising the work of grades four (4) through eight (8) or any combination thereof that has been accredited as a middle school under the provisions of section 75-7502. When an accredited junior high school or an accredited six-year high school is operated by the district, grades seven (7) and eight (8), or their equivalents, shall not be considered as elementary grades.

(2) a high school when it comprises the work of one (1) or more grades of school work, or their equivalents, intermediate between the elementary schools and the institutions of higher education of the state of Montana. Types of high schools shall be designated as follows:

(a) to (d) * * * [Same as parent volume.]

75-6606. Budgeting and cost-sharing when junior high school operated by elementary district and high school district operating a county high school. (1) Whenever the opening of a junior high school is approved for the ensuing school fiscal year under 75-6605, the county superintendent shall estimate the average number belonging (ANB) after investigating the probable enrollment for the junior high school. The ANB determined by the county superintendent and the ANB actually realized in subsequent school fiscal years shall be applied under 75-6905 to prorate the maximum-general-fund-budget-without-a-voted-levy between the elementary and high school districts. Each district shall adopt its general fund budget on the basis of the prorated amount and shall finance its proportionate share of the cost of operating the junior high school.

(2) The cost of operating the junior high school shall be prorated between the elementary district and the high school district on the basis of the ratio that the number of pupils of their district is to the total enrollment of the junior high school.

The trustees of any district operating an elementary school of less than ten (10) ANB or a high school of less than twenty-five (25) ANB shall annually apply to have the school classified as an isolated school. The application shall be submitted by the trustees to the county superintendent by the first day of May each year. Such application shall include:

(1) to (3). * * * [Same as parent volume.]

The county superintendent shall submit the applications to the board of county commissioners (budget board) for their consideration on or before the fifteenth (15th) day of May. The budget board shall approve or disapprove the application on the basis of the criteria established by the superintendent of public instruction. The budget board also may approve an application because of the existence of other conditions which would result in an unusual hardship to the pupils of such school if they were transported to another school.

When an application is approved, the county superintendent shall submit such application to the superintendent of public instruction before the first day of June. The superintendent of public instruction shall approve or disapprove such application for isolated classification by the fourth Monday of June on the basis of the information supplied by the application or objective information the superintendent of public instruction may collect on his own initiative. No elementary or high school shall be considered an isolated school until the approval of the superintendent of public instruction has been received.

75-6609. Opening of a middle school. The trustees of any elementary district may open a middle school when such opening has been approved by the superintendent of public instruction. The state superintendent shall investigate an application for the opening of a middle school and shall approve or disapprove the opening before the fourth Monday in June preceding the first year of intended operation. When a middle school opening is

approved, the county superintendent shall estimate the ANB after investigating the probable enrollment for the middle school. The ANB so estimated shall be used for budgeting and foundation program purposes during the ensuing school fiscal year.

The recording of the warrants shall allow for the computation of the unexpended amount of a budgeted fund from the accounting records.

Whenever it appears to the county treasurer that a budgeted fund is so nearly exhausted that the issuance of another warrant will cause the overexpenditure of such budget, the county treasurer shall immediately notify the appropriate district of the expended condition of the budget and the district shall not issue another warrant against such fund that would overexpend the budget.

After receiving a duplicate warrant or warrant listing that contains a warrant which will exceed the unexpended balance of a budgeted fund, the county treasurer shall immediately notify the district of such overdraft. If the district has not corrected the overdraft before the presentation of the warrant for payment, the county treasurer shall refuse to pay or register such warrant, and shall endorse across the face of such warrant "Payment and Registration Refused, Insufficient Budget" and return the warrant to the person presenting it for payment.

Constitutionality Although enacted in anticipation of constitutional change, this statute did not become effective until after the effective

date of the new constitution, and is therefore constitutionally valid. State ex rel. Woodahl v. Straub, 164 M 141, 520 P 2d

776, certiorari denied 419 US 845, 42 L Ed 2d 73, 95 S Ct 79.

75-6902. Definition and calculation of average number belonging (ANB). The term "average number belonging" or "ANB" shall mean the average number of regularly enrolled, full-time pupils attending the public schools of a district. Average number belonging shall be computed by determining the total of the aggregate days of attendance by regularly enrolled, full-time pupils during the current school fiscal year plus the aggregate days of absence by regularly enrolled, full-time pupils during the current school fiscal year, and by dividing such total by one hundred eighty (180). Attendance for a part of a morning session or a part of an afternoon session by a pupil shall be counted as attendance for one-half ($\frac{1}{2}$) day. In calculating the ANB for pupils enrolled in a program established under section 75-7507 prior to January 1, 1974, or pursuant to section 75-7507 (1), attendance at, or absence from, a regular session of the program for at least two hours of either a morning or an afternoon session will be counted as one-half ($\frac{1}{2}$) of a day attended or absent as the case may be. If a variance has been granted as provided in section 75-7403, ANB will be computed in a manner prescribed by the superintendent of public instruction but in no case shall the ANB exceed one-half ($\frac{1}{2}$) for each kindergarten pupil. When any pupil has been absent, with or without excuse, for more than ten (10) consecutive school days, including pupil instruction related days, his absence after the tenth (10th) day of absence shall not be included in the aggregate days of absence and his enrollment in the school shall not be considered in the calculation of the average number belonging until he resumes attendance at school.

If a student spends less than half his time in the regular program and the balance of his time in school in the special education program, he shall be considered a full-time special pupil but shall not be considered regularly enrolled for ANB purposes. If a student spends half or more of his time in school in the regular program and the balance of his time in the special education program he shall be considered regularly enrolled for ANB purposes.

The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district shall be calculated, individually, for each school except that when:

(1) * * * [Same as parent volume.]

(2) a junior high school which has been approved and accredited as a junior high school is located within the incorporated limits of a city or town in which a high school is located, all of the regularly enrolled, full-time pupils of the junior high school shall be considered as high school district pupils for the purposes of calculating the average number belonging of the high schools located within the incorporated limits of such city or town;

(3) a middle school has been approved and accredited, in which case pupils below the seventh grade shall be considered elementary school pupils for ANB purposes, and the seventh and eighth grade pupils shall be considered high school pupils for ANB purposes; or

(4) a school has not been accredited by the board of public education, the regularly enrolled, full-time pupils attending the nonaccredited school shall not be eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the foundation program for such district.

When eleventh or twelfth grade students are regularly enrolled on a part-time basis, high schools may calculate the ANB to include an "equivalent ANB" for those students. The method for calculating an equivalent ANB shall be determined in a manner prescribed by the superintendent of public instruction.

History: En. 75-6902 by Sec. 252, Ch. 5, L. 1971; amd. Sec. 1, Ch. 345, L. 1973; amd. Sec. 1, Ch. 343, L. 1974; amd. Sec. 3, Ch. 352, L. 1974; amd. Sec. 1, Ch. 373, L. 1974; amd. Sec. 1, Ch. 132, L. 1975.

Amendments

The 1973 amendment inserted the fourth sentence in the first paragraph; and deleted a final paragraph permitting the inclusion of six-year-old kindergarten pupils in computing ANB.

Chapter 343, Laws of 1974, inserted the second paragraph pertaining to students enrolled in the regular program and in the special education program.

Chapter 352, Laws of 1974, inserted subdivision (3) pertaining to middle schools; redesignated former subdivision (3) as subdivision (4); and substituted "board of public education" for "board of education" in subdivision (4).

Chapter 373, Laws of 1974, inserted in the first paragraph the sentence pertaining to computations where a variance has been granted as provided in section 75-7403.

The 1975 amendment added the last paragraph pertaining to equivalent ANB for eleventh or twelfth grade students regularly enrolled on a part-time basis in high schools.

75-6903. Circumstances under which the regular average number belonging may be increased. The average number belonging of a school for a given school fiscal year, calculated in accordance with the ANB formula prescribed in section 75-6902, may be increased when:

(1) to (3) * * * [Same as parent volume.]

(4) a district anticipates an unusual enrollment increase in the ensuing school fiscal year. The increase in average number belonging shall be based on estimates of increased enrollment approved by the superintendent of public instruction and shall be computed in the manner prescribed by section 75-6904;

(5) for the initial year of operation of a program established under section 75-7507 (1), the ANB to be used for budget purposes is the same as one-half ($\frac{1}{2}$) the number of five (5) year old children residing in the district as of October 1 of the preceding school year, either as shown on the official school census, or as determined by some other procedure approved by the superintendent of public instruction;

(6) a special full-time pupil, as defined in section 75-6902, in a given school year will no longer be considered a special full-time pupil in the ensuing school year. The superintendent of public instruction may grant one ANB for such pupil for the ensuing school year; or

(7) a high school district provides early graduation for any student who completes graduation requirements in less than eight (8) semesters or the equivalent amount of secondary school enrollment. The increase shall be established by the trustees as though the student had attended to the end of the school year and shall be approved, disapproved, or adjusted by the superintendent of public instruction.

75-6904. Procedures for determining eligibility and amount of increased average number belonging due to unusual enrollment increase. A district which anticipates an unusual increase in enrollment in the ensuing school fiscal year, as provided for in subsection (5) of section 75-6903, may increase its foundation program for the ensuing school fiscal year in accordance with the following provisions:

(1) The average number belonging used for the establishment of the foundation program for the current year and for each year of the immediately preceding three (3) years shall be used to calculate the percentage increase or decrease in average number belonging for the current year's foundation program over the immediately preceding year, and similarly calculate the percentage increase or decrease in average number belonging for each of the two preceding years. The three (3) annual percentage increases or decreases shall be averaged to obtain the average annual percentage increase or decrease in average number belonging.

(2) The district shall estimate the current year's average number belonging by totaling the aggregate days of attendance and aggregate days of absence realized in the district through April 30 and dividing such total by one hundred eighty (180). The resulting average number belonging shall be increased by the ratio that the total number of planned school days in the current school fiscal year bears to the number of school days completed through April 30.

(3) and (4). * * * [Same as parent volume.]

(5) The budget board shall review the application to determine if the district is eligible for an increase in its foundation program. The budget board may accept, reject, or adjust the district's estimate of the ensuing year's average number belonging. After approving an estimate, the budget board shall:

(a). * * * [Same as parent volume.]

(b) approve an increase of the average number belonging used to establish the ensuing year's foundation program in accordance with subsection (7) if the increase in subsection (5) (a) above is at least twice the average annual percentage increase as provided in subsection (1) above or six per cent (6%) whichever is larger.

The total amount of allowable costs approved by the superintendent of public instruction shall be the special education maximum-budget-without-a-vote amount for current year special education program purposes. The total amount of allowable costs that are approved for the special education budget shall not, under any condition, be less than the maximum-budget-without-a-vote amount for one regular ANB for each special full-time pupil in the school district.

(21) If a special education program is implemented or expanded during a given school term too late to be included in the determination of the district maximum-budget-without-a-vote for the school year as prescribed in this chapter, then subject to the approval of the program by the superintendent, under the emergency budget provisions of section 75-6723 (5), allowable costs approved under the budgeting provisions of section 75-6905 (20) for the operation of the program during the given year may be added to the maximum-budget-without-a-vote amount for special education for the subsequent school year. Such costs must be recorded as "previous year special education expenses" in the school district budget for the subsequent school year.

(22) The sum of the previous year special education expenses as defined in subsection (21) above, and the maximum-budget-without-a-vote for current year special education as defined in subsection (20) shall be the special education budget for accounting purposes.

The maximum-budget-without-a-vote for special education will be added to the maximum-budget-without-a-vote of the regular program ANB defined in sections 75-6902 and 75-6903 to obtain the total maximum-budget-without-a-vote for the district.

75-6905.1. Seventh and eighth grade ANB. The ANB calculated for grades seven (7) and eight (8) shall be at the high school ANB rate provided that the school meets the standards for accreditation of a middle

school. When such pupils are actually enrolled in an elementary school, the amount of the general fund budget per ANB shall be the same as that of the high school district within which the elementary school is located. To determine the total enrollment of such an elementary school for ANB purposes the seventh and eighth grade pupils shall be included in such total.

History: En. 75-6905.1 by Sec. 1, Ch. 354,
L. 1974.

Title of Act

An act providing that all seventh and eighth grade pupils be counted as high school pupils for ANB budgeting.

75-6906. Definition of foundation program and its proportion of the maximum-general-fund-without-a-voted-levy schedule amount, and nonisolated school foundation program financing. (1) As used in this title, the term "foundation program" shall mean the minimum operating expenditures as established herein, that are sufficient to provide for the educational program of a school. It shall be financed by (a) county equalization moneys, (b) state equalization aid, and (c) when required, moneys from an additional state levy for a state deficiency. The foundation program relates only to those expenditures authorized by a district's general fund budget and shall not include expenditures from any other fund.

(2) The dollar amount of the foundation program shall be eighty per cent (80%) of the maximum-general-fund-budget-without-a-voted-levy limitation as set forth in the schedules in section 75-6905. The foundation program of an elementary school having an ANB of nine (9) or fewer pupils which is not approved as an isolated school under the provisions of section 75-6608 shall be eighty per cent (80%) of the schedule amount but the county and state shall participate in financing one-half ($\frac{1}{2}$) of the foundation program and the district shall finance the remaining one-half ($\frac{1}{2}$) by a tax levied on the property of the district. When a school of nine (9) or fewer pupils is approved as isolated under the provisions of section 75-6608, the county and state shall participate in the financing of the total amount of the foundation program.

(3) Funds provided to support the special education accounting budget may be expended only for special education purposes as approved by the superintendent of public instruction in accordance with the special education budgeting provisions of this title. Expenditures for special education shall be accounted for separately from the balance of the school district general fund. Transfers between items within the special education budget for accounting purposes may be made at the discretion of the board of trustees in accordance with the financial administration chapter of this title. The unexpended balance of the special education accounting budget shall carry over to the next year to reduce the amount of funding required to finance the district's ensuing year's maximum-budget-without-a-vote for special education.

75-6909 to 75-6911. Repealed.

Repeal

Sections 75-6909 to 75-6911 (Secs. 259 to 261, Ch. 5, L. 1971), relating to ap-

portionment and distribution of interest and income moneys, were repealed by Sec. 15, Ch. 137, Laws 1973.

75-6912. Basic county tax and other revenues for county equalization of elementary district foundation program. It shall be the duty of the county commissioners of each county to levy an annual basic tax of twenty-five (25) mills on the dollars of the taxable value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of the elementary school districts in the county and to the earmarked revenue fund, state equalization aid account, in the following manner: In order to determine the amount of revenue raised by this levy which is retained by the county, the sum of the estimated revenues identified in subsections (1) through (6) below shall be subtracted from the sum of the county elementary transportation obligation and the total of the foundation programs of all elementary districts of the county. If the basic levy of twenty-five (25) mills produces more revenue than is required to finance the difference determined above, the county commissioners shall order the county treasurer to remit the surplus funds to the state treasurer for deposit to the

earmarked revenue fund, state equalization aid account, not later than June 1 of the fiscal year for which the levy has been set.

The proceeds realized from the county's portion of the levy prescribed by this section and the revenues from the following sources shall be used for the equalization of the elementary district foundation programs of the county as prescribed in section 75-6914 and a separate accounting shall be kept of such proceeds and revenues by the county treasurer in accordance with subsection (1) of section 75-6805;

(1) to (6). * * * [Same as parent volume.]

History: En. 75-6912 by Sec. 262, Ch. 5, L. 1971; amd. Sec. 1, Ch. 355, L. 1973.

Amendments

The 1973 amendment substituted "for the purposes of local and state foundation program support" for "unless a basic levy of less than twenty-five (25) mills is sufficient to finance the total amount of the foundation programs of all the elementary districts of the county" at the end of the first sentence; inserted the portion of the second sentence preceding the colon; substituted "the amount of revenue raised by this levy which is retained by the county" for "if a lesser levy will be sufficient"

after "In order to determine" following the colon in the second sentence; substituted "If the basic levy of twenty-five (25) mills produces more than is required" at the beginning of the third sentence for "If a basic levy of less than twenty-five (25) mills is sufficient"; substituted the final part of the third sentence, beginning with "order the county treasurer to remit," for "fix a basic levy of such amount"; deleted from the first paragraph a final sentence prohibiting state equalization aid to elementary districts levying less than 25 mills; and inserted "the county's portion of" before "the levy" near the beginning of the second paragraph.

75-6913. Basic special levy and other revenues for county equalization of high school district foundation program. It shall be the duty of the county commissioners of each county to levy an annual basic special tax for high schools of fifteen (15) mills on the dollar of the taxable value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of high school districts in the county and to the earmarked revenue fund, state equalization aid account, in the following manner: In order to determine the amount of revenue raised by this levy which is retained by the county, the estimated revenues identified in subsections (1) and (2) below shall be subtracted from the sum of the county's high school tuition obligation and the total of the foundation programs of all high school districts of the county. If the basic levy for fifteen (15) mills produces more revenue than is required to finance the difference determined above, the county commissioners shall order the county treasurer to remit the surplus to the state treasurer for deposit to the earmarked revenue fund, state equalization aid account, not later than June 1 of the fiscal year for which the levy has been set.

The proceeds realized from the county's portion of the levy prescribed in this section and the revenues from the following sources shall be used for the equalization of the high school district foundation programs of the county as prescribed in section 75-6914, and a separate accounting shall be kept of these proceeds by the county treasurer in accordance with subsection (1) of section 75-6805:

History: En. 75-6913 by Sec. 263, Ch. 5, L. 1971; amd. Sec. 2, Ch. 355, L. 1973.

Amendments

The 1973 amendment substituted "for the purposes of local and state foundation program support" for "unless a basic special levy for high schools of less than fifteen (15) mills is sufficient to finance the total amount of the foundation programs of all the high school districts of the county" at the end of the first sentence; inserted the portion of the second sentence preceding the colon; substituted "the amount of revenue raised by this levy which is retained by the county" for "if a lesser levy will be sufficient" shortly

75-6914. Apportionment of county equalization moneys by county superintendent. The county superintendent shall separately apportion the revenues deposited in the basic county tax account and the revenues deposited in the basic special tax for high schools account to the several districts of the county on a quarterly basis. The apportionments shall be known as "county equalization moneys". Before the county superintendent makes the quarterly apportionments, he shall:

- (1) deduct from the revenues available in the basic county tax account the amount required for the quarter to pay the county's obligation for elementary transportation reimbursements; and
- (2) deduct from the revenues available in the basic special tax for high schools account the amount required for the quarter to pay the county's obligation for high school out-of-county tuition.

75-6915. Formula for apportionment of county equalization moneys. After making such deductions prescribed in section 75-6914, the county superintendent shall apportion the remaining amount of moneys available in the basic county tax account to the several public elementary districts of the county and in the basic special tax for high schools account to the several public secondary districts of the county in proportion to their needs under the foundation program in accordance with the following procedure:

(1) Determine the percentage that the county equalization moneys available for the support of the foundation programs of the public elementary districts in the county is of the total amount of the foundation programs of all public elementary districts.

(2) Multiply the foundation program amount of each public elementary district by the percentage determined in subsection (1) above to determine the portion of the county equalization moneys available to each public elementary district.

The above procedure shall also be applied for public secondary districts.

No territory situated within a county shall be excluded from the apportionment of the county equalization moneys under this section solely because such territory lies within the boundaries of a joint district. Cash balances to the credit of any district at the end of a school fiscal year shall not be considered in the apportionment procedure prescribed in this section.

When the total amount of the available county moneys for apportionment under this section is greater than the amount of money to be apportioned under the apportionment procedure prescribed by this section, the excess amount of county moneys shall be retained by the county to be considered as financing during the ensuing school fiscal year under the requirements of subsection (5) of section 75-6912 or subsection (1) of section 75-6913.

The county equalization moneys apportioned under these procedures shall constitute the first source of revenue in calculating the financing of the public elementary and secondary district foundation program. The county superintendent shall use the apportionment procedure prescribed in this section in computing the estimated revenues for the financing of the ensuing year's foundation program for budgeting purposes.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 137, and once by Ch. 255. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 137, Laws of 1973, inserted "public" before "elementary district" throughout the section; substituted "public secondary districts" for "high school districts" throughout the section; deleted headings dividing numbered paragraphs applicable to elementary schools and to high schools; deleted former paragraphs (1) to (5) applicable to elementary schools; redesignated former paragraphs (6) and (7) as (1) and (2); made newly redesignated paragraphs (1) and (2) applicable to elementary districts by substituting "public elementary district" for "high school district" throughout the paragraphs; inserted a new paragraph immediately

after the numbered paragraphs; deleted "shall constitute the second source of revenue in calculating the financing of the elementary district foundation program and" before "shall constitute the first source of revenue" in the first sentence of the final paragraph; and inserted "elementary and" before "secondary district foundation program" at the end of the first sentence of the final paragraph.

Chapter 255, Laws of 1973, deleted from what is now the second paragraph after the numbered subdivisions a first sentence reading: "No district shall be deprived of its needful share of the county moneys apportioned under this section by reason of it being nonaccredited"; and made minor changes in phraseology.

Distribution Nondiscriminatory

Provisions of foundation program dealing with distribution of state education funds on a per-student basis, with smaller schools receiving somewhat more per student than larger schools, is rational and does not discriminate against taxpayers of any single county. State ex rel. Woodahl v. Straub, 164 M 141, 520 P 2d 776, certiorari denied 419 US 845, 42 L Ed 2d 73, 95 S Ct 79.

75-6916. Definition of and revenue for state equalization aid. The following shall be paid into the earmarked revenue fund, for state equalization aid to public schools of the state:

(1) 25% of all moneys received from the collection of income taxes under chapter 49 of Title 84, R.C.M. 1947,

(2) 25% of all moneys received from the collection of corporation license taxes under chapter 15 of Title 84, R.C.M. 1947, as provided by section 84-1901, R.C.M. 1947,

(3) 10% of the moneys received from the collection of the severance tax on coal under chapter 13 of Title 84, R.C.M. 1947,

(4) 62½% of the moneys received from the treasurer of the United States as the state's shares of oil, gas, and other mineral royalties under the federal Mineral Lands Leasing Act, as amended,

(5) interest and income moneys described in sections 75-6907 and 75-6908, R.C.M. 1947,

(6) income from the local impact and education trust fund account, and

(7) in addition to these revenues, the surplus revenues collected by the counties for foundation program support according to sections 75-6912 and 75-6913 shall be paid into the same earmarked revenue fund.

As used in this title, the term "state equalization aid" means those moneys deposited in the earmarked revenue fund as required in this section plus any legislative appropriation of moneys from other sources for distribution to the public schools for the purpose of equalization of the foundation program.

The 1975 amendment inserted the provisions of paragraphs (3) and (6) and changed the numbering of the remaining paragraphs accordingly.

The 1977 amendment substituted "62½%" for "one-half (½)" at the beginning of subdivision (4); inserted "and other mineral" in subdivision (4); substituted "federal Mineral Lands Leasing Act, as amended" at the end of subdivision (4) for "Act of Congress of February 25, 1920"; and made minor changes in punctuation and style.

75-6917. Purpose of state equalization aid and duties of the board of public education for distribution. Except as provided in 75-6917.1, the moneys available for state equalization aid shall be distributed and apportioned to provide an annual minimum operating revenue for the elementary and high schools in each county, exclusive of revenues required for debt service and for the payment of any and all costs and expense incurred in connection with any adult education program, recreation program, school food services program, new buildings, new grounds, and transportation.

The board of public education shall administer and distribute the state equalization aid in the manner and with the powers and duties provided by law. To this end, the board of public education shall:

(1) and (2) * * * [Same as parent volume.]

(3) order the superintendent of public instruction to distribute the state equalization aid on the basis of each district's annual entitlement to such aid as established by the superintendent of public instruction. In ordering the distribution of state equalization aid, the board of public education

shall not increase or decrease the state equalization aid distribution to any district on account of any difference which may occur during the school fiscal year between budgeted and actual receipts from any other source of school revenue.

Should a district receive more state equalization aid than it is entitled to, the county treasurer must return the overpayment to the state upon the request of the superintendent of public instruction in the manner prescribed by the municipal division of the department of community affairs.

Moneys appropriated for foundation program purposes shall be expended to as great an extent as possible, irrespective of the availability of foundation program revenues from other sources. Amendments

The 1973 amendment inserted "public" in the name of the board throughout the

section; and deleted "at its meeting in July and December of each year" and "for the next succeeding six month period, commencing on July 1 and January 1" from subsection (5).

75-6921. Additional state levy for state deficiency. If the estimated state equalization level made under the provisions of section 75-6920 is less than one hundred per cent (100%), it shall be the duty of the director of the department of revenue to levy, separately for the elementary districts and the high school districts, additional taxes in such number of mills on the taxable value of all taxable property within the state as shall be required to complete the financing of the foundation programs of all elementary districts or all high school districts of the state.

The state treasurer shall keep a separate accounting of the proceeds realized from these mill levies. The superintendent of public instruction shall apportion the proceeds of the mill levies to the elementary districts of the state or the high school districts of the state, whichever the case may be, on the following basis:

(1) Determine the total amount required from this source of revenue by the several elementary or high school districts of the state.

(2) to (4). * * * [Same as parent volume.]

When the total amount of the proceeds realized from these mill levies is greater than the requirements of all the elementary districts or high school districts of the state, whichever the case may be, the excess amount of moneys shall be retained by the state for reduction of the ensuing year's additional state levy for elementary schools or high schools or, if there is no additional state levy under this section the excess may be transferred to the state equalization aid account for the reduction of the legislative appropriation.

The apportionment of state moneys under this section shall be known as the "additional state levy for state deficiency" and it shall be the last source of revenue in calculating the financing of the elementary district foundation program and the high school district foundation program.

The superintendent of public instruction shall compute the budgeted requirement for this source of revenue for each district and shall supply the total state requirements for the elementary district foundation programs and the high school district foundation programs to the director of the department of revenue on the second Monday of August.

History: En. 75-6921 by Sec. 271, Ch. 5, L. 1971; amd. Sec. 4, Ch. 355, L. 1973.

Amendments

The 1973 amendment substituted references to the state, the director of the department of revenue, the state treasurer and the superintendent of public instruction, respectively, throughout the section

for references to the county, the county commissioners, the county treasurer and the county superintendent; deleted "As provided in section 75-6805" from the beginning of the second paragraph; added to the first paragraph after the numbered clauses the final clause, beginning with "or, if there is no additional state levy"; deleted "and for the county" after "source

of revenue for each district" in the final paragraph; substituted "total state requirements" for "county requirements" in the

final paragraph; and deleted "in accordance with section 75-6717" from the end of the section.

75-6922. Permissive amount and permissive levy. (1) Whenever the trustees of any district shall deem it necessary to adopt a general fund budget in excess of the foundation program amount but not in excess of the maximum general fund budget amount for such district as established by the schedule in section 75-6905, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. Such excess above the foundation program amount shall be known as the "permissive amount," and it shall be financed by a levy on the taxable value of all taxable property within the district as prescribed in section 75-6926, supplemented with revenue from a levy on all the taxable property in the state.

(2) The district levies to be set for the purpose of funding the permissive amount are determined as follows:

(a) For each elementary school district, the county commissioners shall annually set a levy not exceeding nine (9) mills on all the taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive amount to the maximum permissive amount by nine (9) or by using the number of mills which would fund the permissive amount, whichever is less.

If the amount of revenue raised by this levy is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the earmarked revenue fund, permissive levy account, according to the provisions of subsection (3) of this section.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding six (6) mills on all taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by six (6) or by using the number of mills which would fund the permissive amount, whichever is less.

If the amount of revenue raised by this levy is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the earmarked revenue fund, permissive levy account, according to the provisions of subsection (3) of this section.

(3) The director of the department of revenue shall annually set a levy on all the property of the state which will produce enough revenue to fund the permissive levy deficiency of the elementary and high school districts of the state. The proceeds of this levy shall be deposited to the earmarked revenue fund, permissive levy account, and shall be distributed to the elementary and high school districts in accordance with their entitlements as determined by the superintendent of public instruction according to the provisions of subsections (1) and (2) of this section.

Such distribution shall be made in two payments. The first payment shall be made at the same time as the first distribution of state equaliza-

tion aid is made after January 1 of the fiscal year. The second payment shall be made at the same time as the last payment of state equalization aid is made for the fiscal year. If the revenue collected is not sufficient to finance the deficiencies of the districts, as determined according to subsection (2), each district will receive the same percentage of its deficiency. Surplus revenue in the permissive levy account shall be used to reduce the state levy required for the next succeeding fiscal year. Interest earned on investment of permissive levy funds shall be deposited to the earmarked revenue fund, permissive levy account, for distribution during the next succeeding fiscal year.

History: En. 75-6922 by Sec. 272, Ch. 5, L. 1971; amd. Sec. 5, Ch. 355, L. 1973; amd. Sec. 1, Ch. 212, L. 1975.

Amendments

The 1973 amendment designated the former section as subsection (1); added "supplemented with revenue from a levy on all of the taxable property in the state" at the end of subsection (1); and added subsections (2) and (3).

The 1975 amendment revised the caption of the section which read: "Permissive levy"; substituted "Such excess above the foundation program amount shall be known as the 'permissive amount'" for "The financing of such general fund budget amount shall be known as the 'permissive levy'" at the beginning of the second sentence in subsection (1); substituted "permissive amount" for "permissive levy requirements" in the first sentence of subdivision (2)(a); inserted

the second sentence in the first paragraph of subdivision (2)(a); substituted "to fund the permissive amount in full" for "to fully fund the district's permissive levy requirements" in the second paragraph of subdivision (2)(a); substituted "permissive amount" for "permissive levy requirements" in the first sentence of subdivision (2)(b); inserted the second sentence in the first paragraph of subdivision (2)(b); substituted "to fund the permissive amount in full" for "to fully fund the district's permissive levy requirements in the second paragraph of subdivision (2)(b); rewrote the fourth sentence of the last paragraph which read: "If sufficient revenue is not collected to completely cover the permissive levy requirements of the districts, each district will receive the same percentage of its total requirement"; and made minor changes in style.

75-6923. Additional levy for general fund and election for authorization to impose. The trustees of any district may propose to adopt a general fund budget in excess of the general fund budget amount for such district as established by the schedule in section 75-6905 for any of the following purposes:

- (1) building, altering, repairing or enlarging any school house of the district;
- (2) furnishing additional school facilities for the district;
- (3) acquisition of land for the district;
- (4) proper maintenance and operation of the school programs of the district.

However, when the trustees adopt a total general fund budget which exceeds one hundred ten per cent (110%) of the general fund budget for the preceding year, they shall file a notice of this increase with the superintendent of public instruction, setting forth the specific reasons for increasing the budget.

When the trustees of any district determine that an additional amount of financing is required for the general fund budget that is in excess of the statutory schedule amount, the trustees shall submit the proposition of an additional levy to raise such excess amount of general fund financing

to the electors who are qualified, under section 75-6410, to vote upon such proposition except that the Twin Bridges high school district may increase its general fund budget as established by section 75-6905, R. C. M. 1947, by the amount of tuition paid to the district the previous year under section 75-6319, R. C. M. 1947. Such special election shall be called and conducted in the manner prescribed by this title for school elections. The ballot for such election shall state the amount of money to be raised by additional property taxation, the approximate number of mills required to raise such money, and the purpose for which such money will be expended, and it shall be in the following format:

PROPOSITION

Shall a levy be made in addition to the levies authorized by law in such number of mills as may be necessary to raise the sum of (state the amount to be raised by additional tax levy), and being approximately (give number) mills, for the purpose of (insert the purpose for which the additional tax levy is made)?

☐ FOR the additional levy.

☐ AGAINST the additional levy."

If the election on any additional levy for the general fund is approved by a majority vote of those electors voting at such election, the proposition shall carry and the trustees may use any portion or all of the authorized amount in adopting the preliminary general fund budget. The trustees shall certify the additional levy amount authorized by such a special election on the budget form that is submitted to the county superintendent and the county commissioners shall levy such number of mills on the taxable value of all taxable property within the district as prescribed in section 75-6926, as are required to raise the amount of such additional levy.

Authorization to levy an additional tax under the provisions of this section shall be effective for only one (1) school fiscal year and shall be authorized by a special election conducted before the first day of August of the school fiscal year for which it is effective. Only one such additional levy for the maintenance and operation of the school programs of a high school district may be imposed by a high school district in a given school fiscal year.

When a district knowingly violates a transportation law or board of public education transportation policy, such district shall forfeit any reimbursement otherwise payable under sections 75-7022 and 75-7023 for bus miles actually traveled during that fiscal year in violation of such law or policies. The county superintendent shall suspend all such reimbursements payable to the district until the district corrects the violation. When the district corrects the violation, the county superintendent shall resume paying reimbursements to the district, but the amount forfeited may not be paid to the district.

The trustees of any district may furnish transportation to an eligible transportee who attends a school of the district or has been granted permission to attend a school outside of the district. The trustees shall let the contract to the lowest responsible bidder and the trustees shall have the right to reject any and all bids; or

Such a negotiated contract can be entered into only at a public meeting of the trustees at which meeting the patrons of the district may appear and be heard. 75-7018. Schedule of maximum reimbursement by bus mileage rates.

(1) The following bus mileage rates for school bus transportation constitute the maximum reimbursement to districts for school bus transportation from state and county sources of transportation revenue under the provisions of 75-7022 and 75-7023. These rates shall not limit the amount which a district may budget in its transportation fund budget in order to provide for the estimated and necessary cost of school bus transportation during the ensuing school fiscal year. Any vehicle, the operation of which is reimbursed under the rate provisions of this schedule, shall be a school bus, as defined by this title, driven by a qualified driver on a bus route approved by the county transportation committee and the superintendent of public instruction.

(2) The rate per bus mile traveled shall be determined in accordance with the following schedule when the number of eligible transportees boarding such school bus on an approved route is not less than 75% of its rated capacity:

(a) 40 cents in fiscal 1978 and 45 cents in fiscal 1979 and each year thereafter per bus mile for a school bus with a rated capacity of not less than 12 but not more than 50 children; and

(b) when the rated capacity is more than 50 children, an additional 2 cents per bus mile for each additional child in the rated capacity in excess of 50 shall be added to a base rate of 40 cents in fiscal 1978 and 45 cents in fiscal 1979 and each year thereafter per bus mile.

(3) When the number of eligible transportees boarding a school bus on an approved route is less than 75% of its rated capacity, the rate per bus mile traveled shall be computed as follows:

(a) determine the number of eligible transportees boarding the school bus on such route;

(b) multiply the number determined in subsection (3)(a) by 25% and round-off to the nearest whole number;

(c) add the amount calculated in subsection (3)(b) to the number determined in subsection (3)(a) to determine the adjusted rated capacity for the bus; and

(d) use the adjusted rated capacity determined in subsection (3)(c) as the rated capacity of such bus to determine the rate per bus mile traveled from the rate schedule in subsection (2) above.

(4) The rated capacity shall be the number of riding positions of a school bus as determined under the policy adopted by the board of public education.

Compiler's Notes

This section was amended twice in 1977, once by Ch. 266 and once by Ch. 529. Since the amendments do not appear to conflict, the code commissioner has made a composite section embodying the changes made by both amendments.

Amendments

The 1975 amendment deleted two subdivisions in subsection (1) which provided the rates per mile for buses with rated capacities for 6 children or less and for not less than 7 but not more than 11 chil-

dren; increased the rates specified in subdivisions (1)(a) and (1)(b) from \$.20 and \$.005 to \$.35 and \$.02, respectively; and substituted 50 children for 30 children in the references to the rating capacities in subdivisions (1)(a) and (1)(b).

Chapter 266, Laws of 1977, designated the first paragraph as subsection (1), renumbered the subdivisions accordingly, and designated the last paragraph as subsection (4); inserted "public" near the end of subsection (4); and made minor changes in phraseology, punctuation and style.

Chapter 529, Laws of 1977, substituted "\$.40 in fiscal 1978 and \$.45 in fiscal 1979 and each year thereafter" in subdivisions (2)(a) and (2)(b) for "thirty-five cents (\$.35)"; and made minor changes in style.

75-7019. Schedule of maximum reimbursement for individual transportation including provisions for isolation, room and board, and supervised study programs. The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of sections 75-7022 and 75-7023. These rates also shall constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school, or to schools located within three (3) miles of one another, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by two (2), subtracting six (6) miles from the product so obtained, and multiplying the difference by twelve cents (\$.12) provided that:

(a) if two (2) or more eligible transportees are transported by a par-

ent or guardian to two (2) or more schools located within three (3) miles of one another, and if such schools are operated by different school districts, the total amount of the reimbursement shall be divided equally between the districts.

(b) if two or more eligible transportees are transported by a parent or guardian to two (2) or more schools located more than three (3) miles from one another, the parent or guardian shall be separately reimbursed for transporting the eligible transportee or transportees to each school.

(c) if a parent transports two or more eligible transportees to a school and a bus stop which school and bus stop are located within three (3) miles of one another, the total reimbursement shall be determined under the provisions of this subsection and shall be divided equally between the district operating the school and the district operating the bus.

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section shall be limited to one round trip per day for each scheduled arrival or departure time.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the bus stop by two (2), subtracting three (3) miles from the product so obtained and multiplying the difference by twelve cents (\$.12) provided that:

(a) if the eligible transportees transported attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally, and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian shall be separately reimbursed for transportation to each bus.

(3) Where, due to excessive distances, impassable roads or other special circumstances of isolation, the rates prescribed in subsections (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, his parent or guardian may request an increase in the reimbursement rate. Such a request for increased rates due to isolation shall be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances which exist to justify the increase. Before any increase rate due to isolation can be paid to the requesting parent or guardian, such rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the county transportation committee and the superintendent of public instruction, the trustees shall pay such increased rate due to isolation. The increased rate shall be one and one-half ($1\frac{1}{2}$) times the rate prescribed in subsection (1) above.

(4) When the isolated conditions of the household where an eligible transportee resides require such eligible transportee to live away from the household in order to attend school, he shall be eligible for the room and board reimbursement. Approval to receive the room and board reimbursement shall be obtained in the same manner prescribed in subsection (3) above. The per diem rate for room and board shall be three dollars (\$3) for one eligible transportee and one dollar and fifty cents (\$1.50) for each additional eligible transportee of the same household.

(5) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate shall be the cost of such study; provided that the course of instruction is approved by the trustees and supervised by the district.

(6) The schedules provided in this section shall not be altered by any authority other than the legislature of the state of Montana

Amendments

Chapter 169, Laws of 1973, made changes in subsection (2) (see the provision in the parent volume), including the substitution of "an established bus route stop" for "such bus route" in the first sentence, insertion of "from the child's residence" following "distance" in the last sentence, and the addition of "from established bus stop" to the end of the last sentence.

Chapter 416, Laws of 1973, deleted "The board of education shall promulgate a schedule that allows varying" from the beginning of the fifth sentence of subsection (3) which, prior to the 1975 amendment, read: "The percentage in-

creases of the per-day individual transportation rate prescribed in subsection (1) and (2) in relation to the degree of isolation, except that such increases shall not exceed one hundred per cent (100%)."

The 1975 amendment rewrote subsections (1) and (2) (see the parent volume and above amendment notes); rewrote the last sentence of subsection (3) (See the above note covering the 1973 amendment by Chapter 416); revised the per diem rates specified in the last sentence of subsection (4) which provided for rates of \$1.50 for one eligible transportee, \$.60 for a second eligible transportee of the same household and \$.30 for each additional eligible transportee of the same household; and, in subsection (6), substituted "legislature" for "legislative assembly" and deleted "except as provided in subsection (3)" at the end.

The 1977 amendment inserted subdivision (1)(d).

75-7024. Bus depreciation reserve. (1) The trustees of any district owning a bus or a two-way radio used for purposes of transportation, as defined in 75-7001, or for purposes of conveying pupils to and from school functions or activities may establish a bus depreciation reserve fund to be used for the replacement of such bus or radio.

(2) Whenever a bus depreciation reserve fund is established, the trustees may include in the district's budget, in accordance with the school budgeting provisions of this title, an amount each year that does not exceed 20% of the original cost of a bus or a two-way radio for such purposes. The annual revenue requirement for each district's bus depreciation reserve fund, determined within the limitations of this section, shall be reported by the county superintendent to the county commissioners on the second Monday of August as the bus depreciation reserve fund levy requirement for that district and a levy shall be made by the county commissioners in accordance with 75-6717.

(3) Any expenditure of bus depreciation reserve fund moneys shall be within the limitations of the district's final bus depreciation reserve fund

budget and the school financial administration provisions of this title and may be made only for the purchase of buses or radios to replace the buses or radios for which the bus depreciation reserve fund was created.

(4) Whenever the trustees of a district maintaining a bus depreciation reserve fund consider it to be in the best interest of the district to transfer any portion or all of the bus depreciation reserve cash balance to any other fund maintained by the district, it shall submit such proposition to the electors of the district. The electors qualified to vote at the election shall qualify under 75-6410, and the election shall be called and conducted in the manner prescribed by this title for school elections. If a majority of those electors voting at the election approve the proposed transfer from the bus depreciation reserve fund, the transfer is approved and the trustees shall immediately order the county treasurer to make the approved transfer.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 76 and once by Ch. 189. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 76, Laws of 1973, inserted "purchasing lands for, and/or obtaining a

water supply for" and "or combination of said buildings" in subsection (1); deleted former subsections (2) and (3); renumbered former subsection (4) as (2) and added "or buses" to that subsection; and renumbered former subsections (5), (6) and (7) as (3), (4) and (5).

75-7103.1. Trustees may enter into contracts and issue bonds for joint construction. The trustees of a school district may enter into a contract with the trustees of any school district within the county, or with any school district in an adjoining county, to provide for the joint construction of vocational-technical secondary schools upon such terms and conditions as may be mutually agreed upon between such districts. The trustees of any district executing a contract in accordance with this act may levy taxes and issue bonds for the purpose of constructing the facilities authorized by this section.

History: En. 75-7103.1 by Sec. 1, Ch. 371, L. 1975.

Title of Act

An act to permit school districts to contract with other school districts for

the purpose of constructing joint vocational-technical secondary schools; allowing school districts to provide transportation to secondary school if located in another district; and amending section 75-7001, R. C. M. 1947.

75-7103.2. Proportional joint ownership—disposition of moneys. The vocational-technical secondary school constructed under the preceding section [75-7103.1] shall be jointly owned by the school districts contributing to its construction in proportion to the contribution of each district. The

sale or other disposition of a district's interest in the school shall be made in accordance with section 75-8205. Moneys received from the sale or disposition of a district's interest in a vocational-technical secondary school shall be credited to the debt service fund, building fund, general fund or any combination of these three funds, at the discretion of the trustees.

History: En. 75-7103.2 by Sec. 2, Ch. 371, L. 1975.

75-7104. Limitations on amount of bond issue. (1) The maximum amount for which each school district may become indebted by the issuance of bonds, including all indebtedness represented by outstanding bonds of previous issues and registered warrants, is 29% of the taxable value of the property subject to taxation as ascertained by the last completed assessment for state, county, and school taxes previous to the incurring of such indebtedness. The 29% maximum, however, may not pertain to indebtedness imposed by special improvement district obligations or assessments against the school district. All bonds issued in excess of such amount shall be null and void, except as provided in this section.

(2) When the total indebtedness of a school district has reached the 29% limitation prescribed in this section, the school district may pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this chapter. Whenever bonds are issued for the purpose of refunding bonds, any moneys to the credit of the debt service fund for the payment of the bonds to be refunded are applied towards the payment of such bonds and the refunding bond issue is decreased accordingly.

(3) In a school district within which a new major industrial facility which seeks to qualify for taxation as class eighteen property under 84-301.19 is being constructed or is about to be constructed, the school district may require, as a precondition of the new major industrial facility qualifying as class eighteen property, that the owners of the proposed industrial facility enter into an agreement with the school district concerning the issuing of bonds in excess of the 29% limitation prescribed in this section. Under such an agreement, the school district may with the approval of the voters issue bonds which exceed the limitation prescribed in this section by a maximum of 29% of the estimated taxable value of the property of the new major industrial facility subject to taxation when completed. The estimated taxable value of the property of the new major industrial facility subject to taxation shall be computed by the department of revenue when requested to do so by a resolution of the board of trustees of the school district. A copy of the department's statement of estimated taxable value shall be printed on each ballot used to vote on a bond issue proposed after this section.

(4) Pursuant to the agreement between the new major industrial facility and the school district and as a precondition to qualifying as class eighteen property, the new major industrial facility and its owners shall pay, in addition to the taxes imposed by the school district on property owners generally, so much of the principal and interest on the bonds provided for under this section as represents payment on an indebtedness

in excess of the limitation prescribed in this section. After the completion of the new major industrial facility and when the indebtedness of the school district no longer exceeds the limitation prescribed in this section, the new major industrial facility shall be entitled, after all the current indebtedness of the school district has been paid, to a tax credit over a period of no more than 20 years. The credit shall as a total amount be equal to the amount which the facility paid the principal and interest of the school district's bonds in excess of its general liability as a taxpayer within the district.

(5) A major industrial facility is a facility subject to the taxing power of the school district whose construction or operation will increase the population of the district, imposing a significant burden upon the resources of the district and requiring construction of new school facilities. A significant burden is an increase in ANB of at least 20% in a single year.

Amendments

Both 1973 amendments deleted from the first paragraph of subsection (1) a sentence defining the words "value of taxable property therein."

The 1974 amendment inserted the subsection designation (1); added "except as provided in subsection (2)" at the end of the first paragraph in subsection (1); and added subsection (2).

Chapter 56, Laws of 1975, increased the maximum allowable indebtedness for school districts from 5% to 7% of the assessed value of taxable property.

Chapter 432, Laws of 1975, increased the allowable indebtedness from 5% to

7% and inserted the exclusion in the first paragraph of subsection (1) relating to special improvement district obligations.

The 1977 amendments changed the maximum allowable indebtedness from 8% of the assessed value of the taxable property to 29% of the taxable value of the property subject to taxation; designated the second and third paragraphs of former subsection (1) as subsection (2); redesignated former subsection (2) as subsections (3) through (5); substituted "class eighteen property" throughout the section for "class seven property"; substituted "84-301.19" in the first sentence of subsection (3) for "84-301"; and made minor changes in phraseology, punctuation and style.

Effective Date

Section 2 of Ch. 56, Laws 1975 provided the act should be in effect from and after its passage and approval. Approved March 17, 1975.

75-7107. Limitation of term and interest on bonds, and timing for redemption of bonds. School district bonds shall not be issued for a term longer than twenty (20) years except that bonds issued to refund or redeem outstanding bonds shall not be issued for a term longer than ten (10) years unless the unexpired term of the bonds to be refunded or redeemed is in excess of ten (10) years in which case the refunding or redeeming bonds may be issued for such unexpired term. All bonds issued for a longer term than five (5) years shall be redeemable at the option of the school district on any interest payment date after one-half ($\frac{1}{2}$) of the term for which they were issued has expired and it shall be so stated on the face of the bonds. The interest shall not exceed seven per cent (7%) per annum and shall be payable semiannually.

History: En. 75-7107 by Sec. 308, Ch. 5, L. 1971; amd. Sec. 7, Ch. 234, L. 1971; amd. Sec. 3, Ch. 284, L. 1973.

Amendments

The 1973 amendment substituted "after

one-half ($\frac{1}{2}$) of the term for which they were issued has expired" in the second sentence for "five (5) years from the date of issue"; and made minor changes in phraseology.

75-7116. Notice of bond election by separate purpose. Any school district bond election shall be conducted in accordance with the school election provisions of this Title except that the election notice required therein shall be in substantially the following form:

Amendments

The 1973 amendment deleted "who are taxpayers therein and whose names appear

75-7121. Sale of school district bonds. (1) The trustees shall meet at the time and place fixed in the notice to consider bids on the bond

issue. The bonds shall be sold at not less than par and accrued interest and each bidder shall specify the form of bonds to be issued, whether amortization or serial, and the rate of interest at which he will purchase the bonds. A bid for amortization bonds shall have the preference over a bid for serial bonds, all other things being equal; and in considering bids on these classes of bonds, the trustees shall take into consideration not only the rate of interest demanded on each kind, but also every other known element affecting the total cost of the bonds to the district when paid in full. The trustees shall accept the bid which they shall judge most advantageous to the school district. No attorney fees, brokerage or other fees, or commissions of any kind shall be paid to any person or corporation for assisting in the proceedings or in the preparation of the bonds, or in negotiating the sale. The trustees are authorized to reject any or all bids and to sell the bonds at private sale if they deem it for the best interests of the school district except that such bonds shall not be sold at less than par and accrued interest.

(2) The trustees may co-operate and combine with other school districts within the same county for the purpose of preparing and negotiating for sale of bond issues, if in the opinion of the trustees such co-operation or combination will facilitate the sale of school district bonds under more advantageous terms or with lower interest rates. Provided, however, that bond issues prepared or negotiated for sale under this section shall not be combined for any other purpose, but shall be entered separately on the books of the county treasurer and shall be otherwise treated as separate bond issues.

Whenever any school district bond, or installment on school district bonds, shall become due and payable, interest shall cease on such date unless sufficient funds are available to pay such bond when it is presented for payment or when payment of an installment is demanded. In either case, interest on such bond or installment shall continue until payment is made.

(1) "Special education" means specially designed instruction, given at no cost to the parents or guardians, to meet the unique needs of a handicapped child, including but not limited to classroom instruction, instruction in physical education, home instruction, and instruction in hospitals and institutions. The term includes but is not limited to speech pathology, audiology, occupational therapy, and physical therapy.

(2) "Handicapped child" means a child evaluated as being mentally retarded, hard-of-hearing, deaf, speech-impaired, visually handicapped, emotionally disturbed, orthopedically impaired, other health-impaired, or as having specific learning disabilities, who because of those impairments needs special education and related services.

(3) "Deaf" means a hearing impairment which is so severe that the child's hearing is nonfunctional for the purpose of educational performance.

(4) "Hard-of-hearing" means a hearing impairment, whether permanent or fluctuating, which adversely affects a child's educational performance but which is not included within the definition of "deaf".

(5) "Mentally retarded" means significantly subaverage general intellectual functioning existing concurrently with deficits in adaptive behavior and manifested during the developmental period, which adversely affects a child's educational performance.

(6) "Orthopedically impaired" means a severe orthopedic impairment which adversely affects a child's educational performance. The term includes but is not limited to impairment caused by congenital anomaly (e.g., clubfoot or absence of some member), impairments caused by disease (e.g., poliomyelitis, bone tuberculosis), and impairments from other causes (e.g., fractures or burns which cause contractures, amputation, cerebral palsy).

(7) "Other health-impaired" means limited strength, vitality, or alertness due to chronic or acute health problems such as a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle-cell anemia, hemophilia, epilepsy, lead poisoning, leukemia, or diabetes.

(8) "Emotionally disturbed" means a condition exhibiting one or more of the following characteristics to a marked degree and over a long period of time: an inability to learn which cannot be explained by intellectual,

sensory, or health factors; an inability to build or maintain satisfactory interpersonal relationships with peers and teachers; inappropriate types of behavior or feelings under normal circumstances; a general pervasive mood of unhappiness or depression; or a tendency to develop physical symptoms, pains, or fears associated with personal or school problems. The term does not include children who are socially maladjusted. The emotionally disturbed category may include students who also may have been diagnosed by appropriate specialists as autistic, psychotic, sociopathic, or schizophrenic. An emotionally disturbed child's disorders are not primarily the result of problems with visual acuity, hearing impairment, physical handicaps, cultural or instructional factors, or mental retardation. "Emotionally disturbed" refers to a person who has been identified, based on a comprehensive evaluation, as having observable behavioral patterns which seriously inhibit the academic and social or emotional growth of the individual or the educational rights of others to the point that supportive services are required. These behavioral patterns may include:

(a) excessive physical or verbal aggression toward oneself or others and a lack of response to regular educational intervention;

(b) high frequency of persistent inattention to academic or social tasks associated with regular classroom performance; and

(c) persistent withdrawal from peer or adult interactions associated with the expected social development in a regular educational environment.

Section

75-8503.3. Motor vehicle regulation—enforcement of regulations—appeals.
75-8504. Borrowing by regents.

Part 1—Regents

75-8501. Powers and duties.

Cross-References

Board of regents to exercise powers and duties of board of education, sec. 75-5617 (2).

Employment Relationship with Faculty

Since board of regents is competent body for determining priorities in higher education, and an important priority is

hiring and keeping competent personnel, appropriations bill which controlled salaries of university employees denied the board power to function effectively by setting its own personnel policies and determining its own priorities, and was unconstitutional. Board of Regents of Higher Education v. Judge, — M —, 543 P 2d 1323.

75-8503.2. Motor vehicle regulation—parking and operation.

Registration of Motor Vehicles

Montana university's power to require registration of vehicles parked on campus and to limit areas in which they can be parked is included under its power to reg-

ulate parking on campus generally, and does not exceed authority to regulate provided in statute. Montana State University v. Ransier, — M —, 536 P 2d 187.

75-8503.3. Motor vehicle regulation—enforcement of regulations—appeals. The regents may authorize the president of each unit to:

(a) to (f) * * * [Same as parent volume.]

(g) To prohibit a student from registering if said student has unpaid parking assessments or fines outstanding resulting from on-campus motor vehicle or parking violations within the previous one (1) year.

History: En. Sec. 2, Ch. 398, L. 1971; amd. Sec. 1, Ch. 246, L. 1974.

Late Payment of Fines

Montana university's provision that late payment of parking fine constitutes separate offense was permissible under general regulation of parking and was within powers incident to general grant of regulatory authority. Montana State University v. Ransier, — M —, 536 P 2d 187.

Amendments

The 1974 amendment added subdivision (g).

75-8504. Borrowing by regents. In carrying out the above powers, the regents may:

(1) borrow money for any purpose or purposes stated in this chapter, including, if considered desirable by the regents, the payment of interest on the money borrowed for a facility during the construction thereof and

for 1 year thereafter and the creation of a reserve for the payment of bond principal and interest;

(2) make purchases on a time or installment basis;

(3) issue bonds, notes, and other securities, negotiable or otherwise, secured as provided in this section, including bearer bonds with appurtenant interest coupons, which shall be fully negotiable notwithstanding any limitation on the source of payment thereof, or fully registered bonds or bonds registered as to ownership of principal only;

(4) pledge for the payment of the purchase price of any facility or of the principal and interest on bonds, notes, or other securities authorized in this chapter or otherwise obligate:

(a) the net income received from rents, board, or both in housing, food service, and other facilities;

(b) receipts from student building, activity, union, and other special fees prescribed by the regents for all students; and

(c) other income in the form of gifts, bequests, contributions, federal grants of funds, including the proceeds or income from grants of lands or other real or personal property; receipts from athletic and other contests, exhibitions, and performances; and collections of admissions and other charges for the use of facilities including all use by other persons, firms, and corporations for athletic and other contests, exhibitions, and performances and for the conduct of their business, educational, or governmental functions;

(5) make payments on loans or purchases from any other available income not obligated for those purposes, including receipts from sale of materials, equipment, and fixtures of the facilities or from sales of the facilities themselves other than land;

(6) secure any bonds authorized hereunder by a trust indenture between the regents and any bank or trust company within or without the state of Montana or by a resolution establishing covenants of the regents with the holders of such bonds relating to the construction, operation, use, and insurance of the facilities; the segregation, expenditure, and audit of accounts of the bond proceeds and of the income pledged; the establishment and collection of rents, charges, admissions, and fees sufficient to provide net income adequate for prompt payment of principal and interest on bonds and creation and maintenance of reserves for that purpose; and such other matters as the regents may determine to be necessary or desirable for the security and marketability of the bonds;

(7) issue and sell or exchange bonds, secured as provided in this section, for the refunding of any outstanding bonds or other obligations issued before or after January 29, 1971, by the regents, subject to the following provisions:

(a) refunding bonds may, with the consent of the holders of the bonds to be refunded thereby, be exchanged at par plus accrued interest for all or part of such bonds or may be sold at a price not less than par plus accrued interest. They may be secured by a pledge of the same revenue as the bonds refunded or by a pledge of different or additional revenues

received at the same unit of the university. Nothing herein shall require the holder of any outstanding bond to accept payment thereof or the delivery of a refunding bond in exchange therefor, except in accordance with the terms of the outstanding bond. Bonds may be issued to refund interest as well as principal actually due and payable if the revenues pledged therefor are not sufficient, but not to refund any bonds or interest due which can be paid from revenues then on hand.

(b) refunding bonds may bear interest at a rate lower or higher than the bonds refunded thereby, if they are issued to refund matured principal or interest for the payment of which revenues on hand are not sufficient or if they are issued to refund before maturity bonds issued before January 1, 1965, for the purpose of releasing revenues required for payment of the outstanding bonds permitting the pledge thereof for the security of other bonds as well as the refunding bonds, subject to the rights of the holders of the outstanding bonds until those bonds are fully paid and redeemed. Except as authorized in the preceding sentence, refunding bonds shall not be issued unless their average annual interest rate, computed to their stated maturity dates and excluding any premium from such computation, is at least $\frac{3}{8}$ of 1% less than the average annual interest rate on the bonds refunded thereby, computed to their respective stated maturity dates.

(c) in any case where refunding bonds are issued and sold 6 months or more before the earliest date on which all bonds refunded thereby mature or are prepayable in accordance with their terms, the proceeds of the refunding bonds, including any premium and accrued interest, shall be deposited in escrow with a suitable bank or trust company having its principal place of business within or without the state, which is a member of the federal reserve system and has a combined capital and surplus not less than \$1 million and shall be invested in the amount and in securities maturing on the dates and bearing interest at the rates which will be required to provide funds sufficient to pay when due the interest to accrue on each bond refunded to its maturity or, if it is prepayable, to the earliest prior date upon which the bond may be called for redemption from the proceeds of the refunding bonds and to pay and redeem the principal amount of each bond at maturity or, if prepayable, on that redemption date and any premium required for redemption on that date. The resolution or indenture authorizing the refunding bonds shall irrevocably appropriate for these purposes the escrow fund and all income therefrom and shall provide for the call of all prepayable bonds in accordance with their terms. The securities to be purchased with such escrow funds shall be limited to general obligations of the United States, securities whose principal and interest payments are guaranteed by the United States, and securities issued by the following United States government agencies: banks for cooperatives, federal home loan banks, federal intermediate credit banks, federal land banks, and the federal national mortgage association. The securities shall be purchased simultaneously with the delivery of the refunding bonds.

(d) revenues or other funds on hand, in excess of amount pledged by resolutions or indentures authorizing outstanding bonds for the payment

of principal and interest currently due thereon and reserves securing such payment, may be used to pay the expenses incurred by the regents for the purpose of refunding, including but without limitation the cost of advertising and printing refunding bonds, legal and financial advice and assistance in connection therewith, and the reasonable and customary charges of escrow agents and paying agents. Revenues and other funds on hand, including reserves pledged for the payment and security of outstanding revenue bonds, may be deposited in an escrow fund created for the retirement of those bonds and may be invested and disbursed as provided in subsection (c) hereof to the extent consistent with the resolutions or indentures authorizing such outstanding bonds.

(8) sell bonds and sell or exchange refunding bonds issued hereunder in the manner and upon the terms as to maturities, interest rates, and redemption privileges and for the price that the regents determine with the approval of the department of administration.

the introductory paragraph of subsection (7); substituted "department of administration" for "state controller" at the end of subsection (8); and made minor changes in phraseology, punctuation and style.

76-105. Creation of conservation districts. (1) Any 10 qualified electors within the limits of the territory proposed to be organized into a district may file a petition with the department asking that the board approve the organization of a conservation district to function in the territory described in the petition. The petition shall set forth:

- (a) the proposed name of the district;
- (b) that there is need in the interest of the public health, safety, and welfare for a conservation district to function in the territory described in the petition;
- (c) a description of the territory proposed to be organized as a district, which description may not be required to be given by metes and bounds or by legal subdivisions but shall be considered sufficient if generally accurate;
- (d) a request that the board duly define the boundaries for the district; that a referendum be held within the territory so defined on the question of the creation of a conservation district in the territory; and that the board determine that a district be created.

(2) Where more than one petition is filed covering parts of the same territory, the board may consolidate all or any part of the petitions.

(3) Within 30 days after a petition has been filed with the department, it shall cause due notice to be given of a proposed hearing before the department upon the question of the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of the district; upon the question of the appropriate boundaries to be assigned to the district; upon the propriety of the petition and other proceedings

taken under this act; and upon all questions relevant to those inquiries. All qualified electors within the limits of the territory described in the petition and of lands within any territory considered for addition to the described territory and all other interested parties are entitled to attend the hearings and be heard. If it appears to the board after reviewing the record of the hearing that it may be desirable to include within the proposed district territory outside of the area within which due notice of the hearing has been given, the board shall adjourn the hearing and the department shall cause due notice of a further hearing to be given throughout the entire area considered for inclusion in the district, and the further hearing shall be held by the department. After the hearing, if the board determines, upon the facts presented at the hearing and upon other relevant facts and information as may be available to the department or the board, that there is need, in the interest of the public health, safety, and welfare, for a conservation district to function in the territory considered at the hearing, it shall make and record that determination and shall define, by metes and bounds or by legal subdivisions, the boundaries of the district. In making the determinations and in defining the boundaries, the board shall consider the topography of the area considered and of the state, the composition of soils therein, the distribution of erosion, the prevailing land-use practices, the desirability and necessity of including within the boundaries the particular lands under consideration and the benefits those lands may receive from being included within the boundaries, the relation of the proposed area to existing watersheds and agricultural regions and other conservation districts already organized or proposed for organization under this act, and such other physical, geographical, and economic factors as are relevant, having due regard to the legislative determination set forth in 76-102. The territory to be included within the boundaries need not be contiguous. If the board determines after the hearing, after due consideration of the relevant facts, that there is no need for a conservation district to function in the territory considered at the hearing, it shall make and record that determination and shall deny the petition. After 6 months have expired from the date of the denial of a petition, subsequent petitions covering the same or substantially the same territory may be filed and a new hearing held and determinations made thereon.

(4) After the board has made and recorded a determination that there is need, in the interest of the public health, safety, and welfare, for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within the boundaries with the powers conferred upon conservation districts in this act is administratively practicable and feasible. To assist the board in the determination of this administrative practicability and feasibility, the department shall, within a reasonable time after entry of the board's finding that there is need for the organization of the proposed district and the determination of the boundaries thereof, hold a referendum within the proposed district upon the proposition of the creation of the district and cause due notice of the referendum to be given. The question shall be submitted by ballots upon which the words "For creation of a conservation district of the lands below described and lying

in the county(ies) of _____, _____, and _____” and “Against creation of a conservation district of the lands below described and lying in the county(ies) of _____ and _____” shall appear, with a square before each proposition and a direction to insert an “X” mark in the square before one or the other of the propositions as the voter may favor or oppose creation of the district. The ballot shall set forth the boundaries of the proposed district as determined by the board. All qualified electors within the boundaries of the territory, as determined by the department, are eligible to vote in the referendum.

(5) The department shall pay all expenses for the issuance of the notices and the conduct of the hearings and referenda and shall supervise the conduct of the hearings and referenda. It shall adopt appropriate rules governing the conduct of the hearings and referenda and providing for the registration prior to the date of the referendum of all eligible voters or prescribing some other appropriate procedure for the determination of those eligible as voters in the referendum. No informalities in the conduct of the referendum or in any matters relating thereto shall invalidate the referendum or the result thereof if notice thereof has been given substantially as herein provided and the referendum has been fairly conducted.

(6) The department shall publish the result of the referendum, and the board shall thereafter consider and determine whether the operation of the district within the defined boundaries is administratively practicable and feasible. If the board determines that the operation of the district is not administratively practicable and feasible, it shall record that determination and deny the petition. If the board determines that the operation of the district is administratively practicable and feasible, it shall record that determination and proceed with the organization of the district in the manner hereinafter provided. In making its determination, the board shall consider the attitudes of the qualified electors within the defined boundaries, the number of qualified electors eligible to vote in the referendum who voted, the proportion of the votes cast in the referendum in favor of the creation of the district to the total number of votes cast, the approximate wealth and income of the qualified electors of the proposed district, the probable expense of carrying on erosion-control operations within the district, and such other economic and social factors relevant to the determination, having due regard to the legislative determinations set forth in 76-102; however, the board may not determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible unless a majority of the votes cast in the referendum upon the proposition of creation of the district have been cast in favor of the creation of the district.

(7) If the board determines that the operation of the proposed district within the defined boundaries is administratively practicable and feasible, it shall appoint two supervisors to act with the three supervisors first elected, as provided hereinafter, as the initial governing body of the district. The district is a governmental subdivision of this state and a public body, corporate and politic, upon the taking of the following proceedings:

(a) The two appointed supervisors shall present to the secretary of state an application signed by them, which shall set forth:

(i) that a petition for the creation of the district was filed with the department pursuant to this act, that the proceedings specified in this act were taken pursuant to the petition, that the application is being filed in order to complete the organization of the district as a governmental subdivision and a public body, corporate and politic, under this act, and that the board has appointed them as supervisors;

(ii) the name and official residence of each of the supervisors, together with a certified copy of the appointments evidencing their right to office;

(iii) the term of office of each of the supervisors;

(iv) the name which is proposed for the district; and

(v) the location of the principal offices of the supervisors of the district.

(b) The application shall be subscribed and sworn to by each of the supervisors. The application shall be accompanied by a statement by the department, which shall certify that a petition was filed, notice issued, and hearing held as provided in this act; that the board determined that there is need in the interest of the public health, safety, and welfare for a conservation district to function in the proposed territory and defined the boundaries thereof; that notice was given and a referendum held on the question of the creation of the district; and that the result of the referendum showed a majority of the votes cast in the referendum to be in favor of the creation of the district and that thereafter the board determined that the operation of the proposed district is administratively practicable and feasible. The statement shall also set forth the boundaries of the district as they have been defined by the board.

(8) The secretary of state shall examine the application and statement, and if he finds that the name proposed for the district is not identical with that of any other conservation district of this state or so nearly similar as to lead to confusion or uncertainty, he shall receive and file them and shall record them in an appropriate book of record in his office. If the secretary of state finds that the name proposed for the district is identical with that of any other conservation district of this state or so nearly similar as to lead to confusion and uncertainty, he shall certify that fact to the board, which shall thereupon submit to the secretary of state a new name for the district which is not subject to such defects. Upon receipt of the new name free of such defects, the secretary of state shall record the application and statement with the name so modified in an appropriate book of record in his office. When the application and statement have been made, filed, and recorded as herein provided, the district is a governmental subdivision of this state and a public body, corporate and politic. The secretary of state shall make and issue to the supervisors without cost a certificate under the seal of the state of the due organization of the district and shall record the certificate with the application and statement. The boundaries of the district shall include the territory as determined by the board, but they may not include any area included within the boundaries of another conservation district.

(9) After 6 months have expired from the date of entry of a determination by the board that operation of a proposed district is not admin-

istratively practicable and feasible and denial of a petition pursuant to the determination, subsequent petitions may be filed and action taken thereon in accordance with this act.

(10) Petitions for including additional territory within an existing district may be filed with the department, and the proceedings herein provided for in the case of petitions to organize a district shall be followed in the case of petitions for the inclusion. The department shall prescribe the form for the petitions, which shall be as nearly as may be in the form prescribed in this act for petitions to organize a district. Where the total number of qualified electors in the area proposed for inclusion is less than 10, the petition may be filed when signed by a majority of the qualified electors of the area, and in that case no referendum need be held. In referenda upon petitions for the inclusion, all qualified electors within the proposed additional area are eligible to vote.

(11) In a suit, action, or proceeding involving the validity or enforcement of or relating to a contract, proceeding, or action of the district, the district shall be considered to have been established in accordance with this act upon proof of the issuance of the certificate by the secretary of state. A copy of the certificate, duly certified by the secretary of state, is admissible in evidence in the suit, action, or proceeding and is proof of the filing and contents thereof.

(12) The conservation district is authorized to divide the unincorporated area of the district into five supervisor areas.

76-106. Election of supervisors for each district. (1) Within 30 days after the date of issuance by the secretary of state of a certificate of organization of a conservation district, nominating petitions may be filed with the registrar, as defined in Title 23, R.C.M. 1947, to nominate candidates for supervisors of the district. A nominating petition may not be accepted by

the registrar unless it is subscribed by 10 or more qualified electors within the boundaries of the district, or supervisor areas thereof, wherein the nominee resides. Qualified electors may sign more than one nominating petition to nominate more than one candidate for supervisor. If more than six candidates are nominated, the registrar shall give due notice of a nominating election to be held for the selection of six candidates for supervisor to appear on the next general election ballot. This nominating election may be held in conjunction with the state primary election. In the general election, the names of all persons nominated by petition (if six or fewer) or by election shall be printed, arranged in a rotating order of the surnames, as provided under 23-3511, upon ballots, with a square before each name and a direction to insert an "X" mark in the square before any three names to indicate the voter's preference. All qualified electors within the district are eligible to vote in the election. The three candidates who receive the largest number, respectively, of the votes cast in the election are the elected supervisors for the district. The registrar in each county shall prepare suitable nonpartisan ballots and polling lists for the election of supervisors, which ballots and polling lists shall be delivered to the election judges in those precincts which contain eligible voters prior to each general election and each primary election in which more than four candidates are nominated. The election judges, clerks, and other election officials in such precincts shall submit such ballots to qualified electors, conduct the election and tabulate the results of such election in the manner provided for by the general election laws of the state.

(2) Two supervisors shall be elected at the second general election following the organization or reorganization of the district and shall replace the two supervisors appointed by the department. Thereafter, a district shall alternately elect three and two supervisors at succeeding general elections. Nominations for the election of supervisors shall be made as provided under subsection (1) except that a nominating election shall be held if more than four candidates are nominated by petition when two supervisors are to be elected.

Section 4, Ch. 18, Laws 1977, read "For the purposes of bringing existing districts into compliance with this act by the time of the 1978 general elections the terms of office for all supervisors shall expire upon passage and approval of this act. However, each supervisor shall remain in office until his successor has been elected and has qualified in accordance with this act. For purposes of the 1978 general election three supervisors shall be elected for a 4-year term and the remaining two supervisors elected for a 2-year term. No action or undertaking of a district may be invalidated or voided for failure to comply with the amendatory provisions of this act prior to January 1, 1979."

76-107. Appointment, qualifications, and tenure of supervisors. (1)

The governing body of the district shall, if there are no incorporated municipalities within the boundaries of said district, consist of five or seven supervisors, elected or appointed as provided herein.

(2) In all cases where the boundaries of such conservation district include any incorporated municipality or municipalities, the board of supervisors, in addition to the five elected supervisors, shall consist of two appointed supervisors, making a total of seven supervisors in such districts. The two appointed supervisors must be residents of the municipalities within the district. The legislative bodies of the incorporated municipalities within the district shall, after consultation with the elected supervisors, appoint the two additional supervisors. (4) The supervisors shall annually elect a chairman from their members. The term of office of each supervisor shall be 4 years, except that the supervisors who are first appointed by the department shall be designated to serve for terms of 2 years from the date of their appointment. An elected supervisor shall hold office until his successor has been elected and has qualified. Any vacancy occurring in the office of an elected supervisor shall be filled by appointment by the remaining supervisors until the next regular election, when a successor shall be elected to serve the unexpired term. A majority of the supervisors constitute a quorum, and the concurrence of a majority in any matter within their duties is required for its determination. A supervisor may not receive compensation for his services, but he is entitled to expenses, including travel expenses, as provided for in 59-538, 59-539, and 59-801, incurred in the discharge of his duties.

(5) The supervisors may employ a secretary and such other officers, agents, and employees, permanent and temporary, as they may require and shall determine their qualifications, duties, and compensation. The supervisors may call upon the attorney general of the state for such legal services

as they may require or may employ their own counsel and legal staff. The supervisors may delegate to their chairman, to one or more supervisors, or to one or more agents or employees such powers and duties as they consider proper. The supervisors shall furnish to the department copies of such ordinances, rules, regulations, orders, contracts, forms, and other documents as they adopt or employ and such other information concerning their activities as may be required in the performance of their duties under this act.

(6) The supervisors shall provide for the execution of surety bonds for all employees and officers who are entrusted with funds or property; shall provide for the keeping of a full and accurate record of all proceedings and of all resolutions, regulations, and orders issued or adopted; and shall provide for an annual audit of the accounts of receipts and disbursements. A supervisor may be removed by the board, upon notice and hearing, for neglect of duty or malfeasance in office but for no other reason.

(7) The supervisors may invite the governing body of any municipality or county located near the territory comprised within the district to designate a representative to advise and consult with the supervisors of the district on all questions of program and policy which may affect the property, water supply, or other interests of the municipality or county.

76-109. Adoption of land-use regulations. (A) The supervisors of any district shall have authority to formulate regulations governing the use of lands within the district in the interest of conserving soil and water resources and preventing and controlling erosion. The supervisors may conduct such public meetings and public hearings upon tentative regulations as may be necessary to assist them in this work. The supervisors shall not have authority to enact such land-use regulations into law until after they shall have caused due notice to be given of their intention to conduct a referendum for submission of such regulations to the qualified electors within the boundaries of the district for their indication of approval or disapproval of such proposed regulations, and until after the supervisors have considered the result of such referendum.

The notices of the referendum shall recite the contents of such proposed ordinance, or shall state where copies of such proposed ordinance may be examined. The question shall be submitted by ballots, upon which the words "For approval of proposed

ordinance No. _____, prescribing land-use regulations for conservation of soil and prevention of erosion" and "Against approval of proposed ordinance No. _____, prescribing land-use regulations for conservation of soil and prevention of erosion" shall appear, with a square before each proposition and a direction to insert and [an] "X" mark in the square before one (1) or the other of said propositions as the voter may favor or oppose approval of such proposed ordinance. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

(C) The supervisors shall not have authority to enact such proposed ordinance into law unless a majority of the votes cast in such referendum shall have been cast for approval of the said proposed ordinance. (D) Any qualified elector within such district may at any time file a petition with the supervisors asking that any or all of the land-use regulations prescribed in any ordinance adopted by the supervisors under the provisions of this section shall be amended, supplemented, or repealed. Land-use regulations prescribed in any ordinance adopted pursuant to the provisions of this section shall not be amended, supplemented or repealed, except in accordance with the procedure prescribed in this section for adoption of land-use regulations. The regulations shall be uniform throughout the territory comprised within the district except that the supervisors may classify the lands within the district with reference to such factors as soil type, degree of slope, degree of erosion threatened or existing, grazing and cropping programs, and tillage and range practices in use, and other relevant factors and may provide regulations varying with the type or class of land affected, but uniform as to all lands within each class or type. Copies of

land-use regulations adopted under the provisions of this section shall be printed and made available to all occupiers of land within the district.

(1) * * * [Same as parent volume.]

(2) Where the supervisors of any district shall find that any of the provisions of land-use regulations prescribed in any ordinance adopted in accordance with the provisions of section 76-109 are not being observed on particular lands, and that such nonobservance tends to increase erosion on such lands, and is interfering with the prevention or control of erosion on other lands within the district, the supervisors may present to the district court of the county in which the lands of the defendant may lie, a petition, duly verified, setting forth the adoption of the ordinance prescribing land-use regulations, the failure of the defendant to observe such regulations, and to perform particular work, operations, or avoidances as required thereby, and that such nonobservances tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district, and praying the court to require the defendant to perform the work, operations, or avoidances within a reasonable time and to order that if the defendant shall fail so to perform the supervisors may go on the land, perform the work or other operations or otherwise bring the condition of such lands into conformity with the requirements of such regulations, and recover the costs and expenses thereof, with interest, from the defendant.

(3) * * * [Same as parent volume.]

(4) The court may dismiss the petition; or it may require the defendant to perform the work, operations, or avoidances, and may provide that upon the failure of the defendant to initiate such performance within the time specified in the order of the court, and to prosecute the same to completion with reasonable diligence, the supervisors may enter upon the lands involved and perform the work or operations or otherwise bring the condition of such land into conformity with the requirements of the regulations and recover the costs and expenses thereof, with interest at the rate of five per cent (5%) a year from the defendant. In all cases where the person in possession of lands, who shall fail to perform such work, operations, or avoidances shall not be the owner, the owner of such lands shall be joined as party defendant.

Upon completion of such work pursuant to such order of the court the supervisors may file a petition with the court, a copy of which shall be served upon the defendant in the case, stating the costs and expenses sustained by them in the performance of the work and praying judgment therefor with interest. The court shall have jurisdiction to enter judgment for the amount of such costs and expenses, with interest at the rate of five per cent (5%) a year until paid, together with the costs of suit, including a reasonable attorney's fee to be fixed by the court.

Amendments

The 1971 amendment deleted "land occupier" after "the failure of the defendant"

near the middle of subsection (2); substituted "defendant" for "occupier of such land" at the end of subsection (2) and at the end of the first sentence of subsection (4); and made minor changes in phraseology.

76-111. Board of adjustment. (1) Where the supervisors of a district adopt an ordinance prescribing land-use regulations in accordance with section 76-109, they shall further provide by ordinance for the establishment of a board of adjustment. The board of adjustment shall consist of three (3) members, each to be appointed for a term of three (3) years, except that the members first appointed shall be appointed for terms of 1, 2, and 3 years, respectively. The members of each board of adjustment shall be appointed by the department, with the advice and approval of the supervisors of the district for which the board has been established, and may be removed by the department, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason, the hearing to be conducted jointly by the department and the supervisors of the district. Vacancies in the board of adjustment shall be filled in the same manner as original appointments and shall be for the unexpired term of the member whose term becomes vacant. Members of the board of natural resources and conservation, employees of the department, and the supervisors of the district are ineligible to appointment as members of the board of adjustment. The members of the board of adjustment shall receive compensation for their services at the rate of four dollars (\$4) per day for time spent on the work of the board, in addition to expenses, including travel expenses, as provided for in sections 59-538, 59-539, and 59-801, necessarily incurred in the discharge of their duties. The supervisors shall pay the necessary administrative and other expenses of operation incurred by the board, upon the certificate of the chairman of the board.

(2) The board of adjustment shall adopt rules to govern its procedures, which rules shall be in accordance with this act, and with any ordinance adopted pursuant to this section. The board shall annually elect a chairman from among its members. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Any two (2) members of the board constitute a quorum. The chairman, or in his absence, such other member of the board as he may designate to serve as acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The

board shall keep a full and accurate record of all proceedings, of all documents filed with it, and of all orders entered, which shall be filed in the office of the board and shall be a public record.

(3) Any qualified elector may file a petition with the board of adjustment, alleging that there are great practical difficulties or unnecessary hardship in the way of his carrying out upon his lands the strict letter of the land-use regulations prescribed by ordinance approved by the supervisors, and praying the board to authorize a variance from the terms of the land-use regulations in the application of the regulations to the lands occupied by the petitioner. Copies of the petition shall be served by the petitioner upon the chairman of the supervisors of the district within which his lands are located and upon the department. The board of adjustment shall fix a time for the hearing of the petition and cause due notice of the hearing to be given. The supervisors of the district and the department are entitled to appear and be heard at the hearing. A qualified elector within the district who objects to the authorizing of the variance prayed for may intervene and become a party to the proceedings. A party to the hearing before the board may appear in person, by agent, or by attorney. If, upon the facts presented at the hearing the board determines that there are great practical difficulties or unnecessary hardship in the way of applying the strict letter of any of the land-use regulations upon the lands of the petitioner, it shall make and record that determination and shall make and record findings of fact as to the specific conditions which establish the great practical difficulties or unnecessary hardship. Upon the basis of the findings and determination, the board may order a variance from the terms of the land-use regulations, in their application to the lands of the petitioner, that will relieve the great practical difficulties or unnecessary hardship and will not be contrary to the public interest, and such that the spirit of the land-use regulations are observed, the public health, safety, and welfare secured, and substantial justice done.

(4) A petitioner aggrieved by an order of the board granting or denying, in whole or in part, the relief sought, the supervisors of the district, or an intervening party, may obtain a review of the order in any district court of the county, in which the lands of the petitioner lie, by filing in the court a petition praying that the order of the board be modified or set aside. A copy of the petition shall immediately be served upon the parties to the hearing before the board, and thereupon the party seeking review shall file in the court a transcript of the entire record in the proceedings, certified by the board, including the documents and testimony upon which the order complained of was entered, and the findings, determination, and order of the board. Upon the filing, the court shall cause notice thereof to be served upon the parties, and the court has jurisdiction of the proceedings and of the questions determined or to be determined therein, and may grant such temporary relief as it deems just and proper, and make and enter a decree enforcing, modifying, and enforcing as so modified, or setting aside, in whole or in part, the order of the board. A contention that is not urged before the board may not be considered by the court unless the failure or neglect to urge the contention is excused because of extraordinary circumstances. The findings of the board as to the facts, if supported by

evidence, are conclusive. If a party applies to the court for leave to produce additional evidence and shows to the satisfaction of the court that the evidence is material and that there are reasonable grounds for the failure to produce the evidence in the hearing before the board, the court may order the additional evidence to be taken before the board and to be made a part of the transcript. The board may modify its findings as to the facts or make new findings, taking into consideration the additional evidence so taken and filed, and it shall file the modified or new findings, which, if supported by evidence, are conclusive, and shall file with the court its recommendations, if any, for the modification or setting aside of its original order. The jurisdiction of the court is exclusive and its judgment and decree are final, except that they are subject to review in the same manner as are other judgments or decrees of the court.

The 1971 amendment substituted "state conservation commission" for "state soil conservation committee" throughout the section; substituted "qualified elector" for "land occupier" in the first sentence, and for "occupiers of land lying" in the fifth sentence, of subsection C; and made minor changes in style and punctuation. sentence, of subsection (3); and made minor changes in style and punctuation.

The 1974 amendment substituted "department" for references to the state conservation commission or its chairman throughout the section; substituted "board of natural resources and conservation" and "employees of the department" in the fifth sentence of subsection (1) for "state conservation commission"; and made minor changes in phraseology, punctuation and style.

The 1975 amendment inserted "as provided for in sections 59-538, 59-539, and 59-801" after "travel expenses" near the end of subsection (1); and made minor changes in phraseology.

76-114. Discontinuance of districts or a part of the district. (1) At any time after 5 years after the organization of a district under this act, any 10 qualified electors within the boundaries of the district may file a petition with the department, praying that the board terminate the operations of the district or a part of the district and discontinue the existence of the district or that part of the district. The department may conduct such public meetings and public hearings upon the petition as are necessary to assist it and the board in the consideration thereof.

(2) Within 60 days after the petition has been received by the department it shall give due notice of the holding of a referendum, and shall supervise the referendum, and issue appropriate regulations governing the conduct thereof, the question to be submitted by ballots upon which the words "For terminating the existence of the (name of the conservation district or part of the district to be here inserted)" and "Against terminating the existence of the (name of the conservation district or part of the district to be here inserted)" shall appear, with the square before each proposition and a direction to insert an "X" mark in the square before one or the other of the propositions as the voter may favor or oppose discontinuance of the district or a part of the district. All qualified electors within the boundaries of the district are eligible to vote in the referendum. No informalities in the conduct of the referendum or in any matters relative thereto shall invalidate the referendum or the result

thereof if notice thereof is given substantially as herein provided and the referendum is fairly conducted.

(3) (a) In the case of petitions for discontinuance of a district, the department shall publish the result of the referendum and the board shall thereafter consider and determine whether the continued operation of the district within the defined boundaries is administratively practicable and feasible. If the board determines that the continued operation of the district is administratively practicable and feasible, it shall record that determination and deny the petition. If the board determines that the continued operation of the district is not administratively practicable and feasible, it shall record that determination and shall certify the determination to the supervisors of the district.

(b) In the case of petitions for discontinuance of part of a district, the department shall publish the result of the referendum and the board shall thereafter consider and determine whether the continued operation of a part of the district within the defined boundaries is administratively practicable and feasible. If the board determines that the continued operation of the district is not administratively practicable and feasible with a part of the district discontinued, it shall record that determination and deny the petition. If the board determines that the continued operation of the district is administratively practicable and feasible with a part of the district discontinued it shall record that determination and shall certify the determination to the supervisors of the district.

(4) In making the determination the board shall give due regard and weight to the attitudes of the qualified electors lying within the district, the number of qualified electors eligible to vote in the referendum who voted, the proportion of the votes cast in the referendum in favor of the discontinuance of the district or part of the district to the total number of votes cast, the approximate wealth and income of the qualified electors of the district, the probable expense of carrying on erosion control operations within the district, and such other economic and social factors as may be relevant to the determination, having due regard to the legislative findings set forth in section 76-102; however, the board may not determine that the continued operation of the district or part of the district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum are cast in favor of the continuance of the district or part of the district.

(5) Upon receipt from the department of a certification of the board that the board has determined that the continued operation of the district or part of the district is not administratively practicable and feasible, pursuant to this section, the supervisors shall immediately proceed to terminate the affairs of the district or part of the district. The supervisors shall dispose of all property belonging to the district or part of the district at public auction and shall pay over the proceeds of the sale to be covered into the state treasury. The supervisors shall thereupon file an application, duly verified, with the secretary of state for the discontinuance of the district or part of the district, and shall transmit with the application the certificate of the board, setting forth the determination of the board that

the continued operation of the district or part of the district is not administratively practicable and feasible. The application shall recite that the property of the district or part of the district has been disposed of and the proceeds paid over as in this section provided, and shall set forth a full accounting of the properties and proceeds of the sale. The secretary of state shall issue to the supervisors a certificate of dissolution and shall record the certificate in an appropriate book of record in his office.

(6) Upon issuance of a certificate of dissolution under this section, all ordinances and regulations theretofore adopted and in force within the district or in that part of the district are void. All contracts previously entered into, to which the district or supervisors are parties, remain in effect for the period provided in those contracts. The department shall be substituted for the district or supervisors as party to the contracts if the total district is discontinued. In this case the department is entitled to all benefits and subject to all liabilities under the contracts and has the same right and liability to perform, to require performance, to sue and be sued thereon, and to modify or terminate the contracts by mutual consent or otherwise, as the supervisors of the district would have had. The dissolution does not affect the lien of any judgment entered under section 76-110, nor the pendency of an action instituted under that section, and the department succeeds to all rights and obligations of the district or supervisors as to those liens and actions.

All moneys allocated to a district by the department shall be available to the supervisors of the district for all administrative and other expenses of the district under this act and for all administrative and other expenses of the board of adjustment established or to be established by the district.

(2) Seventy-five per cent (75%) of all moneys which may be appropriated to pay the administrative and other expenses of conservation districts shall be allocated by the department among all the districts organized, or to be organized, within the ensuing biennial fiscal period, under this act, in direct proportion to the total acreage of land within each district. The remaining twenty-five per cent (25%) of the moneys shall be allocated by the department among the districts on such basis of allocation as is fair, reasonable, and in the public interest, giving due consideration to the greater relative expense of carrying on operations within the particular districts because of such factors as unusual topography, unusual severity of erosion, special difficulty of carrying on operations, special volume of work to be done, and the special importance of instituting erosion control operations immediately. In making allocations of the moneys, the department shall retain an amount estimated by it to be adequate to enable it to make subsequent allocations in accordance with this section from time to time among districts which may be organized after the initial allocations are made, but within the ensuing biennial fiscal period.

(3) The department shall submit to the department of administration, on or before the first (1st) day of August of each year preceding a regular session of the legislative assembly a request for an appropriation as provided in the budget act. Upon the issuance of the certificate, the

supervisors of the district shall cause due notice to be given of the change of the name of the district.

Any or all of these actions may be initiated by the filing of a single petition with the department. The petition shall be signed by a majority of the members of each of the governing bodies of the affected districts. The department shall prescribe the form for the petition. Upon the filing of the petition, the department shall within thirty (30) days give due notice of public hearing upon the petition. All qualified electors within the affected districts, and all other interested parties, are entitled to attend the hearing and be heard. After the hearing, the board of natural resources and conservation upon the record of the hearing shall determine whether the proposed division, the combination or division and combination of territory is administratively practicable and feasible. In making the determination the board shall give due regard to the legislative determinations set forth in section 76-102 and to the considerations enumerated in section 76-105, to the extent applicable, relative to determining the practicability and feasibility of creating a district.

If the determination is in the negative the board shall make and record that determination and shall deny the petition. After six (6) months from the denial of the petition, a new petition may be filed.

(4) Upon the division of a district, the supervisors thereof shall allocate the property, rights and liabilities, including contractual obligations, of the district among the resulting parts of the district, giving due consideration to the proportionate size of each divided part, the number of qualified electors and operating units and the degree and extent of soil erosion therein, and other relevant factors. A statement of the allocation shall be filed with the department within thirty (30) days after the notification of the board's determination in favor of the division of the district. Upon the failure of the supervisors to make, or to agree upon, the allocation, it shall be made by the department after such hearing as the department considers necessary, and with due regard for the standards set out in this paragraph for making the allocations.

The expense of the project area may, in the discretion of the board, or boards, of supervisors, be financed in whole from revenue received by regular assessments or by revenue received in part from regular assessments and in part from special assessments. Upon adoption of a budget covering necessary expenses, the board, or boards, of supervisors shall send a copy of such budget or apportionment thereof to the board of county commissioners and/or city auditor of each county and/or city in the project area. When the board, or boards, of supervisors has determined that a special assessment is necessary, the board of county commissioners of such county in which there lies any portion of a project area shall annually, at the time of levying county taxes, levy a special assessment of the taxable real property in the project area, not to exceed three (3) mills. It shall be known as the "..... (name of district) soil and water conservation district special assessment," and shall be sufficient to raise the income reported to them in the estimate of the supervisors. Each lot or parcel of land to be assessed shall be assessed with that part of the amount of money required which its taxable valuation bears to the total taxable valuation of all the lands to be assessed. Funds produced each year by this special tax levy shall be available until spent, and if this special tax levy in any year does not produce sufficient revenue to pay the project area expenses, a fund sufficient to pay the same may be accumulated. A special assessment to defray the expenses of a project area may be spread over a term of not to exceed forty (40) years.

The provisions of this section shall not be construed to impair, limit, or repeal any right whatsoever, which the government of the United States or any department, bureau, or agency thereof has to full and complete jurisdiction, management, or control over projects over which such federal authority desires to exercise such rights, it being the purpose of this section expressly to subordinate any power of jurisdiction and to never interfere directly with such federal authority.

CHAPTER 5—SOLDIERS AND SAILORS PREFERENCE IN PUBLIC EMPLOYMENT

Section

77-501. Purpose—definitions—preference.

77-501. (5653) Purpose—definitions—preference. (1) The purpose of this section is to provide for preference of veterans, their unremarried surviving spouses and dependents, and certain disabled civilians in appointment and employment in every public department and upon all public works of the state of Montana and of any county and city thereof.

(2) For purposes of this section, the following definitions apply:

(a) The term “veterans” means persons who served in the armed forces of the United States in time of war or declared national emergency and who have been separated from service upon conditions other than dishonorable or who have served on active military duty for more than 180 days after January 31, 1955, or who were discharged or released because of a service-connected disability, including but not limited to those veterans serving because of the Vietnam conflict.

(b) The term “war or declared national emergency” includes:

- (i) the Civil War;
- (ii) the Spanish American War;
- (iii) the Philippine insurrection;
- (iv) World War I, between April 6, 1917, and November 11, 1918, both dates inclusive;
- (v) World War II, between September 16, 1940, and December 31, 1946, both dates inclusive; and
- (vi) the Korean War, military expedition, or police action, between June 26, 1950, and January 31, 1955, both dates inclusive.

(c) The term “surviving spouse” means an unremarried surviving spouse of a veteran.

(d) The word “percent” means percent of the total aggregate points of the examination referred to.

(3) (a) In every public department and upon all public works of the state of Montana and of any county or city thereof, the following shall be preferred for appointment and employment: veterans, their spouses and surviving spouses, and the other dependents of disabled veterans and disabled civilians recommended by the rehabilitative services division of the department of social and rehabilitation services.

(b) Age, loss of limb, or other physical impairment which does not in

fact incapacitate does not disqualify any disabled veteran or civilian provided he or she possesses the business capacity, competency, and education to discharge the duties of the position involved.

(c) Those of the above-described veterans who have disabilities admitted by the veterans administration of the United States to have been incurred in service in any of the wars, military expeditions, or police actions, whenever such disabilities do not in fact incapacitate, shall be given preference in employment over other veterans.

(4) (a) When written or oral examinations are required for employment, disabled veterans and their spouses, their unremarried surviving spouses, and other dependents shall have added to their examination ratings a credit of 10 points. All other veterans, their spouses, unremarried surviving spouses, and dependents shall have added to their examination ratings a credit of five points.

(b) The fact that an applicant has claimed a veterans' credit may not be made known to the examiners until ratings of all applicants have been recorded, after which such credits shall be added to the examination rating and the records shall show the examination rating and the veteran's credit.

(c) The benefits of this subsection are in addition to and not in derogation of the preference in appointment and employment or both given by subsection (2).

(5) (a) None of the benefits of this section accrue to any person who refused to serve on active duty in the military service to which attached or to take up arms in the defense of the United States.

(b) No person who has not been a resident of Montana for at least 1 year immediately preceding an appointment is entitled to such preference.

(c) For city or county employment, no preference will be granted unless an applicant under this section is also a resident of the city or town or county in which employment is sought.

(6) Any person entitled to preference in this section who has applied for any appointment or employment upon public works of the state of Montana or any county and city thereof or in any public department of the state and who has been denied employment or appointment and feels that the spirit of this section has been violated and that such person is in fact qualified physically and mentally and possesses business capacity, competency, and education to discharge the duties of the position applied for may petition by verified petition the district court of the state of Montana in the county in which the work is to be performed. The petition shall set forth the facts of the application, qualifications, competency, and such person's honorable discharge or other qualifications warranting the applicant to preference under this section. Upon filing of such petition, any judge in the court shall issue an order to show cause to the appointing authority directing the appointing authority to appear in the court at a specified time and place, not less than 5 or more than 10 days after the filing of the verified petition, to show cause, if any exists, why the veteran or person entitled to preference should not be employed by the appointing authority. The district court has jurisdiction upon the proper showings to

issue its order directing and ordering the appointing authority to comply with this law in giving the preference provided for.

CHAPTER 24—POST-ATTACK RESOURCE MANAGEMENT

Section

- 77-2401. Legislative findings—policy of state.
- 77-2402. Definition of terms.
- 77-2403. Governor's powers and duties under act.
- 77-2404. Proclamation of emergency.
- 77-2405. Judicial inquiry as to emergency proclamation and facts.
- 77-2406. Penalty for violation of rules and regulations.

77-2401. Legislative findings—policy of state. (1) The legislature recognizes that an attack upon the United States is a possibility; that such attack might be of unprecedented size and destructiveness; that a considerable period of time may elapse after an attack before federal operational control over the management of resources can be instituted; and that federal planning and activities with respect to post-attack recovery and rehabilitation necessarily are predicated on the ability of the states and their political subdivisions to prepare for, and respond promptly to, the problems created by an attack. Therefore, it is hereby found and declared to be necessary to confer upon the governor and upon the executive heads of governing bodies of political subdivisions of this state the emergency powers provided for in this chapter.

(2) It is further declared to be the purpose of this chapter and the policy of this state that all resource management functions of this state be co-ordinated to the maximum extent with the comparable functions of the federal government, of other states and localities, and of private agencies to the end that the most effective preparation and use may be made of available manpower, resources, and facilities in an emergency.

History: En. Sec. 2, Ch. 297, L. 1967; Sec. 77-1502, R. O. M. 1947; amd. and redes. 77-2401 by Sec. 19, Ch. 94, L. 1974.

emergency resource management for the execution of a plan for emergency resource management" after "declared to be necessary" near the end of subsection (1); substituted "this chapter" for "this act" in subsection (2); and made minor changes in phraseology and style.

77-2402. Definition of terms. Unless the context requires otherwise, in this chapter:

(1) "Emergency Resources Management Plan" means that plan prepared by the department of military affairs, approved by the federal office of emergency planning, and adopted by the governor, which sets forth the organization, administration, and functions for the emergency management by the state government of essential resources and economic stabilization within the state. The plan shall provide an emergency organization and emergency administrative policies and procedures for the conservation, allocation, distribution, and use of essential resources available to the state following a civil defense emergency such as an attack upon the United States. It shall be supplemental to the national plan for emergency preparedness adopted by the president of the United States, and shall become operative

upon the establishment of a civil defense emergency. To the extent that the federal government is either incapable of or not prepared to conduct its emergency resources management program, the state plan will substitute for and replace the federal program until such time as the federal program becomes effective in the state.

(2) "Enemy attack" means an actual attack by a foreign nation by hostile air raids, or other forms of warfare, upon this state or any other state or territory of the United States.

(3) "Political subdivision" means any county, city, town, or township of the state.

History: En. Sec. 3, Ch. 297, L. 1967; Sec. 77-1503, R. C. M. 1947; amd. and redes. 77-2402 by Sec. 20, Ch. 94, L. 1974.

(2) In performing his duties under this chapter, the governor may cooperate with the federal government, with other states, and with private agencies in all matters pertaining to the emergency management of resources.

(3) In performing his duties under this chapter, and to effect its policies and purpose, the governor may make, amend, and rescind the necessary orders, rules, and regulations to carry out this chapter within the limits of authority conferred upon him herein, with due consideration of the emergency resources management plans of the federal government.

(1) Following an attack, the governor, if he finds such action necessary to deal with the danger to the public safety caused thereby or to aid in the postattack recovery or rehabilitation of the United States or any part thereof, shall declare by proclamation the existence of a postattack recovery and rehabilitation emergency. Any such proclamation shall be ineffectual unless the legislature is then in session or the governor simultaneously issues an order convening the legislature in special session within 45 days.

(2) During the period when the proclamation issued under subsection (1) of this section is in force or during the continuance of any emergency declared by the president of the United States or the congress calling for postattack recovery and rehabilitation activities, subject to the limitations

set forth in this chapter and in a manner consistent with any rules or orders and policy guidance issued by the federal government, the governor may issue, amend, and enforce rules and orders to:

(c) take such other action as may be necessary for the management of resources following an attack.

(3) All rules and orders issued under authority conferred by this chapter have the effect of law during the continuance of a proclamation or declaration of emergency as contemplated by this section when a copy of the rule or order is filed in the office of the secretary of state or, if issued by a local or area official, when filed in the office or offices of the county clerk and recorder. If, by reason of destruction or disruption attendant upon or resulting from attack, the filing requirements of this subsection cannot be met, public notice by such means as may be available shall be considered a complete and sufficient substitute. All existing laws, ordinances, rules and orders inconsistent with the provisions of this chapter or any rule or order issued under the authority thereof shall be inoperative during the period of time and to the extent such inconsistency exists.

(4) Any authority exercised under a proclamation of emergency contemplated by this section may be exercised with respect to the entire territory over which the governor or other official, as the case may be, has jurisdiction or to any specified part thereof.

(5) The governor's power and authority to issue a proclamation following an attack shall be terminated by the passage of a joint resolution of the legislature or by declaration of the termination of the emergency by the president or by the congress, however, the proclamation shall terminate automatically 6 months after issuance and a similar proclamation may not be issued unless concurrence is given thereto by a joint resolution of the legislature.

The department of administration shall adopt the necessary procedures to ensure that interdepartmental or intradepartmental transfers of money do not result in inflation of figures reflecting total governmental costs and revenues.

(3) When the expenditure of an appropriation is necessary, and the cash balance in the account from which the appropriation was made is insufficient, the department of administration may authorize a transfer, as a temporary loan bearing no interest, of unrestricted moneys from other

accounts, provided that there is reasonable evidence that the income provided for the remainder of the fiscal year will be sufficient to restore the amount so transferred, and provided the loan is recorded in the state accounting records. No account shall be so impaired that all proper demands thereon cannot be met.

(3) Money at any time received in the sinking fund account in excess of the principal, interest and reserve requirements stated in subsection (2) shall be transferred by the treasurer to the general fund. If the balance at any time on hand in the sinking fund account is not sufficient for compliance with subsection (2), the treasurer shall credit to said account an amount sufficient to restore said balance from the next collections of the special taxes appropriated to said account, and from any other collections of taxes appropriated to the general fund, not exceeding the aggregate amount theretofore transferred from the sinking fund account to the general fund.

(4) The state reserves the power, by enactment of the legislative assembly or the people, to levy, impose and assess and to pledge and appropriate to the sinking fund account any tax specially designated therein, or any specified amount or percentage of the collections of such special tax. The state also reserves the power to appropriate any funds designated by enactment of the legislative assembly or the people for the redemption and prepayment of any long-range building program bonds, or to authorize the issuance and sale of bonds for the purpose of refunding any such outstanding bonds or interest thereon, upon such terms and conditions as may be provided in said enactments and consistent with covenants and agreements made for the security of the outstanding bonds. Refunding bonds issued in advance of the maturity of the bonds refunded shall be issued only subject to the conditions stated in subsection (3) of section 79-2202, substituting for this purpose the principal and interest requirements of the refunding bonds for those of the bonds refunded. Nothing herein shall prevent the board from issuing and selling refunding bonds, payable from the sinking fund account, to provide funds for payment of principal or interest due on long-range building program bonds, when and if and to the extent that the sinking fund account is insufficient for this purpose.

(5) The state pledges and appropriates, and directs to be credited as received to the sinking fund account, eleven per centum (11%) of all money received from the collection of the income tax and the corporation

license tax referred to in section 84-1901, and such additional amount of said taxes, if any, as may at any time be needed to comply with the principal and interest and reserve requirements stated in subsection (2) of this section; provided that no more than eleven per centum (11%) of such tax collections shall be deemed to be pledged for the purpose of subsection (3) of section 79-2202. The pledge and appropriation herein made shall be and remain at all times a first and prior charge upon all money received from the collection of said taxes.

(6) The state pledges and appropriates and directs to be credited to the sinking fund account fifteen per centum (15%) of all money received from the collection of the nine cents (9¢) excise tax on cigarettes which is levied, imposed and assessed by section 84-5606, subdivision (2). The state also pledges and appropriates and directs to be credited as received to the sinking fund account all money received from the collection of each of the excise taxes on cigarettes which are levied, imposed and assessed by section 84-5606, subdivisions (3) and (4), as amended, after the payment and redemption in full of the outstanding bonds for which said taxes have heretofore been pledged and appropriated, or after the necessary funds have been set aside for such payment and redemption as provided in this chapter. The state also pledges and appropriates and directs to be credited as received to the sinking fund account all money received from the collection of the taxes on other tobacco products which are or may hereafter be levied, imposed and assessed by law for that purpose including the tax levied, imposed and assessed by section 84-6802, R. C. M. 1947. Nothing herein shall impair or otherwise affect the provisions and covenants contained in the resolutions authorizing the War Veterans' Compensation Bonds, the World War I Veterans' Compensation Bonds or the presently outstanding long-range building program bonds. Subject to the provisions of the preceding sentence, the pledge and appropriation herein made shall be and remain at all times a first and prior charge upon all money received from the collection of all taxes referred to in this subdivision (6).

History: En. Sec. 3, Ch. 276, L. 1965; amd. Sec. 3, Ch. 318, L. 1967; amd. Sec. 2, Ch. 222, L. 1971; amd. Sec. 3, Ch. 510, L. 1973.

DECISIONS UNDER FORMER LAW

Approval by Voters

Because portions of the proceeds of the income tax, corporation license tax and tobacco tax are pledged for the security of bonds issued under this chapter, the issuance of new bonds would create a liability within the meaning of section 2, article XIII of the 1889 constitution, and such bonds may not be issued without approval by a vote of the people. State ex rel. Ward v. Anderson, 158 M 279, 491 P 2d 868, distinguishing Cottingham v.

State Board of Examiners, 134 M 1, 328 P 2d 907.

A holding that bonds issued under this chapter must be approved by the people will not be given retroactive effect; bonds issued in good faith before November 23, 1971, but without approval by a vote of the electors pursuant to section 2 of article XIII of the 1889 constitution, are valid. State ex rel. Ward v. Anderson, 158 M 279, 491 P 2d 868.

79-2204. Waiver of security provisions. If so stated in any series of bonds issued hereunder, the purchasers and holders thereof may by their purchase and retention of the same waive in whole or in part the security otherwise made available for such bonds by any provision of this chapter.

History: En. Sec. 4, Ch. 276, L. 1965; amd. Sec. 4, Ch. 510, L. 1973.

Amendments

The 1973 amendment substituted "retention" for "redemption"; and made a minor change in style.

79-2205. Authorization of bonds. The board is authorized to issue and sell long-range building program bonds in an amount not exceeding two million five hundred thousand dollars (\$2,500,000), over and above the amount of the long-range building program bonds outstanding January 1, 1973, upon the conditions and in the manner stated in this chapter. The board is also authorized to issue and sell long-range building program bonds in such amount as may be required to provide funds for the payment or redemption of outstanding bonds as contemplated in section 79-2202, subdivisions (1) and (5) and section 72-2203, subdivision (4).

History: En. Sec. 5, Ch. 276, L. 1965; amd. Sec. 4, Ch. 318, L. 1967; amd. Sec. 2, Ch. 146, L. 1969; amd. Sec. 3, Ch. 222, L. 1971; amd. Sec. 5, Ch. 510, L. 1973.

Amendments

The 1967 amendment inserted "over and above the amount of the long-range building program bonds outstanding January 1, 1967," before "upon the conditions"; and added the last sentence.

The 1969 amendment substituted "eighteen million dollars (\$18,000,000)" for "thirteen million five hundred thousand dollars (\$13,500,000)" and substituted "previously authorized" for "outstanding January 1, 1967" before "upon the conditions" in the first sentence.

The 1971 amendment substituted "five million, five hundred thousand dollars (\$5,500,000) over and above the amount of

the long-range building program bonds outstanding January 1, 1971" in the first sentence for "eighteen million dollars (\$18,000,000), over and above the amount of the long-range building program bonds previously authorized."

The 1973 amendment changed the authorization in the first sentence from \$5,500,000 above the amount outstanding on January 1, 1971, to \$2,500,000 above the amount outstanding on January 1, 1973; and added to the end of the section the reference to subdivision (4), section 72-2203.

Effective Date

Section 3 of Ch. 146, Laws 1969 provided the act should be in effect from and after its passage and approval. Approved February 27, 1969.

Sovereign Immunity

State prison which participated in forest fire-fighting effort by lending a bulldozer, a guard and two prisoners to operate the bulldozer, all of whom were under the direction of the United States forest service during the fighting of the fire, was immune under doctrine of sovereign immunity from suit for injuries to person who, several days after fire had been extinguished, was injured when wind caused an uprooted tree which had been leaning against another tree to fall on him; since prison was attempting to protect its own land adjacent to the fire area, it was engaged in a governmental rather than a proprietary function. *Kish v. Montana State Prison*, — M —, 505 P 2d 891.

(1) When an allegation of a violation of the terms and conditions of a youth's aftercare agreement is made by the department, the youth shall be granted a hearing at or near the site of the alleged violation within 10 days after the day that the allegation was made to determine:

(2) With regard to this hearing, the youth shall be given:

(a) Written notice of the alleged violation of his aftercare agreement, including notice that the purpose of the hearing is to determine whether he has committed the violation, and, if so, whether or not the violation is of such a nature that he should be returned to the juvenile facility from which he was released;

The referee shall give a written decision to the youth listing the reasons for his decision.

(5) Either the department or the youth may appeal from the decision at the hearing to the district court of the county in which the alleged violation occurred, by serving and filing a notice of appeal with the court within 10 days of the decision. The district court, upon receipt of a notice

(6) Pending the hearing on a violation, a youth may not be detained except when his detention or care is required to protect the person or property of the youth or of others; or he may abscond or be removed from the community in which the alleged violation occurred. Procedures for taking into custody and detention of a youth charged with violation of his aftercare agreement shall be as provided in sections 10-1211, and 10-1214, R.C.M. 1947, except that detention pending a hearing on alleged violation may not be for longer than 72 hours unless the hearing time is extended, not to exceed 5 additional days, by the youth court upon stipulation of the youth or the youth's counsel and the state.

(1) "Ancillary charge" means identifiable, direct, resident service expenses, as budgeted, including, but not limited to, operating room, anesthesia, x-ray, laboratory, blood bank, oxygen therapy, physical therapy, medical supply, drug, and specialized medical equipment, expenses.

(2) "Full-time equivalent resident load" means the total daily resident count for the fiscal year divided by the number of days in the year.

(3) "Per diem" means the gross daily cost of operating an institution, as budgeted, excluding the cost of educational programs and ancillary charges, divided by the full-time equivalent resident load. However, a schedule of differing per diem charges may be computed, including a schedule of charges for residents treated on an outpatient basis, for each program established or funded by the legislature and assigned to an institution listed in 80-1601.

(4) "Resident" means any person who is receiving care from, or who is a resident of, an institution listed in 80-1601.

(5) "Financially responsible person" means a spouse of a resident, the natural or adoptive parents of a resident under 18 years of age, or a guardian or conservator to the extent of the guardian's or conservator's responsibility for the financial affairs of the person who is a resident under applicable Montana law establishing the duties and limitations of guardianships or conservatorships.

(6) "Long-term resident" means a resident in an institution listed in 80-1601 for a continuous period in excess of 120 days. (7) "Care" means the care, treatment, support, maintenance, and other services rendered by the department to a resident.

(8) "Department" means the department of institutions provided for in Title 82A, chapter 8.

80-1603. Computation of per diem rate, monthly assessment, ability to pay, and liability. (1) The department shall assess monthly against each resident or financially responsible person the full per diem charge, a proportionate share of the per diem charge, or no per diem charge, plus full ancillary charge, a proportionate share of the ancillary charge, or no ancillary charge based upon financial information given to the department during its investigation conducted according to the rules of the department. The per diem shall be computed on July 1 of each year by the department.

(2) An assessment made by the department under this section shall be based on the resident's or financially responsible person's ability to pay. The department shall prescribe rules which establish criteria and a procedure for determining ability to pay. The department may not make an assessment which would place an undue financial burden on the resident or the financially responsible person.

(3) (a) Each agency of the state shall give all reasonable assistance to the department in obtaining all information necessary for the proper financial investigation of residents or financially responsible persons.

(b) Upon request of the department, the resident or financially responsible person shall make available to the department any financial information which the department considers essential for the purpose of determining ability to pay and which, under federal law, the department is not prohibited from seeking or obtaining from the resident or financially responsible person. Willful failure to provide the financial information requested by the department may result in a determination of ability to pay up to the full per diem and full ancillary charges until such time as the requested information is provided and the department makes a new determination of ability to pay.

(c) (i) A representative of the department authorized by the director may administer oaths, take testimony, and subpoena and compel the attendance of witnesses and the production of books, papers, records, and documents in connection with the duty of securing payments for care as provided by this chapter.

(ii) A person who fails to obey the subpoena, upon petition of the department to any judge of a district court of the state, may be ordered

by the judge to appear and show cause for his disobedience of the subpoena. The judge, after a hearing, may order that the subpoena be obeyed or, if it appears that the subpoena was inappropriately issued, may dismiss the petition. A person who fails to obey the subpoena when so ordered by the judge may be punished for contempt of court on application of the department to the district court.

(4) If a resident or financially responsible person disagrees with the determination of the department as to his ability to pay any part of the per diem or ancillary charge, an appeal may be filed within 30 days of the date of the department's determination with the board of institutions, according to the procedure established by rules of the department. If the resident or financially responsible person disagrees with the determination of the appeal by the board of institutions, an appeal may be filed in any court of record in Montana having jurisdiction of the resident or financially responsible person liable for payment.

(5) At appropriate intervals, the department shall review each determination of ability to pay and, if there has been a significant change in a resident's or financially responsible person's ability to pay, shall make a new determination. However, a new determination of ability to pay may not be applied retroactively unless the new determination results in a monthly assessment which is less than the previous monthly assessment or unless the resident or financially responsible person has materially misrepresented any financial information. The department shall make rules to implement the provisions of this subsection, including but not limited to rules for credit or refund of any overpayment resulting from an assessment retroactively reduced because of a new determination of ability to pay.

(6) The resident or financially responsible person is liable only for the per diem and ancillary charges which the department has assessed and billed the resident or financially responsible person. If amounts assessed and billed are retroactively reduced because of a new determination of ability to pay, the resident or financially responsible person is liable only for the reduced amount for the period of time covered by the retroactive reduction.

(7) No resident or financially responsible person is financially liable for care provided to a resident under any provision of a criminal statute.

80-2412. Interstate compact on mental health enacted—text. The Interstate Compact on Mental Health as contained herein is hereby enacted into law and entered into by this state with all other jurisdiction legally joining therein in the form substantially as follows:

The contracting states solemnly agree, that:

Article I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

Article II

As used in this compact:

- (1) "sending state" means a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent;
- (2) "receiving state" means a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent;
- (3) "institution" means any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency;
- (4) "patient" means any person subject to or eligible, as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact;
- (5) "aftercare" means care, treatment, and services provided a patient, as defined herein, on convalescent status or conditional release;
- (6) "mental illness" means mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, the welfare of others, or of the community;
- (7) "mental deficiency" means mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is in-

capable of managing himself and his affairs but shall not include mental illness as defined herein; and

(8) "state" means any state, territory, or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

Article III

(1) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement, or citizenship qualifications.

(2) The provisions of subsection (1) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this subsection shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(3) No state shall be obliged to receive any patient pursuant to the provisions of subsection (2) of this article unless the sending state gives advance notice of its intention to send the patient, furnishes all available medical and other pertinent records concerning the patient, gives the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish, and unless the receiving state agrees to accept the patient.

(4) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(5) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

Article IV

(1) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive aftercare or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that aftercare in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such aftercare in said receiving state, and such investigation shall be made with all

reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(2) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby and if the public safety would not be jeopardized thereby, the patient may receive aftercare or supervision in the receiving state.

(3) In supervising, treating, or caring for a patient on aftercare pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

Article V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escapee in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

Article VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact without interference.

Article VII

(1) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(2) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific arrangement for that purpose, arrange for a different allocation of costs as among themselves.

(3) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies, and officers of and in the government of a party state or between a party state and its subdivisions as to the payment of costs or responsibilities therefor.

(4) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency, or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(5) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care, or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

Article VIII

(1) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that, where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall, upon being duly advised of the new appointment and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances. In the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(2) The term "guardian" as used in subsection (1) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

Article IX

(1) No provisions of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(2) To every extent possible it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail, or lockup, but such patient shall with all expedition be taken to a suitable institutional facility for mental illness or mental deficiency.

Article X

(1) Each party state shall appoint a compact administrator who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of a sending or receiving state. The compact administrator or his duly designated representative shall be

the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(2) The compact administrators of the respective party states shall have power to promulgate reasonable rules to carry out more effectively the terms and provisions of this compact.

Article XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

Article XII

This compact shall enter into full force and effect as to any state when enacted by it into law, and such state shall thereafter be a party thereto with any and all states legally joining therein.

Article XIII

(1) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect 1 year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(2) Withdrawal from any agreement permitted by Article VII (2) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

(2) The director of the department of institutions, hereafter called "the director", shall be the compact administrator and shall have the power to make any rules necessary for the administration of this article. The

director shall cooperate with all departments, agencies, and officers of the state and any political subdivision thereof to facilitate the proper administration of the Interstate Compact on Mental Health or of any supplementary agreement or agreements entered into by this state thereunder.

(3) The director may enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact.

(4) The department of institutions in its annual budget shall include such amounts necessary to discharge the financial obligations incurred by it to carry out the purposes of the Interstate Compact on Mental Health, and the general assembly shall appropriate such sums necessary therefor.

(5) The compact administrator is hereby directed to consult with the immediate family of any proposed transferee and, in the case of a proposed transferee from an institution in this state to an institution in another party state, to make no transfer out of the state without approval of the district or probate court. Before granting such approval the court shall hold such hearings as it considers appropriate. In addition, the court shall designate some appropriate person to deliver written notice of the proposed transferee's right to a hearing to the proposed transferee and his guardian ad litem. The person serving such notices shall make a written return to the court that such has been done. At the conclusion of such hearing, if any, the court may approve the proposed transfer, order the release of the proposed transferee, or enter any other suitable order.

(1) The department shall establish standards for approved treatment facilities that must be met for a treatment facility to be approved as a public or private treatment facility, and fix the fees to be charged for the required inspections. The standards may concern only the health standards to be met and standards of treatment to be afforded patients.

(2) The department periodically shall inspect approved public and private treatment facilities at reasonable times and in a reasonable manner.

(3) The department shall maintain a list of approved public and private treatment facilities.

(4) Each approved public and private treatment facility shall file with the department on request, data, statistics, schedules, and information the department reasonably requires. (5) The department, after holding a hearing in accordance with the Administrative Procedure Act, may suspend, revoke, limit, or restrict an approval, or refuse to grant an approval, for failure to meet its standards.

(6) A district court may restrain any violation of this section, review any denial, restriction, or revocation of approval, and grant other relief required to enforce its provisions.

In adopting the rules the department shall be guided by the following standards:

(1) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(2) A patient shall be initially assigned or transferred to outpatient or intermediate treatment, unless he is found to require inpatient treatment.

(3) A person shall not be denied treatment solely because he has withdrawn from treatment against medical advice on a prior occasion or because he has relapsed after earlier treatment.

(4) An individualized treatment plan shall be prepared and maintained on a current basis for each person.

(5) Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and utilize other appropriate treatment.

Amendments

The 1977 amendment added "family

members" to the end of the first sentence; substituted "person" at the end of subdivision (4) for "patient"; and made minor changes in phraseology, punctuation and style.

80-2715. Voluntary treatment of alcoholics. (1) An alcoholic may apply for voluntary treatment directly to an approved public treatment facility. If the proposed patient is a minor or an incompetent person, he, a parent, a legal guardian, or other legal representative may make the application.

(2) Subject to rules adopted by the department, the administrator of an approved public treatment facility may determine who shall be admitted for treatment. If a person is refused admission to an approved public treatment facility, the administrator, subject to departmental rules, shall refer the person to another approved public treatment facility for treatment if possible and appropriate.

(3) If a patient receiving in-patient care leaves an approved public treatment facility, he shall be encouraged to consent to appropriate outpatient or intermediate treatment. If it appears to the administrator of the treatment facility that the patient is an alcoholic who requires help, the department shall arrange for assistance in obtaining supportive services and residential facilities.

(4) If a patient leaves an approved public treatment facility, with or against the advice of the administrator of the facility, the department shall

make reasonable provisions for his transportation to another facility or to his home. If he has no home he shall be assisted in obtaining shelter. If he is a minor or an incompetent person the request for discharge from an in-patient facility shall be made by a parent, legal guardian, or other legal representative or by the minor or incompetent if he was the original applicant.

History: En. 69-6218 by Sec. 8, Ch. 302,
L. 1974; redes. 80-2715 by Sec. 6, Ch. 280,
L. 1975.

80-2716. Treatment and services for intoxicated persons and persons incapacitated by alcohol. (1) An intoxicated person may come voluntarily to an approved public treatment facility for emergency treatment. A person who appears to be intoxicated in a public place and to be in need of help, if he consents to the proffered help, may be assisted to his home, an approved public treatment facility, an approved private treatment facility, or other health facility by the police.

(2) A person who appears to be incapacitated by alcohol shall be taken into protective custody by the police and forthwith brought to an approved public treatment facility for emergency treatment. If no approved public treatment facility is readily available he shall be taken to an emergency medical service customarily used for incapacitated persons. The police, in detaining the person and in taking him to an approved public treatment facility, is taking him into protective custody and shall make every reasonable effort to protect his health and safety. In taking the person into protective custody, the detaining officer may take reasonable steps to protect himself. No entry or other record may be made to indicate that the person taken into custody under this section has been arrested or charged with a crime.

(3) A person who comes voluntarily or is brought to an approved public treatment facility shall be examined by a licensed physician as soon as possible. He may then be admitted as a patient or referred to another health facility. The referring approved public treatment facility shall arrange for his transportation.

(4) A person who by medical examination is found to be incapacitated by alcohol at the time of his admission or to have become incapacitated at any time after his admission, may not be detained at the facility (1) once he is no longer incapacitated by alcohol, or (2) if he remains incapacitated by alcohol for more than forty-eight (48) hours after admission as a patient, unless he is committed under section 80-2717. A person may consent to remain in the facility as long as the physician in charge believes appropriate.

(5) A person who is not admitted to an approved public treatment facility and is not referred to another health facility, may be taken to his home. If he has no home, the approved public treatment facility shall assist him in obtaining shelter.

(6) If a patient is admitted to an approved public treatment facility, his family or next of kin shall be notified as promptly as possible. If an

adult patient who is not incapacitated requests that there be no notification, his request shall be respected.

Amendments

The 1977 amendment substituted "80-2717" at the end of the first sentence of subsection (4) for "69-6220."

80-2717. Emergency commitment of intoxicated persons. (1) An intoxicated person who has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed or who is incapacitated by alcohol may be committed to an approved public treatment facility for emergency treatment. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment.

(2) The certifying physician, spouse, guardian, or relative of the person to be committed or any other responsible person may make a written application for commitment under this section directed to the administrator of the approved public treatment facility. The application shall state facts to support the need for emergency treatment and be accompanied by a physician's certificate stating that he has examined the person sought to be committed within 2 days before the certificate's date and facts supporting the need for emergency treatment. A physician employed by the admitting facility or the department is not eligible to be the certifying physician.

(3) Upon approval of the application by the administrator of the approved public treatment facility, the person shall be brought to the facility by a peace officer, health officer, the applicant for commitment, the patient's spouse, the patient's guardian, or any other interested person. The person shall be detained at the facility to which he was admitted or transferred to another appropriate public or private treatment facility until discharged under subsection (5).

(4) The administrator of an approved public treatment facility shall refuse an application if in his opinion the application and certificate fail to sustain the grounds for commitment.

(5) When on the advice of the medical staff the administrator determines that the grounds for commitment no longer exist, he shall discharge a person committed under this section. No person committed under this section may be detained in any treatment facility for more than 5 days. If a petition for involuntary commitment under 80-2718 has been filed within the 5 days and the administrator in charge of an approved public treatment facility finds that grounds for emergency commitment still exist, he may detain the person until the petition has been heard and determined but no longer than 10 days after filing the petition.

(6) A copy of the written application for commitment and of the physician's certificate and a written explanation of the person's right to counsel shall be given to the person within 24 hours after commitment by the department. The department shall provide a reasonable opportunity for the person to consult counsel.

Compiler's Notes

This section was amended twice in 1977, once by Ch. 37 and once by Ch. 414. Since the amendments do not appear to conflict, the code commissioner has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 37, Laws of 1977, substituted "detained" for "retained" near the beginning of the second sentence of subsection (3); and made minor changes in phraseology, punctuation and style.

Chapter 414, Laws of 1977, substituted "80-2718" in the third sentence of subsection (5) for "69-6221."

80-2718. Involuntary commitment of alcoholics. (1) A person may be committed to the custody of the department of institutions by the district court upon the petition of his spouse or guardian, a relative, the certifying physician, or the chief of any approved public treatment facility. The petition shall allege that the person is an alcoholic who habitually lacks self-control as to the use of alcoholic beverages and that he (a) has threatened, attempted, or inflicted physical harm on another and that unless committed is likely to inflict physical harm on another; or (b) is incapacitated by alcohol. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within two (2) days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the physician's findings in support of the allegations of the petition. A physician employed by the admitting facility or the department is not eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no later than ten (10) days after the date the petition was filed. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served on the petitioner, the person whose commitment is sought, his next of kin other than the petitioner, a parent or his legal guardian if he is a minor, the administrator in charge of the approved public treatment facility to which he has been committed for emergency care, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony of at least one licensed physician who has examined the person whose commitment is sought. The person shall have a right to have a licensed physician of his own choosing examine him and testify on his behalf, and if he has no funds with which to pay such physician, the reasonable costs of one such examination and testimony shall be paid by the county. The person shall be present unless the court believes that his presence is likely to be injurious to him; he shall be advised of his right to counsel and, if he is unable to hire his own counsel, the court shall appoint an attorney to represent him at the expense of the county. The court shall examine the person in open court, or if advisable, shall examine the person in chambers. If he refuses an examination by a licensed physician and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing

him to the department of institutions for a period of not more than five (5) days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination by the department of institutions, the court finds that grounds for involuntary commitment have been established by clear and convincing evidence, it shall make an order of commitment to the department of institutions. It may not order commitment of a person unless it determines that the department of institutions is able to provide adequate and appropriate treatment for him and the treatment is likely to be beneficial.

(5) A person committed under this section shall remain in the custody of the department of institutions for treatment for a period of thirty (30) days unless sooner discharged. At the end of the thirty (30) day period, he shall be discharged automatically unless the department of institutions before expiration of the period obtains a court order from the district court of the committing district for his recommitment upon the grounds set forth in subsection (1) for a further period of ninety (90) days unless sooner discharged. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the department of institutions shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) A person recommitted under subsection (5) who has not been discharged by the department of institutions before the end of the ninety (90) day period shall be discharged at the expiration of that period unless the department of institutions, before expiration of the period, obtains a court order from the district court of the committing district on the grounds set forth in subsection (1) for recommitment for a further period not to exceed ninety (90) days. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the department shall apply for recommitment if after examination it is determined that the likelihood still exists. Only two (2) recommitment orders under subsections (5) and (6) are permitted.

(7) Upon the filing of a petition for recommitment under subsections (5) or (6), the court shall fix a date for hearing no later than ten (10) days after the date the petition was filed. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served on the petitioner, the person whose commitment is sought, his next of kin other than the petitioner, the original petitioner under subsection (1) if different from the petitioner for recommitment, one of his parents or his legal guardian if he is a minor, and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3).

(8) A person committed to the custody of the department of institutions for treatment shall be discharged at any time before the end of the period for which he has been committed if either of the following conditions is met:

(a) in case of an alcoholic committed on the grounds of likelihood of

infliction of physical harm upon another, that he is no longer in need of treatment or the likelihood no longer exists; or

(b) in case of an alcoholic committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists, further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(9) The court shall inform the person whose commitment or recommitment is sought of his right to contest the application, be represented by counsel at every stage of any proceedings relating to his commitment and recommitment, and have counsel appointed by the court or provided by the court, if he wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him regardless of his wishes. The person whose commitment or recommitment is sought shall be informed of his right to be examined by a licensed physician of his choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) If a private treatment facility agrees with the request of a competent patient or his parent, sibling, adult child, or guardian to accept the patient for treatment, the department of institutions may transfer him to the private treatment facility.

(11) A person committed under this section may at any time seek to be discharged from commitment by writ of habeas corpus or other appropriate means.

(12) The venue for proceedings under this section is the place in which person to be committed resides or is present.
